## Lucknow League Again Headed by Schradley

L. W. Schradley was re-elected president of the Lucknow Shop Baseball League at a meeting of the athletic association held Saturday afternoon in the sixth shop. Plans for the coming season were discussed, and it was decided to open during the early part of April. There will be the daily games, and a cup will no doubt be offered for the winning team.

There is a prospect that a Lucknow shop team may be organized from the teams of the league to play Saturday games with amateurs of Central Pennsylvania.

S. C. Steigerwalt, M. L. Neiss and C. B. Rhoades were appointed a committee to draft rules for the coming season. These will be presented at a special meeting to be held January 22.

## ALTOONA INTERESTED IN TRI-STATE CLUB

### Businessmen Not Discouraged by Carpenter's Cold Shoulder Look to Shift

Reports from Altoona indicate that the mountain town is after a Tri-State club. It is said that George H. Moser, president of the Altoona Chamber of Commerce, has been interviewing President Charles F. Carpenter with the view of having Altoona given another try at Tri-State ball next summer.

Moser's idea, it is said, is not so much an interest in Tri-State affairs or Carpenter's as in the chance that Altoona may get a little advertising through a baseball team of some sort.

Carpenter opposed the scheme when Moser got after him on the ground that Johnstown was not in the league, and that would make a team un-Siate financially a loss. He says Johnstown is dead so far as baseball is concerned since Billy Sunday hit the town.

It is said that Moser is not convinced and may await the result of the meeting in Philadelphia when Carpenter may be succeeded by another man.

### ENGLISH GOLFERS COMING HERE AFTER WORLD'S TITLE

According to private advices from England, a trio of the best of the British professional golfers will compete in the United States open championship at the Midlothian Country Club, near Chicago, next summer. George Duncan, James Braid and J. G. Taylor are named as the possible winners, although the personnel is still subject to change. Taylor and Braid, together with Harry Vardon, have each won the English open championship five times and it is expected that the open championship, to be held at Prestwich, will break this triangular tie.

Duncan holds the world's record for both 36 and 72 holes, made in the same tournament last year. The occasion was the championship of Lucerne lakes, which is played over two courses, the first 36 holes at Axenfels, the second 36 at Lucerne. Duncan's scores were 62 and 55 at Axenfels, and 71 and 74 at Lucerne. The 56 is a world's record for 18, the 118 for the two rounds at Axenfels a world's record for 36 and the total of 213 broke the world's record for four rounds.

## SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.—Advertisement

## Boston President Says He Favors Fraternity

Special to The Telegraph  
New York, Jan. 12.—James F. Gaffney, president of the Boston Nationals, raised an interesting point yesterday, which probably will call for a reply from David L. Fultz, president of the Baseball Players' Fraternity.

"My sympathy has been with the fraternity from the start," said Gaffney, "for I believe in labor organizations. Last week the baseball strikers sent a committee of walking delegates to Cincinnati to confer with their employers. The meeting was most harmonious, and the delegates, in a signed statement, declared that they were thoroughly satisfied with the concessions granted, and that they had been treated with absolute fairness."

"The strike was declared off then, but Mr. Fultz didn't pursue the usual methods that prevail in organized labor. He failed to order the members of the Players' Union to return to their employers. Instead, he declared that he would simply advise the players that they were no longer bound by pledges. In all fairness, why doesn't Mr. Fultz take up the cause of organized baseball by advising the players to stick to their old clubs instead of entering an open shop?"

## Gilmore on Secret Journey After Players

Chicago, Ill., Jan. 12.—James A. Gilmore, president of the Federal League, left last night to visit the cities comprising the eastern end of the league's circuit. It was reported that he will take up the question of managers for three of the Eastern clubs, Toronto, Buffalo and Pittsburgh. Because he would not say where he was going, it was reported that Gilmore would also make an effort to sign several major league players who have received offers from the Federals. His destination was supposed to be Buffalo.

## O. AND P. STARTS AGAIN

Special to The Telegraph  
Pittsburgh, Pa., Jan. 12.—A temporary reorganization which is expected to be made permanent, of the Ohio and Pennsylvania Baseball League was effected at a meeting here yesterday. Altoona, Johnstown, Conneville and McKeesport, in Pennsylvania, and Canton and East Liverpool, Ohio, were granted franchises. Akron, Youngstown and Steubenville, Ohio, and Wheeling, W. Va., made application for membership. H. Mackinnon, former of McKeesport, was elected temporary president.

## PENN GOES WEST

Special to The Telegraph  
Ann Arbor, Mich., Jan. 12.—The University of Pennsylvania football team will play its game with Michigan at Ann Arbor again this year.

According to custom, Michigan would have played Pennsylvania at Philadelphia next fall, but because of the Michigan-Harvard game, the Pennsylvania authorities consented to come West and thereby make it possible for the local eleven to avoid two Eastern trips in succession.

## SHECKARD FLOPS TO 'FEDS'

Special to The Telegraph  
Pittsburgh, Pa., Jan. 12.—Secretary W. T. McCullough of the Pittsburgh Federal League baseball club, announced Saturday afternoon that Jimmy Sheckard, the veteran Cub outfielder, will be manager of the local team. McCullough also said that within the next few days the Pittsburgh Federals will announce the names of seven major league players with whom they have signed for the coming season.

"The Pittsburgh club for one will not take any players from the American League," he added.

## NEW SKATING RECORDS

Special to The Telegraph  
Christiana, Jan. 12.—Oscar Mathieson yesterday set two new world's skating records. He covered 500 meters in 43.710 seconds, and 1,500 meters in 2 minutes 19.5 seconds. The previous records were 44.1-5 seconds and 2 minutes 20.3-5 seconds, respectively.

## J. A. Gilmore, President of Federal League

Joseph A. Gilmore, president of the Federal League of baseball clubs, has organized baseball meaning the American and National leagues—more frightened than it has been since the organization of the Ban Johnson circuit. Mr. Gilmore has been running about the country signing star players as managers for different cities in his league till the older magnates don't know just what will happen next season.

Already he has taken Mordecai Brown, the former great pitcher of the Chicago Cubs of the National League; Joe Tinker, ex-manager of Cincinnati, and Otto Koenig, second baseman of the Philadelphia National League club. So far he has not broken into the American League clubs and they have had no trouble with him.

At this time the Federal League is in a chaotic state and it is impossible for Gilmore himself to say in how many cities they will begin the next season. Nevertheless, there have been indications that he had money behind him. Knabe has been guaranteed a better salary in Baltimore than Philadelphia would pay him, and a guaranty company has undertaken to assure Tinker his salary of \$12,000 will be paid for three years.

## Tener Will Lead League to Glory—Spalding

New York, Jan. 12.—In view of the fact that many present-day fans and men with money who have been asked to back the Federal League do not remember the financial ruin that resulted from an equally ill-fated attempt to organize baseball in 1890. A. G. Spalding was asked to say something about the present embarrassment of the national game.

"Spalding, who returned from Europe last week, was the biggest man in the National League when the players organized the Brotherhood and then induced capitalists to back an outlaw circuit to fight the parent organization."

"The Brotherhood was involved a loss of more than \$500,000," said Mr. Spalding, "and both sides suffered about equally. The National League stood virtually alone in this disastrous fight, but its prestige won the day, and let me say right here, that the National League, led by Governor John K. Tener, will live on at its glory despite the efforts of the Federal League to wreck it by luring away star players."

"Organized baseball is a necessity. The sport, like our country, should be governed properly and sanely if prosperity is to prevail."

"I read the other day that the Federal League had \$10,000,000 with which to fight the two major leagues. Inexperienced men who are ready to furnish money to start this outlaw movement have been told of the future glowing terms, but when the time comes to pay salaries and other expenses in June with gate receipts dwindling to almost nothing, they may find that they have been deceived."

"In June, 1890, the New York National League club had been driven to the wall by the Brotherhood, and the other club owners were called upon to put up \$80,000 to prevent the Giants from going into the hands of a receiver."

"I haven't seen Governor Tener for many years, but I have followed his career with interest. Evidently he is an ideal leader for the National League in the present unfortunate controversy and I have confidence in his ability to steer the old ship out of the troubled waters."

## SHARPE WANTS FORWARD PASS

Ithaca, N. Y., Jan. 12.—"The forward pass should be retained. I cannot see why any new legislation regarding it is needed at all," declared Albert H. Sharpe, Cornell's football coach, in discussing the probability of rule changes at the coming meeting of the committee. "To large majority of the teams the forward pass is an asset on the offense, while it spreads out the defense, and it certainly makes the game more interesting to spectators. The game has now reached its highest standard, and there is little chance of adding to it by rule changes."

## Eastern and College Basketball Standing

The intercollegiate basketball championship season's play began last week, Columbia, Princeton and Yale University quintets winning their first games played on the home floor. Columbia beat Cornell, present champions, while the Tigers and Yale each registered victories over Dartmouth. Penn's first game will be played on next Saturday here with Yale.

The Eastern League standing is about the same as a week ago. Trenton is leading, via Reading and Camden close behind. De Neri recovered some lost ground by winning from Greystock and Camden.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act. This famous uric acid is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so if no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement
