YORK HAVEN PLAN WILL BE HEARD Water Supply Commission Deter- mines to Hold Hearing on the Application

The State Water Supply Commission has decided to have a public hearing before acting on the application of the York Haven Water and Power Company for permission to build a dam across the Susquehanna river in York county, an operation which would have the effect of practically closing the river, as the company has a large dam on the west side. The hearing is to be held on Tuesday, January 20, and the commission has invited all persons interested or desiring to make protest to attend. This will be the first of a series of hearings to be held by the commission on proposed river works.

The commission has prepared the plans and specifications for the two big dikes to be constructed along the Delaware river in Bucks county and bids for them will be asked in a short time.

The 1912 report of the Auditor General's Department, covering the year ending November 30, 1912, was issued yesterday, the work having been handled under the Aughinbaugh estate contract, which expired in July, but under which all work started before that time to be finished. Smull's handbook for 1913 has not yet appeared, although copy for the 1914 issue has already been furnished. The 1914 book will be issued by W. Stanley Ray, whose contract for four years began in July.

The Pennsylvania Utilities Company, of Easton, which has taken over a number of electric and power companies in the northeastern section, has filed notice of authority to issue bonds to extent of \$25,000,000. This is the second large authorized issued notice to be filed in a short time.

Two to Hang.—Governor Tener today fixed February 26 as the date for the execution of Frank Wells and Luigi de Leo, convicted on murder in Fayette county.

Referendum On.—The referendum was given a practical test in the Treasury Department over the lunch hour. Some desired from 12 to 1 and some from 12:30 to 1:30. State Treasurer Young announced that a referendum vote would be taken and 17 voted for from 12 to 1 and two for the other plan. The official notice announcing that the hours are fixed by referendum vote.

Game Commission.—The State Game Commission has elected Dr. C. E. Penrose, of Philadelphia, as chairman, and continued Secretary Joseph Kalbus and other officers. The commission discussed ways to obtain funds to secure deer for reserves and for feed of quail and other game in winter, the income from the hunters' licenses not being available because of the claim that the act does not conform to the specific appropriation act of 1909.

Special Gas.—The State Highway Department automobile division today broke all records for turning in money for licenses of automobiles, over \$58,000 being paid. Probably as much more will be turned in by tomorrow.

Big Payment.—Montgomery county today paid the State \$84,637.39 as collateral inheritance tax collected in that county. This is the largest payment of the kind made from that county for years.

Cumberland Institute.—The Cumberland county institutes are now being held by the farmers' institute division and the meeting attended. Director A. L. Martin plans to go to the New Cumberland meeting.

Investigate Fire.—The State Fire Marshal's Department today sent a man to make an investigation of the barn fire near Greason, Cumberland county. Two investigations were also ordered in Luzerne.

Making Survey.—Dr. J. P. Price, of the Department of Labor, is at Bristol, arranging for an industrial survey of that place.

Governor Home.—Governor Tener returned to the Capitol today after an absence of a couple of days in Cincinnati.

HEARD ON THE HILL
County Commissioner Bantert, of Blair, was at the Capitol today.

Professor C. F. Cohen has been appointed dairy and food chemist at Scranton.

Secretary Becht, of the State Board of Education, spoke at Allentown last night.

State Treasurer Young went home last night and the banking situation was quiet today.

Governor Tener and State officials generally appeared pleased over the decision of the Supreme Court in favor of the constitutionality of the Philadelphia municipal court.

**OLD-TIME COLD
CURE—DRINK TEA!**
Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break up a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

REVIVAL GRIPS MEN
The meetings for men only in the
United Brethren Church, of Steelton,
continue with increasing interest as
the nights come and go. Thursday
night was the greatest demonstration
of the power of God since the meetings
began. The Rev. A. K. Wier, the pas-

"How Long You Retain Your Sides"
taken from the story of Elijah
and the Prophets of Baal on Mt. Car-

held 125 men at close attention, and
after the address three men came for-
ward to the altar. On Friday evening
the Rev. C. W. Stinespring, of Balti-
more, will make the address, and the
men's chorus will sing. Because of the
interest, which has been so increas-
ingly manifested, it has been decided to
hold the meetings next week up to and
including Wednesday evening, for men
only. There will be special music each
evening and every man of Steelton is
invited.
