His first appointment was as a deputy
collector for Lackawanna county.
His statement yesterday "that, of
course, it was understood that many
changes would be made," is regarded
here as notice that in the near future
the officials not under civil service
will be supplanted by Democrats. In
the sixteen years Mr. Hershey was col-
lector he handled on an average of
\$5,000,000 a year.

generally known to-day. She used to
say that she didn't give her poems to
the world to acquire fame, "but just
to keep the pot boiling."

**CESSIS OF CATHOLIC
CHURCHES SHOWS BIG
INCREASES FOR YEAR**

More Than 4,000 People Ident-
ified With Five Churches
in This City

Increase of more than 300 among
the Roman Catholic population of the
city is indicated in the census taken
in the parishes of Harrisburg and in-
cluded in the annual report to Bishop
John W. Shanahan, of the Harrisburg
diocese.

More than 4,000 people are identi-
fied with the five Roman Catholic
churches in this city. In the parish of
St. Patrick's Cathedral there are just
few less than 1,500. This includes
the mission at Enola and the one at
Newport. The increase in this parish
is about fifty. These figures do not
include the mission at Waltonville,
where there are 415, or at Doyleburg,
where there are 85. Connected with
St. Patrick's and under the care of
the Right Rev. M. M. Hassett, D. D.,
the rector, and the Rev. T. B. John-
son and the Rev. W. W. Whalen, his
assistants, are 2,000 people.

In the other parishes of the city
there are 2,570. St. Francis leads the
other with 1,100. A remarkable
growth is noted in this parish, which
two years ago had about 700. Many
families formerly connected with
other parishes have moved to this
one. St. Patrick's has lost the largest
number of these families.

In the other parishes the popula-
tion is: Sacred Heart, 300; St. Mary's,
520; St. Lawrence's, 550.

In addition to these parishes there
is an Italian mission conducted at St.
Patrick's Cathedral for the Italians of
the city, by the Rev. Father Sama, of
Steeltown. He has about 200 in his
mission.

A further extension of the work of
St. Patrick's is planned in the open-
ing of a mission at Swatara. Here
there is a wide field, as possibly 500
Italians are living at that place. This
mission will be opened within the
year.

At the present time three missions
are conducted from St. Patrick's and
the Italian mission at Swatara will
be included in the duties of the Cath-
edral clergy.

Arrangement Conference
"Whether it will be decided to do
anything or not, isn't the question ex-
actly," said Mr. Jennings this after-
noon, "all we're here to do is to ar-
range for the conference and the
probable action will be for Council
to decide."

The approval of an ordinance
offered in City Council this afternoon
by Mayor John K. Royal, children un-
der fifteen years of age will not be
permitted to attend any moving pic-
ture, theater, circus, menagerie,
rolling skating rink, dance hall or any
other place of amusement unless ac-
companied by an adult during school
hours or after 8 o'clock in the even-
ing.

The penalty imposed upon prop-
rietors or managers who violate the or-
dinance in this respect is fixed at \$5
for the first offense, and from \$5 to \$25
for the succeeding offense, and an al-
ternative of thirty days in jail for de-
fault of payment. The ordinance will
be passed finally at the next meeting
and will lie over for ten days there-
after, after which it will become a law.

Council this afternoon passed for
the first time the ordinance re-enact-
ing the various provisions of the old
city ordinances relative to opening,
grading and paving streets. By the
new measure, however, the additional
expense of printing lengthy specifica-
tions, etc., is eliminated and only the
bare ordinance itself will be published.
Commissioner W. H. Lynch put in the
measure.

Approve Paving Plans
Council approved some paving ap-
plications for a few streets submitted
by City Engineer Cowen, heard a pe-
tition of twenty or more First Ward
residents who want Joseph Whiten,
829 South Tenth street, appointed a
city patrolman, and approved Assis-
tant City Clerk George B. Seaman's bond
of \$2,000. J. S. Weaver and E. Z.
Gross are the sureties.

Following the reading of the Health
Department report and the approval
of Commissioner of Public Safety
Bowman's recommendations of the
members of the Health Board, Coun-
cil decided to embody the report in
the departmental report of the Super-
intendent of Public Health. All the
departmental reports will be bound
together.

Permission was granted the Rely

**Bert Swor, Known to All as the Premier
Comedian, Will Be at the Majestic Wed-
nesday With Al. G. Fields Greater Minstrels****WILL LECTURE ON
PREHISTORIC MAN
Director of Peabody Museum to
Deliver Address Here To-
morrow Evening**

Dr. George Grant McCurdy, director
of the Peabody Museum of Yale Uni-
versity, who has made extensive stud-
ies and excavations of recent dis-
coveries as to the early man will tell
of the results of his work in a lec-
ture to be given tomorrow evening in
the Technical high school auditorium.
The lecture is free to those obtaining
tickets from members of the Har-
risburg Natural History Society under
whose auspices it is being held.

Some of the things on which Dr. Mc-
Curdy will touch are the learned in ex-
cavating for foundations for houses and
Danube in the last few years. Recent-
ly the opening of a railroad from Krem-
s to Grein uncovered several places
where human implements and bones
were found. In one of them separate
layers were discovered, each parted
from the other by deposits of sand and
clay. In the lower were found crudely
made stone implements and bones of
reindeer and bison. In the higher lay-
ers more finished stone implements and
bones of mammoth horse, reindeer, cave
lion and wolf. The ninth to top layer
contained finely made stone implements
and a statue showing the work of man
of that age in sculpture.

Recent study of caverns in this
region has been carefully made with
the discovery of bones and imple-
ments in the cavern floor; and most
remarkable of all, outlines of frescoes
on the cavern walls. The most re-
markable for vigor, exactitude and
the command of colors—red, brown,
black and yellow—rich mix and
grade into various tints.

The layers separating the strata and
the layers containing some of these
cavern floors can be identified as being
of the same age as rock formations in
the neighborhood, thereby connecting
man with early geologic strata. It is
an instance of filling out with marvel-
ous detail some of the many blanks in
the geological story of the earth's history.

**Labor Union Official
Is Held Up in Train;
Valuable Papers Taken**

By Associated Press
Clarksburg, W. Va., Jan. 20.—J. R.
Olden, who said he was a union labor
organizer of Hagerstown, Md., on his
way to the convention of the United
Mine Workers of America, at Indian-
apolis, was robbed of valuable papers
on a Baltimore and Ohio railroad train
near Morgantown and Kingwood
Railroad Junction early to-day. His
assault and escape, Olden, guarded
by a railroad detective, continued his
journey.

Olden told the railroad men that he
was playing cards in a coach with a
stranger whose acquaintance he had
made when he was knocked down
from behind. When he recovered
consciousness three men one of them
he called a companion, were bending over
him, each armed with a pistol. They
told him they wanted no money but
they wanted his valise in which were
valuable union organization papers.
Persons in the car attempted to inter-
fere but were held back by the men
until they gained the vestibule. There
they remained until the train was
stopped at a box house. The men then
jumped from the car and escaped.

**Crew's Mistake May Cost
Life of Bargo's Captain**

Special to The Telegraph
New York, Jan. 20.—Locked since
Wednesday morning without food or
water or protection from the cold in
the hold of his barge, the McCarthy,
moored in Hoboken, Captain Nelson
Lees was found almost dead from ex-
posure last night. He probably will
die.

After Lee's crew had unloaded a
cargo of potatoes Wednesday they
closed the hatch, not knowing the
captain was in the hold. They had
shored leave until Sunday.

Lees tried to cut a hole in the steel
with his heavy sailor's knife, but made
little impression. He was found by
members of the crew when they re-
turned to the barge to make it ready
for another voyage.

**SAVE YOUR HAIR! IF FALLING OUT
OR DANDRUFF—25 CENT DANDERINE**

Ladies! Men! Here's the quick-
est, surest dandruff cure
known
Thin, brittle, colorless and scraggy
hair is mute evidence of a neglected
scalp; of dandruff—that awful scurf.
There is nothing so destructive to
the hair as dandruff. It robs the hair
of its lustre, its strength and its very
life; eventually producing a feverish,
itching and itching of the scalp, which
if not remedied causes the hair roots
to shrink, loosen and die—then the
hair falls out fast. A little Danderine
to-night—now—anytime—will surely
save your hair.
Get a 25-cent bottle of Knowlton's
Danderine from any drug store or
toilet counter, and after the first ap-
plication your hair will take on that
life, lustre and luxuriance which is so
beautiful. It will become wavy and
fluffy and have the appearance of
abundance; an incomparable gloss and
softness, but what will please you most
will be after just a few weeks' use,
when you will actually see a lot of
fine, downy hair—new hair—growing
all over the scalp.—Advertisement.

**Residents of Two Towns
Will Be Able to Sleep**

By Associated Press
New York, Jan. 20.—In two New
Jersey towns—Tenafly and Passaic—
the residents to-day are rejoicing at
the prospect of making up much lost
sleep. At Tenafly the chimneys in a fifty
foot stone tower erected by Mrs. Julia
Gertrude Lyle as a memorial to her
husband, will not ring at night here-
after. This was decided at a hearing
before Vice-Chancellor Lewis in Jer-
sey City yesterday after several of
Mrs. Lyle's neighbors had testified
that the bells gave them no peace.
At Passaic the residents of Passaic,
yesterday sent out notices that the
Lackawanna railroad, in reply to a
letter of protest by the residents, had
issued orders to its engineers that they
must not toot their whistles except
when conditions of actual danger re-
quire them to do so.

**How Good That
MUSTEROLE Feels!**

A-A-h! That's delicious relief for
those sore muscles, those stiff joints,
that lame back.
MUSTEROLE is a clean, white
ointment, made with the oil of mus-
tard and other home
simples.

It does the work of
the old-fashioned mus-
tard plaster, minus the
blistering and minus the
blister!

You simply rub
MUSTEROLE on the
spot where the pain is—rub it on
briskly—and the pain is gone.

No muss, no bother. Just comfort-
ing, soothing relief—first a gentle
glow, then a delightful sense of cool-
ness. And best of all, no blisters like
the old-fashioned mustard plaster
used to make.

There is nothing like MUSTEROLE
for Sore Throat, Bronchitis, Tonsillitis,
Croup, Stiff Neck, Asthma, Neuralgia,
Headache, Congestion, Pleurisy, Rheu-
matism, Lumbago, Pains and Aches of
the Back or Joints, Sprains, Sore Mus-
cles, Bruises, Chills, Frosted Feet
and Colds of the Chest (it prevents
Pneumonia).

Doctors and nurses frankly recom-
mend MUSTEROLE. It is used in
large hospitals.

At your druggist's,
in 25c and 50c jars,
and a special large
hospital size for \$2.50.

Accept no substitute.
If your druggist can-
not supply you, send
25c or 50c to the
MUSTEROLE Company, Cleveland,
Ohio, and we will send you a jar,
postage prepaid.

Charles H. Kelley, Philadelphia, Pa.
says: "I have great faith in Musterole; in-
deed, I have prescribed it for several of
my patients this week; it is a very
valuable remedy."
