WEST END CITIZENS WANT EXTENSION OF CLUSTER LIGHTING

Petition Commissioner Bowman For Conference on Plan For Third Street

TO MAKE TRIP OVER TOWN Superintendent of Public Safety to Go Over City; Other Sections Want It, Too

West End citizens have petitioned Commissioner Harry F. Bowman, superintendent of public safety, for an extension of the ornamental street lighting by cluster standards on up North Third street.

Commissioner Bowman some weeks ago that he meant to confer with officials of the Harrisburg Light and Power Company relative to the extension of the cluster light system to include standards on the four corners of the cross-sections of Third and Maclay, Sixth and Maclay, Thirteenth and Derry, Third and Verbeke streets, met with such general approval that business men and residents in other sections have taken the matter up.

The residents of the upper end of the city want the cluster lights extended from the proposed clusters at Third and Verbeke to Maclay. Others in Verbeke street want the system to be carried out from Third to Front.

Commissioner Bowman expects to make a trip over the city with an official of the electric light company in the near future with a view to inspecting possible locations for additional cluster lights. He is now awaiting data on the subject. Ever since the cluster and standard lights superseded the overhead arcs in the business district Harrisburg citizens have discussed the possibilities of extensions in other parts of the city.
