RABBI MAKES PLEA

BRIDGE TO COURT

duct's Condition

HARRISBURG COLOS TELEGRAPH

FOR THE TEACHER

The regular monthly meeting of the Parents'-Teachers' Association, at the Cameron school building, was largely attended last night. After the rendi-tion of several musical numbers and a recitation by several of the school chil-dren, Rabbi Charles J. Freund spoke on the subject of "Child Conservation." He made an earnest plea for the teachers, who render a maximum of service and for whom society does not make ade-quate compensation. Community effici-ency, he said, is to be obtained by the whole-hearted co-operation of school and home. The Rabbi Said: "Moral instruction can be imparted by the aid of pictures. The moving picture has its function, but it is to be prepreted that what can be of great service is being overdone. The guar-dians of the city-the children, should be sconserved with as much care as we how religious instruction in the branch of re-ligon being site in its proper pre-""Mate and of pictures. While schools, we are within a roligious intion, instruction in the branch of re-ligon being system in its proper pre-""Mate end of the school buildings, and even dening in struction in the sub-fit consense is disting the school buildings on the schores is device was side and also enable teachers to schools and school and homes. Let society recognize its in the homes and have them visit, in al homes. Let society recognize its is reat investments that they rep-resent." Once more the condition of the Dock treet bridge has been called to the atention of the Dauphin County Court. In making his quarterly return at January sessions Constable Elmer Beck, First Ward, reiterated the statenents of the last year or two as to the deplorable shape of the bridge and the inconvenience the failure of the city Highway Department to remedy the trouble had brought upon the peo-The trouble has brought upon the peo-ple of the lower end of the city. "The Dock street bridge," reported Mr. Beck, "has been closed for nine months now. It is hurting business

State Organizer

STATE CAMPAIGN FOR

E. J. HERNAN

A State-wide campaign for popular izing the movement for improved high ways in Pennsylvania is about to be inaugurated by the Pennsylvania Good

Roads Association. The board of directors of the as sociation to-day announced from its headquarters in the Telegraph Build-ing the appointment of E. J. Hernar

ing the appointment of E. J. Hernan as State organized, and that Mr. Her-nan will at once take charge of a thorough canvass of the entire State for the purpose of putting the cause of good roads on an organized basis, in every community. Mr. Hernan was selected for this work because of his successful career as organizer for the Ohio Good Roads Federation, an organization whose growth and influence has been the most remarkable of any similar body in the country. Through the efforts of Mr. Hernan and his associates, the good roads campaign has become a people's movement in Ohio, and many thousands of citizens are actively en-rolled in the forces working for high-way improvement.

rolled in the forces working for high-way improvement. The results of this work are already apparent. Ohio has adopted a system of development of State, county and township roads that is admittedly one of the best in the country. The edu-cational work of the Ohio Good Roads Federation has been so effective that the people have readly submitted to the levying of a "special real estate tax for road construction and mainte-nance. Is Nonpolitical
