CITIZENS MOBILIZED IN SOUTH AFRICA TO PROTECT PROPERTIES

Strikers Have Tied Up Traffic in the Transvaal and Orange State

FEAR UPRISING AMONG MINERS

Infantry, Cavalry and Artillery Forces Are Ready For Action

Cape Town, Union of South Africa, Jan. 10.—Drastic measures have been taken by the government of the Union of South Africa to prevent serious trouble arising out of the strike of railway men in the Transvaal and Orange State provinces.

The strikers have tied up railroad traffic in the Transvaal and Orange State, but have not yet succeeded in interfering with transportation at Cape Colony and Natal.

The authorities in mobilizing the forces are looking toward a much greater danger than that of the strike. They fear a possible uprising of the thousands of native laborers in the mines, some of whom have already shown signs of unruliness.

In Natal all the infantry, cavalry and artillery comprised in the forces of the Union of South Africa were mobilized this morning. The forces available at Bloemfontein, capital of the Orange State, have been sent off to Jagersfontein, whose diamond mines rank in value next to those of Kimberley.

Some further arrests of labor leaders were made this morning, among them President Conroy, secretary Dawson, of the railway men's executive committee, and Buckley and Riley, members of the executive committee.

PICTURES OF WHITE SLAVERY SHOULD BE SUPPRESSED-STROUP

District Attorney Bases His Opinion on Action of New York Court

"That the moving picture production of 'The Inside of the White Slave Traffic' scheduled for next week's run at a local theater should be suppressed was the vigorous declaration to-day of District Attorney Michael B. Stroup.

The district attorney was reluctant to discuss the question, feeling as he said, that it is without his jurisdiction to act. He based his opinion however, on the character of the advertising posters and on the action of the New York courts recently in upholding the police and refusing the theater management an injunction restraining the city authorities from suppressing the reels.

Should Be Suppressed

"I think," he replied, "that it should be suppressed. This picture," he went on, "is one very similar in character, was attempted in New York city and was suppressed by the police. An effort was made by the proprietors of
