DAMAGED BY FIRE

Big Leach House of Elk Tanning Company Partially Wrecked by Flames

Special to The Telegraph Newport, Pa., Jan. 19. — Shortly after 5 o'clock on Saturday afternoon flames were discovered eating their way through the ventilator of the leach house of the tannery of the Elk Tanning Company, Edward G. Shea fer, superintendent. A general alarm was given by the blowing of the tannery whistle, the tannery pumps were put to work and their own line of

hose was soon playing on the fire. The town firemen were quick to respond with their equipment, as were also W. T. Hanly, supervisor of the Pennsylvania Railroad Company, and his men with their equipment. streams were thrown in an endeavor to check the flames. A gale was blow ing at the time, and thinking tha ing at the time, and thinking that the fire might get beyond their control, assistance was asked for from the railroad company at Mifflin. At 7.39 o'clock T. G. Scott, assistant trainmaster; L. E. Rush, master mechanic; Harry H. Helkes, foreman of the wreck force, arrived with their crew and equipment. From this time on until 9.30 it was a hard fight, until the fire was under control. Two streams played on the ruins all picht. on until 9.30 it was a hard fight, until the fire was under control. Two streams played on the ruins all night. The leach house, situated between a stone and brick buildings, is a large wooden building \$8x50x35 feet and contained ten large tubs 14 feet in diameter. Because of the heroic work of the firemen but four of these were destroyed. The cause of the fire is unknown. No estimate of the loss can be given until the arrival to-day of the chief engineer of the company, H. B. Norton, of Ridgway.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

UNIQUE TURNOUT OF PERRY COUNTY CHILDREN

That Body to Make an Appropriation

Burgess J. Fred Hummel, of Wormleysburg, is preparing a message which he will deliver to the borough council at the next regular meeting. One of the points which the burgess will bring out is the urgent need of a new town hall in Wormleysburg. The present building, a frame structure, has been used for many years, but the burgess says "the old place is ready to fall to pieces."

Councilmen in the town for some time past have been considering the advisability of erecting a building, but the matter has never reached a decision. The burgess will suggest to council that a brick building be erected on the plot of ground owned by the borough at Market and Second streets. The building, as he plans it, will be two stories high, the first floor being used as a home for the fire company with meeting rooms for council. One large room on the first floor would house the fire apparatus and back of this, he believes, smaller rooms could be built for meeting purposes. The entire second floor, the burgess says, should be used as an auditorium, in which suppers, festivals, shows and public meetings could be held.

Burgess Hummel says the fire company he about \$500 in its treasury and he believes this money would be offered to help pay for the building. The remainder could be appropriated by council.

Another matter which the burgess

by council.

Another matter which the burgess will ask council to consider will be the taxing of all street cars entering the borough. At present only a pole tax is paid, but Burgess Hummel believes the company should pay about \$25 a year per car for the use of the town's streets.
