**Cough Two Years Old Yields to Vinol. Read Why.**

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold. Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again? Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way." The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added. Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system. You can get your money back any time if Vinol does not do all we say. George A. Gorgas, Druggist, Harrisburg, Pa. Vinol is sold in Steelton by T. Prowell. P. S.—For itching, burning skin try our Saxo Salve. We guarantee it.—Advertisement.

**TRYING TO REACH 80 MILLION MOSLEMS**

**Sunday School Workers Will Talk on Subject in This City**

The conference which is to be held in Grace Methodist Episcopal Church on Friday evening of next week on work among Moslem children, is one of a number to be held in cities of the State. The conference will be interdenominational, and a committee, of which James W. Barker is chairman, and E. F. Weaver, secretary, is arranging to receive the touring party. The meetings will be held afternoon and evening. From February 2 to 11 a whirlwind tour of fourteen important Eastern cities will be made by this party of World's Sunday school experts, with the purpose of informing the people of the wonderful transformation that is taking place among the ancient races in Mohammedan lands. Their mission is to enlist interest in a magnificent plan, in which the Sunday schools will have a large part, in reaching the more than 80,000,000 Moslem boys and girls who now live in the most degraded and demoralizing environment. The cities to be visited in Pennsylvania by the Moslem tour party are: Pittsburgh, Altoona, Harrisburg and Philadelphia. On February 8 Pittsburgh, Altoona and Harrisburg will be visited by various members of the party, respectively. Conferences, banquets and mass meetings have been arranged in these cities and it is expected that the party will arouse a mighty interest that will bring lasting benefit to the Moslem people. The touring party consists of the following well known men: The Rev. Dr. S. M. Zwemer, F. R. G. S., from Egypt and Arabia, author of numerous works on Mohammedanism; Bishop J. C. Hartzell, who is in charge of Methodist Episcopal work in Africa; the Rev. Dr. C. T. Erickson, representative from Albania to the United States and Canada; the Rev. Stephen Van R. Trou-

**This Mark Means Juicy, Sweet Fruit**

Oranges and grapefruit are good because of the juice—the pulp has little food value. When you eat an orange or grapefruit, how good it is depends upon the amount of juice it contains.

And when you buy these citrus fruits, whether or not you get your money's worth also depends upon how juicy they are.

**Only Tree-Ripened Oranges and Grapefruit Are Fully Filled With Juice, Sweet and Spicy**

Oranges and grapefruit must have been tree-ripened to give them the full amount of juice; to which the buyer is entitled. The juice increases in quantity each day while the fruit is ripening on the trees—and becomes sweeter as the citric acid turns to sugar.

Juicy oranges can be grown only under favorable soil and climate conditions, of course, such as are found so generally throughout Florida. The grapefruit grown in Florida has a world-wide reputation for surpassing quality and delicious flavor.

**Florida Citrus Exchange Oranges and Grapefruit Are Ripened on the Trees**

Only tree-ripened, juicy fruit is put into the market by the growers who form the Florida Citrus Exchange—because they believe in advancing their own interests by protecting the interests of consumers of their fruit.

This spicy, sweet and delicious fruit has splendid keeping qualities. It is carefully handled by white-gloved workers, and no hand touches it in grove or packing house. No child labor is employed by the exchange.

*Up-to-date dealers in almost every city sell Florida Citrus Exchange Oranges and Grapefruit. If your grocer doesn't carry them, he will get a supply if you insist. Should you have any trouble finding the fruit, please write to*
