

ROYAL IS URGED TO SUPPRESS THE WHITE SLAVE TRAFFIC SHOW

Ministerial Association and Church Council Urges Mayor to Act at Once

DR. HASSETT OPPOSES MOVIE

Mayor Royal Has Not Yet Acted on Matter; Decision Expected Soon

Committees from the Harrisburg Ministerial Association and from the Civic Council of Harrisburg Churches called upon Mayor John K. Royal this afternoon to ask that the pictures depicting white slave methods at the Majestic theater be suppressed.

The Ministerial Association adjourned their meeting this morning in the Y. M. C. A. building to go to the theater to see the pictures. They had an immediate session after the show.

For an hour and a half the ministers discussed whether or not the pictures had a bad effect. It was contended by the larger majority of the speakers that the parade of evil as depicted in the series would have a bad moral effect on the minds of the young.

Few Votes Against Measure

Several of the ministers contended that to the average young persons these pictures would do good as they would be warned against being trapped into evil ways.

The committee could not see Mayor Royal immediately after the meeting as he was at the time engaged in police court.

On the committee appointed by the ministerial association to see the Mayor were the Rev. E. E. Curtis, chairman; the Rev. E. Victor Roland, the Rev. John H. Daugherty, the Rev. Dr. W. N. Yates and the Rev. George F. Schaum.

The executive committee from the Civic Council of Churches called on the Mayor. On this committee are the Rev. John H. Daugherty, the Rev.

JEROME REFUSES TO DISCUSS VICTORY OF THAW IN CONCORD

Will Not Tell What His Next Move Will Be in Getting Slayer Back to Matteawan

DR. FLINT FEARS FOR HIS LIFE

Generally Agreed in New York That Thaw Stands Excellent Chance of Obtaining Bail

New York, Jan. 12.—Attorneys, alienists and others who have been participants in the trials and insanity hearings of Harry K. Thaw received the news of the commission's report filed at Concord, N. H., yesterday that he is sane, with conflicting emotions—some expressing pleasure at the findings, others reiterating convictions that Thaw would be a menace if released.

William T. Jerome, who was district attorney when Thaw killed Stanford White and who has since continued to oppose every move to have him declared sane, refused to discuss the commission's report. He said he did not care to discuss his next move to have Thaw returned to Matteawan from which he escaped five months ago.

Dr. Austin Flint, alienist for the State in the prosecution of Thaw, and who has repeatedly asserted that Thaw was insane, declared that he feared for his life if the release of the prisoner was granted without restrictions. Dr. Flint went over the history of Thaw's life and attempted to show that he might be a model citizen for a time but that temptations of drink and a desire for revenge would lead him back into his dangerous self. He concluded his statement.

People Have Faith In Advertise Goods

Advertised goods of standard make are the most salable goods. The public looks on them as something with a fixed and tangible value. People reason that if a manufacturer is willing to spend money in advertising he has by that token faith in himself. They know that all the advertising in the world will not make them keep on buying an article unless it has merit—and they know that the manufacturer is figuring on the Repeat Sales for his profits. A local dealer who pushes the goods a manufacturer is making known through the columns of the local newspaper is moving with the tide of demand. He is swimming down stream and the going gets easier as he moves along. The public follows the man who gives it what it wants when it wants it!
