

GENTLEMEN! We Present For Your Consideration

Actual Size.

CUBAN BABIES

Actual Size.

Men, here's the smoke you've been hankering for this long while---a cigar full of quality to make it taste good, well made in a Sumatra wrapper to make it look good, small enough to fit the short smoke periods of the day, and mild and inexpensive enough that you can burn 'em up by the half peck without straining your nerves or your pocketbook.

How They Came About

For a long time we've been trying to figure out some way of marketing in an attractive manner the cigars from our Moja 10c and Oscar 5c cigars. The quality is fine to class it as scrap---the cigars too small to be made into regular size five cent cigar. Some said "Why not make 'em half size and sell 'em at half the price." The reason why we shouldn't---the reason why we should---so went to it. So much for the way they happened.

How They Are Made

Fully as important as the quality of a cigar, is its appearance. Good tobacco, poorly put up tastes just about as rank as poor tobacco skillfully put up. We had the quality all right in these Moja and King Oscar clippings. So we decided to have them well-made in a SUMATRA wrapper, and finished as nicely as you will find in any five or ten cent cigar. So much for the quality and the looks.

Their Size Advantages

Cuban Babies are up in the front ranks of the 5c class for quality. But because they are only half as big, you buy 'em **2 for 5c** For keen enjoyment and economy, they have stogies and tobacco cigarettes backed off the boards. No excuse now for "dead robins." With Cuban Babies every time you light up it's a fresh smoke---a satisfying smoke---and your cigar expense remains the same.

Why You'll Like Them

Cuban Babies will appeal to the man of large or small income. They have the quality and appearance demanded by the high-priced taste---they have the price that places them within the reach of the man who wants a satisfying smoke, and who must practice economy in his cigar expenditures. They are the biggest cigar value on the market today---the interest in common of all smokers of particular taste, rich and poor.

quaint humor and helpful precept current in the theater. Its pervading spirit is that of the tender and simple love of an old man for all that is simple and lovely, of an old man who might sing with Jean Ingelow: "I opened the doors of my heart and behold, There was music within and a song, And echoes did feed on the sweetness, repeating it long."---Advertisement.

"DAMAGED GOODS"

"The play which initiates a new epoch of civilization," according to the New York Times, comes to the Majestic Theater Wednesday, January 7, matinee and night. It is "Damaged Goods" and its interpreters are Richard Bennett and his original New York company of co-workers. While the subject matter of the play is startling in the extreme, its treatment is so sincere and so frank that it disarms adverse criticism. It has been endorsed by the leading educators and social workers in New York, Washington, Buffalo, Cleveland, Chicago, St. Louis, Cincinnati and Boston.---Advertisement.

"SHE STOOPS TO CONQUER"

Few persons not familiar with theatrical affairs can appreciate the greatness of the task and, consequently, the importance of the achievement signified in the undertaking and the successful issue of Annie Russell's Old English Comedy Company, which comes to the Majestic Theater Thursday, January 8, in "She Stoops to Conquer." Last season in New York three important plays were acted: "She Stoops to Conquer," "Much Ado About Nothing" and "The Rivals"; three ambitious productions which left a lasting impression of charm and beauty upon a large and intelligent public that is not interested in the average theatrical offering of the day.---Advertisement.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If cross, feverish, constipated, give "California Syrup of Figs"

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given to-day saves a sick child to-morrow, but get the genuine.
