DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, "Hamburger Brust Thee," at
any pharmacy. Take a tablespoonful
of the tea, put a cup of boiling water
upon it, pour through a sieve and
drink a teacup full at any time. It is
the most effective way to break a cold
and cure grip, as it opens the pores,
relleving congestion. Also loosens the
bowels, thus breaking a cold at once.
It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

lisher, has started a boom for William H. Berry.

The most remarkable feature about the meeting in Philadelphia was that William H. McNair, formerly a resident of Middletown, but now an attorney in Pittsburgh and famous as a leader of revolts against Colonel Guffey, made a savage attack on Palmer, McNair is the man who took the Democratic division chalrmanship away from a no less redoubtable man than W. J. Brennan, of Pittsburgh, and was in the forefront of the reorganization fight in Allegheny county. According to Philadelphia stories, McNair dashed across the State yesterday to attend the meeting and fired a series of questions at the Monroe congressman. He charged Palmer with being a protectionist at heart and cited his speeches on the tariff bill in support of his contention. He insisted that Palmer was in touch with the corporate interests and declared that Joseph N. Guffey, general manager of the Pittsburgh traction and light interests, had the distribution of federal patronage in Allegheny county under the Palmer regime. He asserted that the Palmerites have failed to act upon President Wilson's recommendations regarding presidential primaries, accused Palmer of being "a poser" and insisted that he is not in sym-

tions regarding presidential primaries, accused Palmer of being "a poser" and insisted that he is not in sympathy with the great rank and file of the Democratic party.

Frank Stephens and Howard Suddell led the anti-Ryan forces, who resented insinuations that they were there as emissaries of Palmer and branded such allegations as "deliberate lies."

How to Keep Well in Winter

The word Medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known medicine, S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration. As a matter of fact, there is one ingredient in S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply, why it has such a tremendous influence in overcoming Rheumatism, Catarrh of the Stomach and intestines, skin eruptions and all blood troubles. And in regenerating the tissues S. S. s. has a rapid and positive antidotal effect upon all those irritating influences that cause sore throat, weak eyes, loss of weight, thin, pale checks and that weariness of muscle and nerve that leads so many people into the dangerous path of stimulants and narcottes.

Get a bottle of S. S. S. at any drag stom, and in a few days you will feel bright and energetic. S. S. S. is prepared only in the aboratory of The Swift Specific Co., 302 Swift Bldg., Atlants, Ga., who maintain a very efficient advisory department where all who have any blood disorder of a stubborn nature may consult freely.
