MARYSVILLE NEEDS MANY MORE HOUSES

Order of Pennsylvania Railroad Company Will Compel Men to Live in Town

With the issuance of a notice by the Pennsylvania Railroad Company, announcing that hereafter no men would be called from Harrisburg, the scarcity of houses in Marysville has become more evident. At present there are no vacant houses within the border of the little cross river town. One railroad says that if there were enough vacant houses in town he knew of thirty families that would move to town.

With no vacant houses and so many people desiring to make their home in Marysville, there is a good chance for some real estate man, as there are many desirable lots in the borough for building. From time to time there have been rumors of real estate concerns building houses here, but nothing has materialized.

President E. B. Leiby, recently elected president of the Marysville Board of Trade, in his inaugural address last Monday evening, summed up the needs of Marysville, and emphasized the great need of Marysville for more houses. He said that what the board wants to do is to interest some real estate concern, so that they will erect some new houses, not one and two, but half a hundred. All will be occupied.

Says Rheumatism Yields to the Great Kidney Remedy

I have been troubled with rheumatism for the last 15 years. Suffered with much pain in the limbs, back and feet and my joints have been badly swollen. Also suffered from constipation. Besides having a regular physician, I had tried every remedy without receiving the least benefit until I accidentally came across a bottle of Dr. Kilmer's Swamp-Root. I began taking it, never thinking it would help me, but must acknowledge it has done wonders for me. Have taken more than a dozen bottles and feel that it has been a God-send to me. I am recommending it to all my friends.

Yours very truly,
IRA ALDRICH,
Howard Street, Holyoke, Mass.

COUNCIL HEARS PLEAS FOR NEW TOWN HALL

Burgess J. Fred Hummel, Citizens and Fire Company Ask For Building

A COMMITTEE IS APPOINTED

Burgess Requests Council to Tax Street Cars and Ask For Transfers

BURGESS J. FRED HUMMEL

Twenty-five citizens, all property owners in Wormleysburg, voiced their sentiments in favor of a new town hall and fire house at a meeting of the borough council last evening following the reading of a communication from Burgess J. Fred Hummel in which he asked that steps be taken to erect a new building. A committee from the fire company was also present and offered to contribute \$500 to the building fund and pay one-half of the interest on any bonds which may be floated. The committee from the fire company was composed of George R. Chambers, chairman, Vernon Kister, E. F. Arney, Jacob Reigart and J. F. Twigg.

Committee Appointed

All of the citizens present were given a chance to speak on the proposition and each speaker stated that he favored the erection of a new building. After the speaking a councilmanic committee, composed of L. B. Wanbaugh, chairman, John K. Neldhammer and H. M. Smith, was appointed to confer with the fire company committee to ascertain just what can be done in the matter. The committee will meet within the next two weeks and if it is possible to erect a building it will be given the ordinance committee of council from which to draft an ordinance for presentation at the March meeting of the borough fathers.

Letter Forwarded to Council

The letter which Burgess Hummel forwarded to council was a progressive document and received much favorable comment to-day. It was referred to the ordinance committee and it is understood that the recommendations made in it will be given immediate attention.

Wants Transfers Issued

Following close upon the announcement that New Cumberland citizens would petition the Valley Railways Company and the Public Service Commission to have transfers issued on the cross river cars, comes a suggestion from Burgess Hummel in which he asks council to take up the matter for the residents of Wormleysburg. He urges the issuing of transfers and also asks that each car passing through the borough be taxed.

Hummel's Letter

To the Borough Council of Wormleysburg, Pa.
Gentlemen: As Chief Burgess of the Borough of Wormleysburg, it is my earnest desire to co-operate with the council of the same and with the citizens of the said borough, and to ask their co-operation in return, as it is my duty to enforce the ordinances now on the books as well as all ordinances passed in the future, as it is my opinion that we should all be law-abiding citizens.

Ordinances.—I wish to call the attention of the council to Ordinance No. 6, sections Nos. 1 and 2, and Ordinance No. 18, section No. 6; the ordinances referred to should be changed as soon as possible.

Public Health.—The laws of this Commonwealth require borough councils to appoint and maintain a board of health and I would request that the newly appointed board meet at once for the purpose of organizing and carrying on the work assigned to such bodies.

Town Hall.—I would call the attention of the council to the extremely bad condition of the present Town Hall and council chamber, and state that I am of the opinion that the citizens of this borough have reaped a great benefit from the present hall, inasmuch as it is the only building in the borough available for the purpose
