FIRE PROOFS!
THE SALAMANDER SAFES OF PHILADELPHIA AGAINST THE WORLD!

EVANS & WATSON, No. 26 South Fourth street, Philadelphia, have had the latest demonstration in the following certificates from their manufacture of Salamander Safes, has at length fully warranted the representations which have been made of them, as rendering an undoubted security against the terrible element:

PHILADELPHIA, April 12, 1855.
Messrs. EVANS & WATSON—Gentles—It affords us the highest satisfaction to state to you that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some months since, we saved a large portion of our jewelry, books, papers, &c., exposed to the culminating fire in Lancaster Place, on the morning of the 11th instant.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning rubbish, where they were exposed to a heat caused by the brass plates to melt, and that the preservation of its valuable contents was so convincing proof of the great security afforded by your Safes. We shall take the most pleasure in recommending them to men of business as a sure reliance against the fire.

GEORGE W. SIMONS & BRO.
PHILADELPHIA, April 12, 1855.
Messrs. EVANS & WATSON—I have to offer you my testimony in favor of the great security afforded by your Salamander Safes, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the fifth story of the Artisan building, where they were previously placed, and exposed to a vast heat for a long time, the preservation of the valuable contents seemed to every one who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection for their valuables, I should hesitate to recommend the use of your Safes, if I could not say that they have now undergone the most trying test.

N. E. MORGAN.
PHILADELPHIA, April 12, 1855.
Messrs. EVANS & WATSON—Gentles—No doubt you will be greatly gratified to learn the good condition of the Salamander Safes, policy of insurance, certificates of stock, and other valuable documents, when on Friday last I opened the Safe made by your firm.

With my knowledge of its great exposure to the intensity of heat from a hot fire, and that which destroyed the Artisan building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would be so happily removed, but as these fears are now happily dispelled, I feel it only due to say to you, that I can heartily recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against the fire.

HERRING'S SAFE
AGAIN!
THE CHAMPION!!
The only Safe which in every instance preserved its contents in the late Lancaster fire.

AT the burning of the Artisan building on April 10th, and in the GREAT FIRE in Market Street, May 1st, 1855, the genuine HERRING SAFE preserved the jewellery of Geo. W. Simons & Bro's Books, Papers, &c., of Fisher & Bro, and Edward Simons & Co., after remaining exposed to the burning ruins for nearly FORTY HOURS, and proving conclusively that we are always claimed for them their great superiority over all securities now known.

In these fires, the HERRING'S SAFE, standing side by side with those advertised, "warranted to stand 100 times more fire than HERRING'S," came forth the acknowledged victor, not only preserving their contents in excellent order, but being themselves in a condition to go through another ordeal, while the boasted "Salamanders" of other makers were badly

used up in every instance, and in some cases their contents completely destroyed.

To the public we would simply say, that during the 14 years that HERRING'S Safe has been before them, more than two hundred have passed through accidental fires without the occurrence of a single loss.

We would, therefore, caution purchasers against the misrepresentation of interested parties. The HERRING'S Patent is the only proof Safe made in this city which is protected by a Patent Right, and we will guarantee to resist more than double the amount of heat of any other Safe now known.

AYER'S
CATHARTIC PILLS

OPERATE by their powerful influence on the internal vessels to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and by restoring their irregular action to health, wherever they exist, such obstructions are the first cause of disease. A retentive trial of their virtues, by Professors, Physicians, and others, has shown them to be the most powerful and reliable of all cathartics, and they are not substituted by persons of such exalted position and character as to doubt the suspicion of truth. Their certificates are published in all the leading Almanacs, which the Agents have named are placed at your service for their use in the complaints which they have been found to cure.

For a Full Statement, see the following:—
Take one or two Pills, or three, if necessary, after the meals. They will do it, and the cure of one complaint is the cure of both. No person can feel well while under a course of cathartics. Hence it should be, as it can be promptly relieved.

For DYSPEPSIA, which is sometimes the cause of Catarrhs, and always uncomfortable, take mild doses—From one to four—stimulate the stomach and liver into healthy action. They will do it, and the heartburn, belching, and sourness of dyspepsia will rapidly disappear. When it has gone, don't forget what cured it.

For a Full Statement, see the following:—
Pain in the Stomach, Back, or Side, taken from eight pills going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out of the system. Don't wear them and their kindred diseases.

For SCURVY, take the Pills frequently, and they will do it. The eruptions will generally soon begin to diminish, and the skin will be cleared of all eruptions. In some cases, a few doses of the Pills, and a liberal use of the water, will do it. The Pills will be sent out of the system. Don't wear them and their kindred diseases.
