township will have too much debt to carry. Case May Be Delayed The supervisors of East Fennsboro are at present defendants in a suit brought by the county commissioners for the payment, with interest, of one-eighth of the cost of the new road between the borough limits of Camp Hill and the river. At the time the road was built, say the supervisors, the State was to pay two-thirds and the county commissioners one-third of the cost. The case will probably not be called before the next term of court. All Rests On Decision

On the outcome of a suit pending in the Cumberland county courts rests the question of the building of the road from Pyne's corner, at the bor-ough limits of West Fairview, through Enola to the main road between West Fairview and Marysville at the Enola Young Men's Christian Association. The line of the Valley Railways Com-pany runs the full length of the thor-oughfare. Supervisors of East Pennsboro town-ship, in which the present road is located, are anxious to have the road reconstructed with the aid of the State and county, but they fear that if the suit now in court should be lost the township will have too much debt to carry. court. All Rests On Decision If the township should be made to pay for a portion of the road, then there is little likelihood of the Enola stretch being constructed for several years. On the contrary, if the town-ship wins, it is quite probable that at the first meeting following the decision the papers authorizing the construc-tion of the road will be signed.

Take a tablespoonful of the tea, put a cup of boiling water up-on it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break up a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the 1 wels, thus breaking a cold at once.
