Mrs. Dubs, Formerly of Harrisburg, Dies

of the United Evangelical Church, with headquarters at Changsha. She was one of the first women to enter the province of Hunan and had been engaged in Chinese mission work for her husband for more than a decade. She was compelled to leave the trouble during the Chinese revolution, but returned to her work with her husband as soon as peace was established. She had many stirring experiences, once escaping with Dr. Dubs from their home in Changsha by a rear window as a mob of fanatical Chinese entered the front door. They made their way to a warship in the harbor, but their home and all of the buildings of the mission headquarters together with Dr. Dubs' valuable library and all their belongings, were destroyed by the mob.

WILL NOT GO INTO COUNCIL TOMORROW

[Continued From First Page.]

are to go will know before the time arrived. The assessor of East Pennsboro township was given the talk of a general and widespread "ripper" action to-day by Commissioner H. F. Bowman. "So far as we know," said the commissioner of public safety, "there isn't going to be any widespread, wholesale dropping of city employees. Possibly a dozen or more in all might be dismissed."

"By the provisions of the Clark act the employees who were in service December 1 automatically ceased to be on the city payroll. The resolution of Council these people held over and now the resolution of Mr. Lynch's simply provides for the discontinuance of their services."

The impression that prevailed today was that most of the employees will be re-appointed and the chances are that the re-appointments will be made by a hasty resolution to that effect. This at least will be true of the employees of the city engineers, highway and water departments, and departments of public works.

Conjecture was rampant as to the probable action, if any, on the appointment or dismissal of V. Grant Forrer as park superintendent. It was said that Forrer had been opposed to Mr. Forrer. He has been circulated the report that he is to be dismissed. Commissioner Taylor of Parks and Public Property has never said by definite words on the subject. Rumor has had it, too, that if Mr. Forrer is retained, J. R. Hoffert, the assistant superintendent, will be appointed engineer of the proposed new city Planning Commission. The present personnel of the Park Board, it has long been understood will be the new Planning Commission, but whether the appointment will go in to-morrow is a matter of question.

Commissioner Taylor may offer an ordinance providing for the purchase of the motor tractors for the fire department. Mayor Ketchum is expected to succeed Mr. Moeslein in certain, according to Commissioner Bowman. Mr. Grove is a carpenter and contractor, and although he is a Tenth ward resident he has been employed for some time on a big job at Brownstone.

Long as He Makes Good

"He will be named to succeed Mr. Moeslein," Commissioner Bowman said today. "For his appointment to succeed Mr. Moeslein is certain, according to Commissioner Bowman. Mr. Grove is a carpenter and contractor, and although he is a Tenth ward resident he has been employed for some time on a big job at Brownstone."

Commissioner Bowman said he will offer the names of two or more possible successors. He also said that he thought it would be wise for Mayor Royal to suggest the names of those members of his force which he considered less desirable and whose places could be filled by the proposed new appointments.

Commissioner H. Harvey Taylor has been absent from the city for several days and has had little chance to confer with his fellow-commissioners. The names of those who will be appointed will be submitted by Commissioner Harry F. Bowman to-morrow.

ROYAL TO FURNISH THE CORPSE

When asked whether he was going to attend the conference of the commissioners on Thursday to decide the question of reappointments, Mayor Royal grinned slyly and said: "I suppose they want me to attend the funeral and furnish the corpse, too, eh?"

A WOMAN'S HEALTH

Every woman's health is peculiarly dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness? If you have any of the symptoms do not despair of getting better but begin now, to-day, to build up your blood with Dr. Williams' Pink Pills. See how the nervous energy of the body is restored as the blood becomes pure and red and the entire system is strengthened to meet every demand upon it.

Dr. Williams' Pink Pills are useful for all women but they are particularly valuable to girls of school age who show symptoms of going into a decline, who become pale, nervous and languid. These pills aid in securing perfect development and health by strengthening the system and purifying and building up the blood. Thin blood during the growing years of a girl's life usually means a flat-chested and hollow-cheeked womanhood. These pills restore health and beauty without red blood which gives brightness to the eyes and color to cheeks and lips.

Evangelist Stough Says He Will Remain For Year to Reform Sunbury

Sunbury, Pa., Feb. 9.—Characterizing the action of the Sunbury Board of Health and the Sunbury Board of Education as a plot and intrigue to close his tabernacle because he was flagging the liquor interests, Dr. Henry W. Stough, on Friday night, firmly and bravely declared that he would remain in Sunbury for a year to reform Sunbury.

Dr. Stough said that he had been opposed to Mr. Forrer. He has been circulated the report that he is to be dismissed. Commissioner Taylor of Parks and Public Property has never said by definite words on the subject. Rumor has had it, too, that if Mr. Forrer is retained, J. R. BABy'S TERRIBLE SKIN HUMOR CURED

Milk-Crust Formed a Solid Scab, but Resinol Cured in Four Days

Detroit, June 21, 1913.—"About a year ago my two-months-old baby was troubled with what they call milk-crusts. The lower part of her body was a mass of sores. It began with small pimples, then they turned to one whole scab. The scab would break open and then it would bleed. She suffered much, as she cried night and day.

"For one month I tried everything, but without relief, until I sent for a sample of Resinol Ointment and Resinol Soap. Upon the first application I noticed a change, and after four days my baby was entirely cured. I cannot praise your remedies too highly, and recommend them to all my friends." (Signed) Mrs. Henry Mosher, 154 Leeward Ave.

You need never hesitate of use Resinol. It is a doctor's prescription, that has been used by other physicians for eighteen
