Food in itself is harmless. The reason stomach troubles arise is due to faulty digestion brought about by overworking the body or brain, sickness, overeating, late hours, etc.

Dyspepsia Tablet After Meals to Play Safe."

The only way to correct faulty stomach troubles and digestive mistakes is to do what nature wants. All that nature needs is a little assistance to do this work. This is why doctors tell you to diet. By not eating nature is compelled to aid herself. You do not then overwork her when she is already exhausted.

Stuart's Dyspepsia Tablets go into your stomach just like food. They help digest this food. Then they enrich the blood, and thus when the next meal is eaten the system is better prepared to do its work without assistance or at least less harmfully. By following this natural habit you will in a short time correct stomach trouble, do away with indigestion and remove all danger of fatal digestion troubles.

remove at anger or fatal digestor.
Stuart's Dyspepsia Tablets are the best tablets made. They are composed of the very best natural ingredients, one grain of one element will digest 3,000 grains of meats, fish, vegetables, grains, soup, etc.

Always take a Stuart's Dyspepsia Tablet after meals or just before bed time. By doing this you will be acting wisely and playing safe.

Prayer Starts Fight

Prayer Starts Fight

The meeting was opened with a prayer by the Rev. Jay C. Forncrook, of the Maclay Street Church of God. James A. Stranahan was made temporary chairman on motion of Mr. Barker. Mr. Stranahan in opening the meeting outlined its purpose and the aim of the organization.

The Rev. Mr. Nyce who spoke first called the meeting a historic landmark for Dauphin county.

"You are, on the threshold of the extinction of the liquor traffic," he said. "The liquor men in their journals admit the end of the business is in sight within six years, and it is our belief that within three years the Federal Constitution will be so amended as to prohibit the traffic."

Dauphin County Should Lead

Dauphin County Should Lead

He said that because of this county's central location it should be a leader in the movement in the State. He remarked that thirty counties are organized against the saloon and thirty are dry or drying.

"Get into the movement in earnest," he advised. "All that is needed is to present real facts to the people. Make the facts local. In Dauphin county you are spending \$1,000,000 a year for liquor. What does it mean? Drunkenness, the unfitting of men for work and crime."

Mr. Stranahan said in the discussion which followed the talk by the Rev. Mr. Nyce that more liquor is sold in social clubs than in barrooms. It was pointed out that general remonstrances amount to little as the remonstrance must come from the district where the saloon is located.
