MESSES. Evans & Warson:—Gents—It affords us the highest satisfaction to state to you that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some months since, we saved a large portion of our jewelry, books, papers, &c., exposed to the calamitous fire in Ran-stead Place, on the morning of the 11th

When we reflect that these Safes were located in the fourth story of the building we occu-pied, and that they fell subsequently into a heap of burning ruins, where the vast concen-tration of heat caused the brass plates to me we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes. We shall take much pleasure in recom-mending them to men of business as a sure reliance against the fire.

In these fires, the HERRING'S SAFE. warranted to stand 10 per cent, more fire than Herrings,"came forth the acknowledged victor, not only preserving their contents in excellent order, but being themselves in a condition to go through another ordeal, while the boasted "Salamanders" of other makers were badly used up in every instance, and in some case their entire contents completely destroyed.

To the public we would simply say, that, during the 14 years that Herring's Safe has been before them, more than two hundred have passed through accidental fires without the occurrence of a single loss.

We would, therefore, caution purchasers against the misrepresentation of interested parties. "I am happy to say of your Catrature Fill. in a flate found them a better family medicine, for commensures, than any other within my knowledge. Many of my friends have realized marked benefits from them, and co-incide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but aske and pleasant to be taken—qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW writes from Beltimore, 18th April, 1854?
"Da. J. C. Avan—Bir: I have taken your Pills with
great benefit, but the listleamees, languor, toos of appetite

Filis. I am sever without them in my family, nor shall it

The widely remowned S. S. STEVENS, M. D., of Westworth, N. H., writes:
"Having used your Carmartic Pills in my practice, I
certify from experience that they are an invaluable purpative. In cases of disordered functions of the liver, causing
healtache, indigestion, contiveness, and the great variety
of diseases that follow, they are a surer remedy than any
other. I all cases where a purgative remedy is required,
I confidently recommend these Fills to the public, as
superige to any other I have ever found. They are sure
in thiir operation, and perfectly safe—qualities which
make them an invaluable article for public use. I have
for many years known your Cherry Pectoral as the best
Cough medicine in the world; and these Fills are in nowise inferior to that admirable preparation for the treatment of diseases."

"New Orleans, 6th April, 1854.

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured, two years alone, of a severe and dangerous cough, by your Cansary Peccanat, and since then has enjoyed patient health. My children have searcal times been curred from attacks of the Influence and Croup by it. It is an invaluable remedy for these complaints. Your Carnaryer Fills have antirely cured me from a dyseppala and continens, which has grown upon me for some years,—whited, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a previdential besing to our family, and you may well suppose we are not usmindful of it.

Yours respectfully.
