Tobacco Habit Easily Conquered

A well-known New Yorker of wide experience has written a book telling how the tobacco or snuff habit may be easily and completely banished in three days with delightful benefit. The health improves wonderfully after the nicotine poison is out of the system. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory and a general gain in efficiency are among the many benefits reported. No more of that nervous feeling, no more need of pipe, cigar, cigarette or chewing tobacco to pacify the morbid desire. The author, Edw. J. Woods, 524 Sixth Ave., 22 C. New York City, will send his book free on application, to anyone. Advertisement.

SPRING BALL FOR SUFFRAGE AFTER EASTER RUMORED

Persistent rumors have it that the Suffragists of Harrisburg will give a ball for the benefit of the cause some time during the early Spring after the Lenten season. It is said that the main feature of the dance will be some famous dancers from New York, and that their engagements made it impossible to hold the ball here before Lent. However, the middle of April is not too late either to interest people in social dancing or woman suffrage, so it's bound to be a success. We shall all be listening carefully for the next whisper about the affair, which promises to be given on an elaborate scale.
