Get Rid of Pimples—Quick

By Using Stuart's Calcium Wafers—Natural Little Blood Purifiers That Work Like a Charm

Don't despair if your face is covered with pimples, blotches, liver spots, or your body is covered in spots with tetter, rash, boils, etc. Just use Stuart's Calcium Wafers for a short time and see how quickly you will clear up your skin.

"It is Simply a Constant Joy to be Rid of Those Horrible Pimples."

Pimples and eruptions of all kinds come from the inside. The blood casts out the impurities it contains and thus pimples, boils, etc., appear. Cleanse the blood, stop the poison from developing in the blood tissues and pimples will vanish as if by magic.

Stuart's Calcium Wafers contain in a natural manner the greatest blood purifier—Calcium Sulphide.

Calcium Sulphide and the other ingredients of these remarkable little wafers are just what impure blood needs. You must know that the blood is rushing through our veins very fast. It takes less than a minute for our blood to cover the entire body.

You can thus readily see that Stuart's Calcium Wafers, when they enter the body, have an almost instant effect upon all impurities no matter where located, whether it be the tip of the nose or the ends of the toes.

By the use of Stuart's Calcium Wafers your complexion will take on a fresher hue and a more natural series of tints than ever before.

Impure blood is blue or black. Purify it and it becomes ruby red. This color showing beneath the skin is the secret of all beautiful complexions.

Stuart's Calcium Wafers are sold by all druggists everywhere. Price 50 cents a box.—Advertisement.

Peculiar After Effects of Grip This Year

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles.

Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it.

Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50 cts. and \$1.00. For sale at all druggists. Be sure to mention this paper.—Advertisement.

CUPID AND TELEGRAM MAKE PAIR HUSTLE

When John Merick, a young civil engineer of Chicago, got into Johnstown yesterday, showed his pretty fiancée a telegram ordering him to Argentina, South America, at once, and asked her to go along as "Mrs. Merick" she blushed furiously and said mercy, she wasn't nearly ready; she hadn't a thing to wear.

Merick insisted; his boat was due to leave to-day, and—

The bride-elect hustled some things into a suit case and they came to Harrisburg. They got in just before the recorder's office closed but they met a legal snag that sent their hearts in to their boots. The bride-to-be admitted she was only nineteen; in their haste they hadn't brought parental consent along and time was too valuable to send after it.

"We'll go to Hagerstown," promptly decided Mr. Merick.

"But, oh, dear," wailed the pretty bride-of-a-hurry, "what WILL I do for something to wear. John, dear, I have THING."

John didn't wait long. He snapped open his watch, got a tip as to the nearest big department store, hurried his bride there and called the eager services of several pretty salesgirls. While lacy ribbons things were being selected and packed, shirtwaists and so on were folded away. And the hurrying couple got the train for Hagerstown.

CHICKEN SENT LOUIS ON A MERRY CHASE

Pretty Thing Was All O. K. With the Exception of Its Liver

"Louis, the Tailor," of 621 North Second street, this morning became an ardent follower of those who are contending for the establishment of a municipal abattoir, or slaughterhouse. Louis had a trying experience. Painful and tiresome might describe just what he went through. These are a few of the painful facts:

Louis bought a chicken. Straightway he went to the rabbit to have the chicken killed. (The painful or tiresome part has not begun yet.) At home Mrs. Louis was waiting to prepare the chicken for the dinner. She eagerly took the bundle from Louis' hands. Ten minutes later Mrs. Louis in a flustered manner called Louis into the kitchen and showed him what looked something like a discolored

chicken liver. "What's the matter with that?" she wanted to know. And Louis retraced his steps to the house of the rabbit. The rabbit advised the opinion of James Foust, State Dairy and Food Commissioner. Louis continued on his way with the chicken under his arm. Commissioner Foust listened patiently to the tale that Louis told. Then this: "Better see Mayor Royal, my man."

Louis marched out with the chicken. Mayor Royal sat gravely through Louis' recital. He tapped his pencil on the desk as he meditated. Then this: "You'd better see our health officer, Dr. J. M. J. Raunich."

Louis bowed himself from the Mayor's presence, cuddling the chicken under his arm. Dr. Raunich heard the oft-repeated tale of the discolored liver and pointed toward the office of Dr. H. R. Douglas, meat inspector for the city.

And here Louis, almost in despair, found aid and help. In a short time Dr. Douglas announced that the chicken had a liver that was tubercular. He said Louis should not eat a whole morning gone and no chicken.

Louis stood in the middle of the floor and announced himself as the champion from henceforth of the municipal abattoir.
