London, Feb. 6.—Lieutenant Porter, a big, deep chested aviator, is delighted at the invitation to be a copilot with an American army airman of Rodman Wanamaker's hydro-aeroplane which is to attempt a flight from Newfoundland to the Irish coast. He said to-day: "It will be a jolly adventure and I feel most confidence of success."

A representative of Glenn H. Curtiss was indignant when told that Alfred J. ## RICH LAND OWNER MUST GO TO WORK

Man Whose Name Is Synonym  
For Wealth, Is Seeking  
Livelihood

By Associated Press

El Paso, Feb. 6.—His immense income tied up by three years of revolutions, Alberto Terrazas, of the family whose name is a synonym for great wealth, has been compelled to seek a means of livelihood. This information as to conditions in Mexico and along the Rio Grande border as similar news affecting a Rockefeller or Vanderbilt would be in the United States became known here to-day with his departure for Pasadena, Cal. He was accompanied by his family but not the usual retinue of servants.

"I do not mind going to work; it may be a good thing," he said to friends before his departure and then smiled at his own remarks for his prodigality with money has been a story, chapters of which have been written on two continents—in London and Paris, in Mexico, Texas, California, New York and in Chihuahua.

**Immense Holdings**

The Terrazas fortune was founded by Don Luis Terrazas, now an octogenarian refugee in this city, in land grants from Presidents Juarez and Porfirio Diaz. These holdings have been augmented constantly until now. It would take a passenger train three days to travel the boundaries of this domain. All this was the property of the Senior Terrazas and his three sons, Juan, now in the city of Mexico; Luis, Jr., held at Chihuahua as a hostage by the rebels and Alberto, until the rebels declared the whole estate confiscated.

A recent instance was the million dollar ransom demanded for the release of Luis, Jr. He was incarcerated in the municipal palace at Chihuahua but declined to contribute until he was taken out, beaten with the flat of a sword and a noose placed around his neck and gently tightened. In this predicament he contributed \$500,000, all the ready money at his command.

In the early days of armed disorder in Mexico those of the Terrazas family who came to the United States traveled in almost regal state.
