MINISTERS ASK CLERICAL RATES

Public Service Commission Gets Some Interesting Communications Today

The Rev. Frank S. Dobbins, representing the Methodist Episcopal Foreign Missionary Society, and the Rev. S. B. Block, of the Methodist Episcopal Church of Essex, have sent communications to the Public Service Commission supporting the movement for the restoration of free passes to clergymen. The Rev. Mr. Bidlock makes the point that the ministry is a positive factor in the people with whom it associates and travels, and that a general influence for good is exerted in the cities where it rides. They also mention injured and dying men whose wrecks occur.

J. R. T. Austin, president of the Order of Railroad Telegraphers, Dispatchers, etc., and his 1,500 members, expects to attend the free pass hearing, seems to him that the general public, so dependent for its own safety and comfort, are sufficiently vigorous the railroad men should not have any objection to their getting free passes concessions as a sort of reward for risking life and limb in the public service. C. V. Patton, of Keister, says that employs in stores, livery stables, and stages, as well as farm hands, are anti-sweat crusaders, that their employers, and that discriminating against the railroad employees will not enhance their value as public servants.

BY A SPECIALIST
That the dandruff germ is responsible nearly all the diseases to which the hair is heir, as well as or baldness and premature gray hair, is a well known fact, but when we realize that any of the worst cases of catarrh and consumption, we appreciate the importance of this agent that will destroy its work. We have therefore particularly endeavored to give herewith the preparation in which an eminent scientist states has found, after repeated tests, complete success. The dandruff germ in from one to three applications, will also almost immediately stop hair and it has innumerable other products, new growths, after effects of baldness. This preparation will be made up at home or any druggist will fill it up for you: 6 ounces of Rum, 1/2 ounce of Muriatic Acid, Mix thoroughly, and after standing half an hour it is ready for use, apply night and morning, rubbing into the scalp with the fingers, wash it off, if perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled in restoring gray hair to its original color.—Advertisement.

**Bigamy Charge Ignored;
Man She Married Held**

While the January quarter sessions grand jury yesterday ignored both bills against Mrs. William J. Hardesty, charging bigamy and perjury in marrying John P. Bonadio, the twenty-four of Dauphin's good men and true found a true bill against Mr. Bonadio on a charge of unlawfully marrying a married person.

The Bonadio-Hardesty case got into the limelight several weeks ago when the pair arrived here after a flight from Mrs. Hardesty's husband in Washington. They quarreled and the homemaker was held by the principals going to jail. Mrs. Hardesty, on charges of bigamy and perjury, is the woman who had married Bonadio. Bonadio on the charge which the grand jury considered. Each preferred the charges against the other.

Just how the action of the grand jury may figure in the defense is cause of considerable discussion among attorneys and it is possible that Bonadio's defense will be to raise the question as to how he can be tried for marrying a married woman when the charge of bigamy against the same woman had been ignored.
