HOSPITAL REPAINTED
The interior of the Harrisburg Hospital attracts the attention of the visitors these days because of its fresh appearance. The entire building is being repainted and refurnished inside, and the floors have been waxed and polished until they shine. New linoleum has been laid in the men's and women's private wards and the main and dispensary corridors have been entirely renovated.

Brothers Rescue Three Girls From Drowning
Special to The Telegraph
Williamsport, Pa., Jan. 27.—Raymond and Frank Bastian, brothers, of South Twelfth street, a weighmaster here medals yesterday when they rescued three young women, Emily and Hazel Young and Minnie Nagel, from drowning in the river. The three broke through the ice while skating. When the ice broke the girls went under the water, which was ten feet deep, but when they came to the surface managed to cling to the broken ice edge. The Bastian boys crept over the thin ice and hauled the girls from the water.

This Home-Made Cough Syrup Will Surprise You

Costs Little, but there is Nothing Better at any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and usually conquers an ordinary cough in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating bronchial asthma, bronchitis, spasmodic croup and whooping cough. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

James J. Hill Looks For Steady Business
New York, Jan. 27.—James J. Hill, who visited Wall street yesterday for the first time in months, thinks that the outlook is bright.

"The fog and mists, if there were any, are clearing away," he said. "While there have been startling developments in the northwest conditions there are good and fundamentals are sound. I do not expect what is generally called a boom, but do look for steady business. The improvement work under way is of a permanent character and for investment rather than speculation. Farm-most noticeable in Minnesota and the Dakotas, are changing from raisers of grain to raisers of livestock. This tendency is for the general betterment of the Northwest."

Moving Picture Man Is Killed by Lion
By Associated Press
Nairobi, British East African Protectorate, Jan. 27.—An encounter with a lion caused the death here to-day of Fritz Schindler, a member of an American moving picture expedition engaged in taking pictures of wild animals in their natural surroundings in Africa.

Schindler, with others belonging to the expedition, was attempting to photograph a lion in the jungle when the animal sprang on him.

STATE WILL DEMUR ON COAL TAX SUIT

Attorney General Bell Arranges For the Commonwealth's Side of the Big Case

Attorney General Bell to-day announced that a demurrer would be entered by him in the action in equity brought to test the constitutionality of the anthracite coal tax law of 1913. This demurrer will be entered in the Dauphin county court within a week or so and it is probable that the question of jurisdiction under the circumstances will be raised.

This is the last week for coal producers to file their reports of output for 1913 and next week the computation of taxes due to the State will be made. Comparatively few companies have failed to report.

To Name Board.—The State Board of Education has been called for a meeting on Thursday when the trustees to administer the West Chester State Normal School will be named. Park Real Estate Co., Newark, is the school became State property following the recent proceeding in the Chester county courts.

Fine Results.—Unusual results from vaccination of hogs for hog cholera were reported to-day from the State Live Stock Sanitary Board. Three hundred hogs were vaccinated in the eastern townships of Allegheny county and the loss was only ten per cent, which is far lower than known for a long time. The spread of infection was checked in half a dozen large herds.

Board to Meet.—The State Board of Agriculture, which has held annual sessions since 1877, will begin its meetings to-morrow at the House caucus rooms in the Capitol. Governor Tener will welcome the delegates and arrangements have been made for a paper by every head of a department of the State Government dealing with agriculture. Roads will be the big theme to-morrow morning.

STEELTON MIDDLETOWN & CHICKENSPIRE ROYALTON OBERLIN & ENHAUT

HE SHOULD WORRY ABOUT LIVING COST

BUTCHERS GIANT HOG Photo by Gerhardt

At least one man in Steelton isn't worrying any about the high cost of living—that is so far as at least one item on his family budget is concerned. The man is Joseph Mathes, who lives on the Lochiel farm out back of the Baldwin Cemetery, and the reason that he isn't bothering his head much about the price of pork is that Mr. Mathes butchered a hog on Saturday that was 806 lbs. It tipped the scales at some 866 pounds strong.

Mr. Mathes, who makes a business of raising hogs, says that this is one of the heaviest porkers butchered in Dauphin county for several years. When the farmer attempted to "wrestle" the hog he found that he had a job on his hands and it was necessary to have the assistance of eight other men.

The hog was a little over 7 feet long and measured 5 feet 7 inches around. More than 300 pounds of lard were rendered from the animal.

PARK SYSTEM FOR STEELTON DISCUSSED

Two Tracts of Land Suitable For the Purpose Are Available

Plans for the development of a comprehensive park system for Steelton, and ways and means for procuring more houses here were discussed at a meeting of the Steelton Municipal League in the Steelton Light and Power Company's Building, North Front street, last evening.

At the present time the borough has two tracts of land suitable for park purposes—the Luther R. Kelker plot of nine acres, presented to the borough some years ago by the Kellogg family, and a tract of four acres surrounding the reservoir at the end of Swatara street. These two tracts could be developed into an excellent park system by gaining an additional small tract near the powerhouse the parkway could be connected with Harrisburg's city parks.

A committee consisting of Charles S. Davis, chairman; J. V. D. Reynoldson, secretary; J. W. W. Reynoldson and Dr. W. J. Middleton, was appointed to take up the matter of park development with the borough council, to see if a start cannot be made toward the development of these tracts.

Houses Badly Needed
The need of more new houses to make homes for men employed at Steelton who live elsewhere was discussed at some length. It seems that there is a great demand for houses renting from \$18 to \$25 a month in Steelton. At present there are two new residential sections of the borough in the course of development. They are the Eleventh street extension and the Kelker tract at the upper end of Pine street. On these two tracts there are at least ten new houses to be built within the coming season.

President Harry C. Wright appointed the following standing committees for the ensuing year, with the first named man as chairman:

Municipal affairs, C. H. Pennell, Ross M. Frey, M. R. Allemen, J. A. McCurdy, W. H. Newland, J. B. Maginess, C. M. Fannell, H. E. Gallagher, E. C. Henderson, Jacob Koselowitz, C. P. Feidt and C. J. Young; street improvement, J. M. Heagy, L. H. Sutton, Bartram Shelley, W. L. Messinger and L. B. Nyer; parks and playgrounds, Charles S. Davis, J. V. W. Reynoldson, E. E. Johnson, R. M. Rutherford and Dr. W. J. Middleton; sanitation and health, E. M. Mengle, C. W. McCoy, H. E. Gallagher, Solomon Hiney and W. F. Maginess; beauty and attraction, C. H. Beidle, A. F. Leeds, L. E. McGinness, C. H. Mercer and M. D. Myers; membership, W. F. Maginess, C. M. Fannell, H. E. Gallagher, E. H. Mengle, H. W. Stubbs, J. B. Malehorn, C. S. Davis, C. H. Beidle, C. R. Holton and C. E. Scott.

WOULD LOP MILL OFF MIDDLETOWN TAX

Budget System to Be Recommended by Committee on February 9

The finance committee of the Middletown council is planning to systematize the expenditures of the borough in such a way that enough money may be saved to cut one mill from the existing tax rate. The committee is now working on plans to be presented to councils at its next meeting on February 9.

One of the innovations will be the recommendation of all appropriations in budget form. Former councils were in the habit of making appropriations for each department of the borough as the money was needed. Separate bills for each item were presented to councils and approved with an appropriation to pay the bill.

Under the new plan being worked out by the finance committee a certain sum will be appropriated annually for the fire department, water department, park board, highway department, sewers and incidental municipal expenses. In this way it is believed by the councilmen that in a short time through more systematic business methods enough money may be saved the taxpayers to reduce the mill rate one mill.

The members of the finance committee who are preparing the borough's first budget are: C. B. Earls, ex-burgess, chairman; William M. Albright and S. B. Gingrich, all Republicans.

Lament That Highspire Is Home of Old Rye

Church members who sign their names to petitions for the renewal of a hotel license or to petitions requesting the granting of new licenses, were bitterly arraigned by the Rev. Frank Moyer, pastor of the Lutheran church at Highspire, in a sermon Sunday.

The Rev. Mr. Moyer bitterly attacked the entire liquor traffic and called attention to the evils arising from it. He said that he deplored the fact that Highspire's principal industry was a distillery and that the town is known as the home of Old Rye. He expressed the hope that the borough would soon have more inspiring and helpful industries.

PLAN JEFFERSON DINNER

The Central Democratic Club is making plans for a Jefferson Day dinner to be held in the club headquarters next Tuesday evening. It is planned to have a number of prominent Democrats present.

HOLD "DUTCH LUNCH"

John Devlin entertained at a "Dutch lunch" Saturday evening at his home, 328 North Second street, in honor of his brother, Corporal Thomas Devlin, who leaves February 3 for Honolulu. Among the guests were: Mr. and Mrs. Joseph Devlin, Sr., Mr. and Mrs. Joseph Devlin, Jr., Mr. and Mrs. Thomas Devlin, David Devlin, John Devlin and sons, Joseph and Thomas, Mrs. Charles Haupt, Miss Wolf, Miss Wert, of York; Mr. and Mrs. Robert Thompson, Miss Powell, Mr. and Mrs. G. P. Pitt, of Highspire; Miss Sadie Diegel, Otto Dehner, Mrs. Mary Finney and William Dimeler.

Negro Is Lynched For Murder of Salesman

By Associated Press
Muskego, Okla., Jan. 27.—Benjamin Dickerson, a negro, charged with the murder of W. A. Chaffin, a traveling salesman, at Oklahoma City, Sunday night, was hanged by a mob in automobiles, taken to Noble, nine miles north of Purcell, and hanged. The negro's body was then riddled with bullets.

Members of the mob are said to have come from Oklahoma City. The jailer was alone when the mob arrived. Chaffin, the salesman, was overpowered, killed, the salesman killed, was first robbed and then shot.

QUICKLY ENDS THE WORST BACKACHE

Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Vanish

It is no longer necessary for any one to suffer with backaching, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pain in your back, and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or are bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.—Advertisement.
