## NOTICE!

### To the People of Harrisburg and Vicinity

There are rumors in circulation that Kennedy's Cut-Rate Medicine Store cannot do business and sell at the low prices they do.

In reply to these rumors we beg to say if the people of Harrisburg and vicinity will kindly give us their patronage and stick by us we will always sell Patent Medicines at cut prices.

There is no doubt we must do a large business to sell at these low prices, but if you will always remember to give us your patronage and show us your appreciation of a cut-rate store, we will do our part and give you patent medicines at cut-prices.

Our competitors are fighting us and causing us all kinds of trouble, such as advertising as cut-rate drug store, etc., and going as far as to meet some of our prices. Please bear this fact firmly in mind, if we were not in business and selling at cut prices you would be paying full prices for all patent medicines.

Yours Respectfully,

### DROPSY TREATED FREE

By Dr. Miles, the Great Specialist, Who Will Send a New \$3.75 Treatment Free Many Have Been Cured After Doctors Failed

At first no disease is apparently more harmless than dropsy; a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 Treatment free to all sufferers, is certainly worthy of serious consideration. You may never have such an opportunity again.

The Great Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Pure-Laxa for removing the water. This treatment is specially prepared for each patient and is ten times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

### POISON FOUND IN BODY OF WIDOW; GRAND NIECE HOLDS HOME

MRS. JOHN W. CAMPBELL  
Bridgeport, Conn., Feb. 6.—A sweeping investigation is being made into the death of Mrs. Hannah E. Cross, widow of a wealthy New York jeweler, and the disappearance of about \$50,000 from her estate. A chemical analysis of the organs of Mrs. Cross' body resulted in the discovery of twenty grains of cocaine, which were taken by Mrs. Cross on the day she died, according to the theory of City Prosecutor L. Delaney. A few hours before she died Mrs. Cross had a codicil added to her will making Frank M. Garland, inventor-promoter, executor of her estate. Garland has disappeared and no trace can be found of \$50,000 said to have been realized by him as the result of the sale of some of Mrs. Cross' property. Mrs. Mary Thomson Luquer, a niece of Mrs. Cross, who introduced Garland to the dead widow, is also out of the city. She inherited a comfortable fortune from Mrs. Cross. Mrs. Luquer's daughter, Edith, married John W. Campbell, a drug clerk, shortly after the death of Mrs. Cross, and she is now occupying the Cross mansion with her young husband. They are living in rather lavish style, compared with their former circumstances.

### Electric Delivery Vehicles in Parcel Post Service

Rented to the Indianapolis post office authorities to "help them out of a hole" in the delivery of parcel post packages, two electric vehicles have been giving such satisfactory service in comparison with a pair of gasoline cars that the latter are now to be discontinued and their places taken by electric trucks. The first two "electrics" have now been in operation about ten months, and on September 1 a third was added.

It was after the gasoline vehicles first used in delivery work at Indianapolis had proved unsatisfactory that the local manufacturer was asked to supply electric trucks for the same purpose. One of the stipulations made was that these trucks should have sufficient mileage for the out-of-town and suburban work required of them. The machines were not sold to the government, but were rented on an hourly basis, the Post Office Department itself furnishing the driver. The batteries were kept up by the owners, who also made all repairs except in case of collision. At the rate at which the cars were rented a satisfactory profit was earned.

### SURGEONS FOR THE FILIPINOS

Hon. Dean C. Worcester, former Secretary of State in the Philippines, once said to us: "I make a yearly visit among the hill tribes. I believe if a medical missionary would first do something to relieve their sufferings they would gladly listen to the preaching."

He also said that it was his custom to carry a few remedies with him, but he could do nothing with cases that needed surgical treatment. Then he met a man who had come to him in his latest visit there with a piece of bamboo in his foot which was giving him terrible pain. "I did not know enough about anatomy to cut the bamboo out of his foot, so I told him that the next time I came I would bring a doctor with me. But the chances are the man will be dead before that time."—Christian Herald.

### THE SHUTTING OF DOORS

Like a young child who to his mother's door  
Rings eager for the welcoming embrace,  
And finds the door shut, and with  
Calls and through sobbing calls, and  
Calls and o'er and o'er  
Calling, storms at the panel—so before  
A door that will not open, sick and  
numb,  
I listen for a word that will not  
come.  
And know, at last, I may not enter  
Silence! And through the silence and  
the dark  
By that closed door the distant sob  
of tears  
Beats on my spirit, as on fairy shores  
The spectral sea, and through the sob-  
bing bark  
Down the fair chambered corridor of  
years  
The quiet shutting, one by one, of  
doors.  
—Herman Hagedorn in the North  
American Review.

### AS MAN TO MAN

[From the New York Evening Post.]  
Archibald Forbes was due for a lecture in a small English town. When he entered the hall not a single soul was present. After a bit a man strolled in and sampled a seat or two. It seemed from H. C. Kennedy, or any druggist, a 50-cent box of Mi-on-a-to-day—take two or three tablets at the first sign of distress. Keep it in the house—carry it when traveling—it's at all times the dependable stomach remedy. —Advertisement.

### DIFFERENT CHURCH EVERY DAY IN YEAR

Damascus Has Enough Mosques For That, But Only a Few Are Worth Much

There are nearly enough mosques and shrines in Damascus to make it possible for you to have a different one for every day in the year. But there are but two or three that you will care to spend any time on. You pass through the street called Straight and find yourself at the outer gate of the mosque Jal' al Amwy, which ranks next in sanctity only to those at Mecca, Medina and Jerusalem.

This has a history: First, a heathen temple dedicated to the god Rimmon, then a Christian Church, and now a Mohammedan mosque. Evidences of its Christian history still are there; the original gateway remains, as do the chalice and patten on the bronze doors testify, and then a portion of an arch with a Greek inscription which seems singularly out of place and almost prophetic. It reads "Thy kingdom, O Christ, is an everlasting kingdom, and thy dominion endureth throughout all generations." Does it not speak of the day when "He shall reign from sea to sea?" Perhaps the Moslems have left it remain as an evidence of its untruthfulness in their minds."—The Christian Herald.

PA'S VIEW  
[From the Washington Star.]  
"Have you told your father that I asked you to marry me?" asked the young man.  
"Yes," replied the positive young woman.  
"And how was he affected?"  
"He smiled and exclaimed, 'Brave boy!'"
