Raincoats, Fancy Vests, Beach Coats and Vests, Bath Robes and House Coats Are All Reduced

"THE GLOBE," THE LEADERS OF MEN'S CLOTHING STYLES

Health and Beauty Helps

BY MRS. MAE MARTYN

Felice: Yes, all face powders give an artificial appearance, but the divinest complexion will be given an added touch of refined elegance if you use this sprumax lotion, made by dissolving 4 ounces sprumax (which you can get at the druggist's) in 1/2 pint hot water at the witch hazel. This lotion dispels the oily, shiny, "muddy" condition and gives to a rough, unlovely skin a velvety smoothness and exquisite charm. The sprumax lotion dries quickly and cannot be detected when on, and itsing the youth tint to the complexion.

Arts L: You can remove your wrinkles and regain your youthful complexion by a short course of treatment with an amozon jelly-cream. This is made by dissolving 1 ounce almozon (every drug store carries this) in 2 teapoonfuls glycerine. Best results do not when you apply this jelly-cream at night. Rub well into the skin and do not remove until morning. This soon banishes pimples, blackheads, blotches and wrinkles and leaves the skin clear, smooth and velvety. Nothing can equal it for reducing large pores and restoring the youth tint of the complexion.

Ima: Try a plain crysotos tonic for your sore eyes and I am certain you will obtain quick relief. This is made by dissolving an ounce crysotos (which I get at the druggist's) in 1 1/2 pints hot water. When it cools, take a teapoonful three times daily until your weight is satisfactorily reduced. With this treatment your skin will be left smooth and free from wrinkles and no ill effects are experienced.

E. G.: Nature never intended woman to have fuzz on her cheeks. Get from your druggist a small original package of delatone and mix a little of the powder with water. Apply the paste to the obnoxious hairs and in 2 or 3 minutes rub off and the hairs will come with it. After the skin is washed and dried it will be velvety and free from hair or blemish.

O. D.: Your dry, dandruff-laden scalp will yield quickly to a treatment with a plain quinzoin tonic which can be cheaply made at home as follows: To 1/2 pint alcohol add 1 ounce quinzoin (get at druggist's) then pour in 1/2 pint cold water. A little of this should be massaged well into the scalp at frequent intervals. This will stimulate the scalp-tissues, overcome dryness, banish dandruff and encourage a lovely growth of shiny, silky hair. This quinzoin tonic will benefit even the healthiest scalp and hair.

Molly: When I feel that all-gone feeling and note a sallowness of chin and neck, or a breaking out of pimples at this time of the year, I get an ounce of kardenone from my druggist's, dissolve it in a half pint of alcohol (not whiskey) add 1/2 cup of sugar and hot water to make a full quart. A quart of this very little made in this way. A teapoonful should be taken before each meal. This old-fashioned kardenone tonic expels poisonous accumulations from the blood, builds up waste tissue and restores full health and strength to weak, worn bodies.

Miss B.: I have found no hair cleanser so great as that to my hair as canthorox. Just dissolve a teapoonful canthorox in a cup hot water, then pour slowly on the head and rub gently. The lather thus created is very cleansing and invigorating, and it leaves hair and scalp immaculately clean, whitely the hair dries quickly, with a delightful soft fluff and glossiness. The regular use of canthorox is the very best hair-insurance for scalp and hair of which I know.—Advertisement.

WIDOWS WRITING TO STATE OFFICER

Want Pensions Handed Out to Them on Statement of Their Qualifications

Officials of the Auditor General's Department said today that they might be able to suggest some well-qualified widows from the widows who are writing letters to the Auditor General applying for pensions under the war-pension act and setting forth their qualifications. Although mothers' pension boards have been named in half a dozen counties, direct applications have been made by fourteen women, one of them coming from Riverside, N. J.

Some of these letters set forth that the applicants are good cooks and housewives and all give data regarding ages of children dependent upon them. The letters are being referred to boards where they exist and to county commissioners where no boards have been named.

Atherholt Here.—G. W. Atherholt, the Philadelphia registrar whose head is demanded by a Philadelphia official, came here to talk over matters with Dr. Dixon. He declined to make any statement. The commissioner says he will not be dismissed except for cause shown.

Altheman Named.—Charles D. Charlton was today appointed alderman of the Seventh ward of Pittsburgh to succeed J. D. Walker, resigned.

Aron Case Next.—Deputy Attorney General J. E. B. Cunningham is preparing for the hearing of the test suit on the payment of full salary on a legislator who serves only part of a term, which is to be heard in the Dauphin County Court to-morrow. Representative Max Aron, of Philadelphia, brings the case.

Will Pay Fairs.—Auditor General Powell has directed that the warrants be drawn for the reimbursement of cities and counties for the fair under the State law. The appropriation is \$100,000 for two years. About sixty counties will be paid this year. York did not apply.

Bureau to Meet.—The State Medical Bureau will meet to-morrow. It is probable that something relative to examination of druggess healers will be taken up.

Ask Parole.—Among the applicants for release from the penitentiary under parole are George Smith, Lebanon; Joe Solich, Dauphin; Blaine Hastings and John Brown, Cumberland. The cases will come up February 18.

City Pays Loans.—The city of Pittsburgh to-day paid the State Treasury \$37,000 in a lump as State tax on city loans.

Thompson On Warpath.—Senator J. H. Thompson, of Beaver, is on the warpath against the moving picture censorship. It is probable that he will arrange a test suit against it.

Condon Wins.—On October 21, 1913, Clement H. Condon, Real Estate Trust building, Philadelphia, complained to the Public Service Commission that he was induced to execute a contract for measured service, with a mileage charge of \$2.50 per month, on the basis of a contract for a better contract was issued to any person in Melrose Park district. He subsequently learned that other subscribers were receiving this service at the rate of 50 cents a month. He advised the commission that the telephone company investigated the matters complained of and reimbursed him to the full amount of his loss. He thanks the commission for the attention given the case. A hearing will be held before the commission on March 8 on the petition of the Irwin Electric Light and Power Company for the approval of a contract with the borough of Irwin for street lighting.

After Butter Holders.—Dairy and Food Commissioner James Foust is getting after the people in Philadelphia who have been loading up storage warehouses with butter for the purpose of forcing up prices. He says that he expects a million pounds to be put on the market in a short time as the holders have been informed that unless they release it the consignments will be declared outlawed at the end of 30 days. He says that outlawed means that it can not be sold in this State.

Inspections Under Way.—Inspections of National Guard organizations are being pushed by the officers of the Guard this month and it is probable that all will be cleared up before the regular army inspections begin in April.

Institutes On.—Farmers' Institutes will close in York county this week and begin next Friday in Adams, Dover and Wellsville are having sessions and then York Springs, Arendtsville and Fairfield will have their turn. Franklin, Union, Snyder and Northumberland are next.

New Charters.—State charters have been issued as follows: Initial Building and Loan Ass'n, Philadelphia, capital \$1,000,000; American Auto Tire Jobbers Co., Philadelphia, capital \$20,000; Myerstown Foundry and Manufacturing Co., Myerstown, capital \$10,000; People's Recreation Co., Philadelphia, capital \$10,000; Turone Building and Loan Ass'n, No. 4, capital \$999,000; S. M. Meltzer & Co., dis-

MOST American railroads demand that watches of the grade admitted to their service must not vary over 20 seconds per week.

The Hamilton Watch

"The Railroad Timekeeper of America"

surpasses this requirement so consistently that it is immensely popular.

There are more Hamilton Watches in use on such roads than all other makes put together.

The business or professional man who starts out to buy a watch of unusual accuracy will be interested in the beautiful Hamilton 12-size thin model. Come in and look at some of the Hamilton Watches we can show you.

CHARGE ACCOUNTS INVITED.

18 N. Fourth St. OPEN EVENINGS

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" ends a cold or gripe in a few hours

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your troubling head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

Steelton Middletown Cheshire & Royaltown Oberlin & Enhart

WILL CALL POLICE BY RED LIGHT SYSTEM

Council Decides to Establish Central Station; Fire Chief Submits Report

Steelton's council last evening voted to establish a central police station and to install a system of red lights and telephones throughout the borough to increase the efficiency of the police department. Under the new system, the patrolmen will report hourly to a central office man from various stations, as in Harrisburg.

The motion to install this system was made by T. J. Nelly, chairman of the council, who developed the central station idea. Councilman Kirk Shelley seconded the motion. J. V. W. Reynolds, of the Pennsylvania Steel Company, offered to contribute of his company to allow the borough to use a number of the company's telephones and watch boxes for the installation of lights. Work will be done once and it is expected to have the new system in working order by February 15. "For the first month or so," said Councilman Nelly, "I am making the motion to place Sergeant Masters in charge of the central station."

The bid of the Harrisburg Light and Power Company of \$272 for the installation of the lights was accepted. Lights will be placed as follows: Two lights at places not yet decided upon in the East End; a light at the bridge and construction of a shop steel foundry and merchant mill watch boxes; at the filter plant pumping station; at the intersections of Front and Main, Front and Swatara, Front and Walnut, Front and Locust, Front and Adams, Front and Conestoga; at the Hygienic hose house and at the light and power company's substation on the hill.

North Hinton, Catapulted Against Steel Pillar, Almost Instantly Killed

North Hinton, 32 years old, a machinist at the steel foundry department of the Pennsylvania Steel Company, was killed yesterday afternoon when he was catapulted against a steel pillar.

Hinton and a number of fellow employees were repairing a big fan. They had raised the fan about nine feet above the floor on a block and tackle in order to do some stone work beneath it. In some manner the tackle slipped and the big apparatus fell.

A rope near which Hinton was standing was suddenly drawn taut and spring-like, throwing Hinton against a steel pillar. His neck was broken and he lived but forty minutes. Hinton is survived by a wife and two small children. The funeral services will be held from his late residence in Cumler's Heights, Thursday evening at 7.30. Undertaker L. E. Heile will take the body to Elizabethtown for burial Friday morning.

MIDDLETOWN TO PLAY YORK

The Middletown High School Basketball team will visit the York High team this evening. Coach Gotwalt has the local boys in good condition and a victory is expected. Between the halves the second team will play the Central Grammar school five.

ANNOUNCE ENGAGEMENT

At an informal luncheon Saturday afternoon at the home of Mr. and Mrs. H. H. Kline, in Water street, the engagement of their daughter, Miss Ida M. to J. J. O'Hare, of Lewistown, was announced. The wedding will be an early fall event.

MIDDLETOWN PERSONALS

Miss Bertha Romberger has returned from a visit to Baltimore. William Crow was in Lancaster yesterday. William Swartz and Joseph Rutherford, students at Lebanon Valley College, are visiting their homes here.

Prof. and Mrs. Paul Gotwalt have returned from a visit to York.

E. S. Miller spent yesterday with relatives in Shippensburg.

Witmer, Bair & Witmer Have Big Window Display

A window display that has won a lot of attention on the part of the local public is that now being constructed in the window of Witmer, Bair & Witmer, 202 Walnut street.

Early yesterday morning there was placed in the window a rigid figure that had all the appearance of wax construction. The crowd, which gathered to witness the exhibit was surprised to see the figure suddenly move its head, eyes and limbs. So mechanical was the appearance of the various movements that spectators were in a quandary as to whether the figure was alive or not.

The exhibit is most unique and interesting and will be conducted daily from 2 o'clock to 9 p. m. until 9 p. m., and "the mechanical man" is sure to prove interesting to all who watch his work.

Bank President in Jail Ready to Pay Penalty

Memphis, Tenn., Feb. 10.—C. Hunter Raine, president of the Mercantile Bank here, arrested yesterday on the charge of embezzlement after the discovery of alleged defalcations of more than \$1,000,000, prepared to become accustomed to the routine of jail life.

Attaches of the jail said the prisoner slept well last night and friends of the accused man have sent supplies to his cell to enable him to live as comfortably as possible. Raine has refused all offers of his friends to arrange for his release, saying he is guilty and ready to take his punishment. He also has refused to retain legal counsel.

While first announcements placed the amount of Raine's shortage at about \$500,000, figures given out today show that this already has been increased to nearly \$1,000,000.

PLEAS CURED IN 6 TO 14 DAYS

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Price 25c. Application gives relief. 50c.—Advertisement.

NEW RECORD IN WHEAT

Washington, D. C., Feb. 10.—The world's wheat crop passed the four billion bushel mark for the first time last year. It reached a grand total of 4,125,658,000, according to statistics to-day by the Department of Agriculture. This is 298,571,000 bushels in excess of the previous year's wheat production.

OLD "DAVE" BURNED

As a result of his experience in the big fire at the Hantzman lumber yards Saturday night, "Dave," the old fire horse is now under the care of a veterinarian surgeon. The faithful old horse was burned about the head.

TO NAME COMMITTEE

At a meeting of the board of directors of the Harrisburg Chamber of Commerce to be held in Board of Trade hall to-morrow afternoon at 4 o'clock, the appointment of a committee to take charge of soliciting will be discussed.

STEAL CHICKENS

Reports were made this morning to the police department that thieves last evening stole fifteen chickens from John Maza, 10 Lochiel Row.

WANTS TO FIGHT DUEL

St. Petersburg, Feb. 10.—A challenge to a duel was sent to-day by Sam J. M. Kennedy, leader in the Sumner, to G. Zamolsky, a Conservative deputy and attorney for the "Black Hundred." The trouble grew out of the recent Bellis trial.

QUEEN LOUISE FLOATED

New York, Feb. 10.—The British steamer Queen Louise, which stranded off Sea Girt Saturday, was floated today and towed to this port.

Conference on New Wage Scale of Miners Delayed

Philadelphia, Feb. 10.—The wage scale conference between the operators and miners of the central bituminous competitive field, which was to have begun in the forenoon here to-day, was deferred until late in the afternoon because the operators from Western Pennsylvania and those from Ohio were not ready to proceed. The conference includes operators and representatives of the United Mine Workers from Illinois and Indiana besides those from Western Pennsylvania and Ohio.

DON'T EXPERIMENT

You Will Make No Mistakes If You Follow This Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. There is a simple and effective remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills are a good remedy to use. It has acted effectively in many cases in this vicinity.

Can Harrisburg residents demand further proof than the following: Mrs. J. M. Miller, 38 South Second street, Steelton, Pa., says "I will never forget what Doan's Kidney Pills have done for me. I suffered from kidney complaint and tried different remedies, but they failed to relieve me. My back ached and I had sharp pains in my sides. I had headaches and chills and the kidney action was irregular. I learned so much about Doan's Kidney Pills that I finally tried them. They gave me relief and six boxes cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

To Put on Flesh and Increase Weight

A Physician's Advice

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight. While on the other hand many of the thin people eat very lightly and keep gaining all the time. It is a good thing to say that this is the nature of the individual. It is Nature's way.

Thin people are thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health, but they do not get the benefit of it. A dozen meals a day won't make them gain a single "stay there" pound of fat-making food. The elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare the fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a single tablet with each meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most active and powerful flesh building elements known to chemistry. It is absolutely harmless and non-producing of any elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare the fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

DRUG CLERK TELLS HOW TO CURE INDIGESTION

Recommends to Sufferers the Best Stomach Remedy in Harrisburg To-day

"It is a wonder some of us have stomachs left," remarked a well-known drug clerk yesterday. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just people pills which digest the food that is in the stomach at the time. They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and using them until they are real chronic dyspeptics. When any one really asks me for a stomach remedy, I recommend ordinary bisulphated magnesia, which doesn't digest the food at all but sweetens the sour, fermenting contents of the stomach. That stops the pain, heartburn, sour rising, wind, flatulence, etc., in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way."

"Doctors make mistakes sometimes," he continued. "My own aunt had all kinds of trouble with her stomach for years. She bought and used several styles of digestive pills but got worse right along. Finally she went to a doctor, who told her to get a box of the stomach remedy she had called for. The stomach came to me with his prescription and told me what he said. I thought it was a joke, but I tried it. I bought a box for whom I knew very well and he didn't tell me anything, but just gave me this stomach remedy. I tried it and it took two weeks and never has had any stomach trouble since. That's three years ago. She's my own aunt and I know this for a fact. Yet, a lot of big-sounding 'magicians' are sold in Harrisburg. All the druggists have it. I suppose, and all you take is a teaspoonful after every meal. It's all right."—Advertisement.

To Clear the Complexion Take Lax Links

Many women have a blotchy, sallow, pimply complexion because they are subject to constipation. Purgative medicines do not bring about the desired relief, but Lax Links, those delicious candy laxatives, exquisitely flavored with the oil of spearmint, will quickly stop constipation and thus stop poisoning the blood. They contain no habit-forming or poisonous drugs, and for that reason are highly praised by physicians. They act properly upon the liver, causing the bile which is Nature's own laxative, to flow freely. As they are a dainty confection in themselves, they are ideal and safe to give to children and invalids. Sold by all druggists. Use and see how it works. Write for free sample. Boro Salsine Co., Philadelphia.

FOR CHILDREN'S COUGHS AND COLDS

Children catch colds and coughs early. When neglected these may turn into Croup or Pneumonia. Keep a bottle of Goff's Cough Syrup in the house all the time and stop coughs and colds before they become serious. Goff's contains no habit-forming drugs—no injurious opiates. It must help your child, or the dealer will return your money. Get a 25c. or 50c. bottle today.

S. B. GOFF & SONS CO., Camden, N. J.
