

HAD BRONCHIAL COUGH SINCE CHILDHOOD
All Treatments Failed. Relieved by Peruna.

Mrs. Wm. Hohmann, 2764 Lincoln Ave., Chicago, Ill., writes:
"I suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child.
"I would sit up in bed with pillows propped up behind me, but still the cough would not let me sleep. I thought and everybody else that I had consumption."
"So reading the papers I decided to try, with a bit of hope that it would do me any good. But after taking three bottles I noticed a change. My appetite got better, so I kept on. Finally I seemed to get so much and the pains in my chest got better and I could rest at night."
"I am well now and cured of a chronic cough and sore throat. I cannot tell you how grateful I am, and I cannot thank Peruna enough. It has cured where doctors have failed and I talk Peruna wherever I go, recommend it to everybody. People who think they have consumption better give it a trial."
"Those who object to liquid medicines can now procure Peruna Tablets."

HEAD STUFFED? GOT A COLD? TRY PAPE'S "Pape's Cold Compound" ends colds and grippe in a few hours
Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops sneezing, discharge of nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.
Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Accept no substitute.—Advertisement.

ARREST SUSPECTED COAL THIEF
Edward Hodge, colored, was arrested early this morning with a bag of coal in his possession. Roundsman McCann sent him in as a suspicious character.

ABDOMINAL BELT FACTORY
Navel Rupture After Operation
Floating Kidney
Appendicitis
After an operation don't fail to get the Shanaman's Appendicitis Belt with the protecting pad over the incision to prevent ventral, or after-operation hernia, which is so often the case. In our fitting rooms we have an experienced lady who will take all the measurements and fit the belts correctly for ladies, so that they will have comfort in wearing them. For men we have men attendants. If a person is in need of a belt and can not call at our fitting rooms he can drop us a postal or phone. We will serve him at his home.

SHANAMAN'S
408 Market St. Second Floor
Over Delner's Jewelry Store.

Thin People Can Increase Weight
Thin men and women who would like to increase their weight with 10 to 15 pounds of healthy "stay there" fat should try SARGOL. It is a food made from their own meat, with their own fat, and their own strength. Here is a good test worth trying. First weigh yourself and measure yourself. Then take SARGOL—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put. SARGOL does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But SARGOL stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. SARGOL is safe, pleasant, efficient and inexpensive. Geo. A. Gorras and other leading druggists in Harrisburg and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.—Advertisement.

Fine Printing THE TELEGRAPH PRINTING COMPANY HARRISBURG, PA.

EMPEROR WILLIAM OF GERMANY, 55 YEARS OLD TODAY

Birthday Is Occasion For General Holiday in All Parts of Country

Special to The Telegraph
Berlin, Jan. 27.—Emperor William celebrated his fifty-fifth birthday today, hale and vigorous in body and mind, and able still, as was shown by his recent wood chopping exploits, to undertake the physical work of a man in the prime of life. All classes of his subjects joined in observing the day, celebrations being held by the university and technical school students, by the Academies of Arts and Sciences, by army and navy officers, by civic organizations and by municipalities and veteran associations throughout the empire.

The emperor in Berlin was ushered in by the traditional sounding of a chorus from the lantern of the castle dome by a corps of trumpeters at 7 a. m. and by the "grand reveille" by massed military bands which marched from the castle to the Brandenburg gate, the whole length of the crowded Unter den Linden and return.

After divine services in the royal chapel his Majesty held a birthday levee and received the congratulations of his ministers, of the ambassadors and ministers accredited to the German court, of the high military and naval authorities and of the court society.

Meets U. S. Ambassador
In the progress of the diplomatic corps through the Linden to the castle, always a great attraction for the spectacle-loving citizens of Berlin, the United States ambassador, James W. Gerard, in a highly military and naval attire, without gold braid or decorations, was a conspicuous figure among the foreign representatives, all in gorgeous uniforms covered with orders and medals, and the carriage of state. His Majesty had a cordial greeting for Mr. Gerard and conversed for several minutes with him.

The levee was followed by a customary military event, the giving out of the passport for the day, which was, as always, "Long life to his Majesty." The emperor, attended by his sons and followed by a glittering suite, walked from the castle to the guardhouse near the arsenal, where all the officers in Berlin were assembled for the ceremony.

High Honor Conferred
The highest honor conferred to-day was to Prince Guido Henckel von Donnersmarck, who received the Black Eagle, the highest member of the "princes' trust," in which his partners are Prince Maximilian Egon zu Fürstentberg and Prince Christian Kraft zu Hohenlohe-Ingelheim, and which possesses enormous interests in real estate, mining and shipping concerns.

A newspaper publisher, August Scherl, proprietor of the Lokal Anzeiger, followed by the same publications, was honored with the second class of the Red Eagle with the star.

The same decoration without the star was conferred on Professor Paul Ehrlich, the eminent physician.

Dr. Wilhelm Bodea, the director of the Royal Museums, was raised to the hereditary nobility.

Hot From the Wire

Liverpool.—The Cunard liner Mauritania suffered only slight damage from the explosion of compressed gas which occurred on board yesterday, killing four men and injuring a number of others.

New York.—Joseph Cassidy, one time Democratic leader of Queens county and a political lieutenant of Charles F. Murphy, was called for trial to-day charged with having received a bribe paid by William Willett, Jr. for nomination to the Supreme Court.

New York.—The special grand jury is investigating alleged political graft re-arrests to-day. James C. Shaw, said to have gone-between in money transactions, was the principal witness called.

Philadelphia.—Did the Delaware Lackawanna & Western Railroad Company comply with the conditions of the Supreme Court in the demolition clause case when it disassociated itself from the sale of coal it produced from the sale of coal it owned, was the point to be decided when this case came up for argument to-day in the United States District Court.

Havana.—General Felix Diaz has not left Cuba since his arrival here early in November after his flight from Vera Cruz on board the United States battleship Michigan.

Washington.—The House commerce committee agreed to-day to meet daily beginning Friday for the framing of anti-trust legislation. The Interstate Trade Commission and control of railroad stocks and bonds will be taken up with hearings as soon as witnesses are ready.

London.—Representatives in Great Britain of the Hamburg-American Steamship line declared to-day that the rate was opened between the German companies is to be a fight to a finish. No quarter will either be shown or expected between the Hamburg-American and the North German Lloyd.

Washington.—The administration's program for control of financial operations of railroads will be expedited by the Interstate Commerce Commission's sensation report on the "Prisco" system receivership, according to many sources to-day.

Cape Hatten, Haiti.—The revolution in Haiti is spreading all over the north. At Port De Paix and Gonaives the entire population has risen.

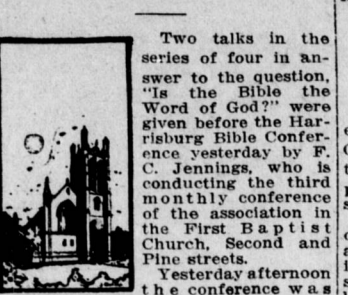

Haleyville, Ala.—Three small children of Mr. and Mrs. Perry Rowland here are dead to-day, the result of eating rat poison while their parents were away from home visiting.

Chicago.—Mrs. Sarah Howland Jones, wife of Captain George N. Jones, Downers Grove, Ill., died of the family home to-day after a long illness, aged 77 years. She was a direct descendant of John Howland who came over on the Mayflower.

New Haven, Conn.—Strong school one of the largest and best equipped of the city's grammar schools, was burned early this morning with a loss of \$150,000.

BIBLE PROOF TO BE UP AT CONFERENCE

Unity Shows Divine Nature of Book, Says Jennings in Lecture

Two talks in the series of four in answer to the question, "Is the Bible the Word of God?" were given before the Harrisburg Bible Conference yesterday by the Rev. J. S. Jennings, who is conducting the third monthly conference of the association in the First Baptist Church, Second and Pine streets.

Yesterday afternoon opened with a talk on "Proof Through Its Unity." Mr. Jennings showed that through the various books were written at intervals and by writers who lived far apart and had different customs, yet the spirits is the same, and this unity shows its divine nature.

In the evening he talked of the "Proof Through Its Difficulties." He said the Book is shown to be divine because of the inspiration which made the authors write things that were frequently beyond human intelligence and could be understood only through faith in the Word.

To Hold Social.—Members of Grace Methodist Episcopal Church will be guests of the recently formed Epworth League, of the church, at a social to be held in the home of Mrs. S. J. Schreffler, at the home of Mrs. Lillian Whitman, 417 Hamilton street, leader, George Ross, at the home of Mrs. Charles Knabe, 1413 North Sixth street, leader, Mr. Parks; at the home of Mrs. Sidney Gear, 1513 Penn street, leader, William Ellis; at the home of Mr. and Mrs. John Wright, 1338 North Third street, leader, the Rev. Harry Hoffman. These meetings are in preparation for the evangelistic campaign which is to be started in this church next Sunday night. Preparatory services are also being held in numerous homes to-day evening. Already there have been a number of conversions and accessions to the church.

Posters Advertise Meeting.—Posters advertising the public missionary meeting in the interests of Christian unity, to be held at the First Baptist Church to-morrow to the pastors of all churches which have not received the bills last Saturday, so that they will be in the hands of the pastors in time to appear in the church buildings on Wednesday and Thursday evenings. The posters are large ones, in two colors, calling attention to the two meetings to be held at the Grace Methodist Episcopal Church on February 6.

Former Pastor of First Baptist Church to Lead Olivet Revival Services

Great interest is being taken on Allison Hill in the evangelistic services to be held at Olivet Presbyterian Church, Kittington streets. The Rev. Dr. Isaac W. Bagley, of Camden, N. J., who has been specially engaged for two weeks' campaign, is well and favorably known in Harrisburg, having formerly been pastor of the First Baptist Church of this city.

Police Hunting Man Who Stopped Barber and Escaped Officer

Police are searching for a man who, it is alleged, tried to hold up Charles M. Williams, a barber employed at Union Station.

Williams, who lives at 1119 North Second street, was on his way home about 1 o'clock Sunday when a man stepped out from an alley near Boas street and called to him.

Williams, who suspected a hold-up, hurried on and met Policeman Carson, a short distance away. Carson returned to the alley, found a man lying there, but when he tried to arrest him the suspect tumbled and got away.

Six Trainloads of Passengers Marooned

Los Angeles, Cal., Jan. 27.—With seven persons drowned, all forms of overland transportation either tied up or handicapped seriously, six trainloads of passengers marooned and this section of the State damaged to the extent of more than a million dollars as a result of the unprecedented storm which has been raging since Saturday, prospect of relief brightened with the appearance of the sun to-day.

At Santa Barbara, where the greatest damage was done, a heavy rain was falling this morning.

WOULD READ CHIEF'S PALM

Colonel Hutchison had a caller at police station this afternoon, that gave him a few minutes of amusement. Mary Levan, who says she is an Indian, with three children, and that she is searching for her husband, wanted to read his palm and tell his fortune. Finally the Chief of Police told the woman to leave the city.

WAR ON CHINCH BUGS

Washington, D. C., Jan. 27.—Cooperation by farmers in killing off the chinch bug, a pest which is estimated to have done \$350,000,000 worth of damage to crops in this country during the past sixteen years, is recommended by the Department of Agriculture.

CLEAR HARDSCRAPBLE BY CHANGING STREET

Municipal League Proposes That Front Street Be Run Through Settlement

Proceedings incident to the straightening of Front street from Herr to Calder were suggested to City Council this afternoon as the most feasible plan for the elimination of "Hardscrabble" from the city.

The suggestion was offered by a committee of the Municipal League and is similar to the scheme embodied in the ordinance submitted to City Council several years ago, which died in the lower branch of Council.

"Hardscrabble" is the district lying west of Front street between Calder and Herr. The section of Front street upon which it faces has never been formally opened. By straightening the highway to conform with the city map, the street would extend directly through the houses in the section in question.

Following the adoption of an ordinance formally opening the street, the city could then apply to the Dauphin County Court for the appointment of viewers to assess damages and benefits that would arise from the suggested improvement.

The damages the city would be liable for would probably run into some thousands of dollars.

The matter was discussed before Council by Ross a Hickok, ex-Common Councilman, who fathered the original "Hardscrabble" ordinance.

Wants Congress to Change Its Time of Meeting by Amendment

Washington, D. C., Jan. 27.—Senator Shafer, of Colorado, is pressing the Senate Judiciary committee for favorable action on his resolution to amend the Constitution so as to make the date of the convening of Congress the first Monday in January following the election instead of March 4, and to have the term of the President begin the third Monday in January instead of March 4.

Under his plan the newly elected representatives would settle such an issue, other arguments made by Senator Shafer in favor of his amendment.

Efforts Will Be Made to Unionize Employees of Federal Government

Washington, D. C., Jan. 27.—A general campaign is to be conducted by organizers of the American Federation of Labor throughout the country in an effort to unionize the 300,000 government employees.

DEATHS AND FUNERALS

Man Who Helped Pave Many Streets of City Dies at Syracuse, N. Y.
News reached Harrisburg to-day of the death of John J. Gallagher, who for a number of years was employed in the construction of streets in Harrisburg. The funeral took place yesterday and burial was made in St. Agnes' cemetery, at Syracuse. Mr. Gallagher was 52 years of age. Death was due to a nervous breakdown.

CHAMBER OF COMMERCE TO HAVE HEADQUARTERS IN MECHANICS BANK BLDG.

Quarters of the Harrisburg Chamber of Commerce will be a suite of three rooms on the third floor of the new building of the Mechanics' bank at Third and Market streets, it was decided yesterday. The building will be ready for occupancy by March 15.

NEW EXPRESS RATES TO GO INTO EFFECT FEBRUARY 1

New York, Jan. 27.—On February 1 the express companies will put into operation the new rates ordered by the Interstate Commerce Commission.

MRS. SARA MINNICH

News of the death of Mrs. Sara Minnich, of Marietta, reached this city yesterday. The local Police Department was asked to locate her two sisters, Mrs. Maggie Rhodes, former of Camp street, who it was learned, had moved to Columbia, and Mrs. Mary Keim, of Edgemont.

MRS. KATHERINE WAGNER

Mrs. Katherine Wagner, aged 19, of 939 North Seventh street, died early this morning at the Harrisburg hospital. Funeral arrangements will be announced later.

REPAIRS OFFICE'S IMPROVEMENT WORK GO TO COMMISSION

Council Gets Reports of Paving, Sewer and Building Operations in 1913

All that Harrisburg did in 1913 for the improvement of the city in the way of street paving, construction of new sewers, etc., and erection of new buildings, is explained in detail in interesting reports submitted to City Council this afternoon by City Engineer M. B. Cowden and Building Inspector Edward Moeslein, respectively.

The annual report of the paving work and sewerage, by the Highway Department has also been completed by James C. Thompson, chief clerk. This report corresponds in most respects with that of the City Engineer, except that an additional mile of paving is included.

The added mile covers Penn and Front streets, already completed but which had not been reported in the engineer's report was finished.

City Engineer Cowden's report, as usual, is brimful of just the sort of data in which the average taxpayer and citizen are interested. Among the things the report shows that the total paving area in existence January 1, 1914, was 68,328 miles, and that 5,392 miles were laid during the past twelve months. Following is a summary of the work of the department:

City Area, 5,540 Acres; Park, 1,063 Acres.
Total regulations for buildings, fences, etc., 128; approximate cost of buildings reported to office, \$97,720; plans for paving, curbing, gutters, sewers, water pipe, etc., 701; number of profiles, 42; surveys for regulating curbs, etc., 346; surveys for curbing, etc., 27; surveys for water pipe, 101,254 feet, or 19,177 miles; sewer connections examined, 859; sewers in existence January 1, 1913, 402,403.44 feet or 76.21 miles; sewers built in year, 10,490 feet, or 1.96 miles; in existence January 1, 1914, 413,893.44 feet, or 78.24 miles; water pipe January 1, 1913, 418,345; laid in 1913, 15,992.50 feet, or 3.03 miles; total, January 1, 1914, 434,337.50 feet, or 82.26 miles; paved streets in existence January 1, 1913, 1,033,431.66 square yards, or 63,389 square miles; less 5,226 square yards taken out in 1913, leaving 1,028,205.66 square yards, or 62,936 miles January 1, 1914; laid in 1913, 60,986.12 yards, or 5,392 miles; length of highways graded in existence January 1, 1913, 54,86 miles; graded in year, 5,641.11 acres; park area, 1,463.31 acres.

The Miles of Curbing and Paving
Foot of curbing existing January 1, 1913, 573,509.44 feet, or 108.618 miles; less 210,400 feet, or 39.13 miles, set in 1913, 298,844 feet, or 55.64 miles; in existence January 1, 1914, 603,103.38 feet, or 114,224 miles; house connections made and served in 1913, 981; assessments, \$50,200; number of notices made and served by department in 1913, 7,831.

Of equal interest is the report of Building Inspector Moeslein. The summary shows that permits were issued for the following big business, educational, religious and public buildings:

Green Street Church of God, Young Women's Christian Association, Merchants' Bank, Harrisburg Light and Power Company's plant, Paxton-Fisher, Blough Manufacturing, addition, and St. Matthew's Evangelical Church, Harrisburg, B. Record.

The departmental income shows that \$808 was received from building permits, \$550 for party lines, \$4.25 for removals of buildings, 25 cents for vault, and \$129.27 from billboard permits, a total of \$947.97. The report is based on the nine months of the year from April 1 to January 1.

The total number of all permits, building, miscellaneous, additions and remodeling during the year was 485, costing approximately \$1,228,435. By comparison with other years the incomes follow: 1913, \$1,467,040; 1912, \$1,167,125; 1911, \$1,249,075; 1910, \$1,139,315; 1909, \$2,120,825; 1908, \$981,705; 1907, \$1,874,143; 1906, \$1,859,840.

In the comparison of the year's building operations by wards the Ninth is shown to be in the lead with 59 permits, the Tenth, a good second with 43. The Sixth is low with 5.

Following is the comparison by wards, showing total permits and approximate amounts expended:

Wards	Permits	Cost
First	11	\$48,775
Second	16	212,750
Third	10	112,750
Fourth	20	37,700
Fifth	14	27,215
Sixth	5	18,800
Seventh	30	61,075
Eighth	15	70,000
Ninth	59	291,340
Tenth	43	260,105
Eleventh	9	17,805
Twelfth	13	29,385
Thirteenth	19	52,925
Total	270	\$1,228,435

STATE MAY BUY RADIUM

(treatment of cancer patients, if a bill introduced in the Legislature becomes a law. The bill provides for the use of the radium at the State Hospital in Buffalo.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.
