

Rupture Cured At Home

Old Sea Captain Cured Himself by Simple Means Within Reach of All Sufferers.

His Remedy and Big, Interesting Book Sent Free to All Sufferers.

If Captain Collings could cure himself of a double rupture that kept him bed-ridden for years, by a simple means of his own invention, why can't you achieve the same blessed result by doing as he did? You can't be much, if any, worse off than this old seafarer was, for no truss could hold his rupture. Doctors told him he must be operated upon or die. Yet he cured himself absolutely and his big, free book tells how.

"Blast my topknot! I can dance the hornpipe as well as if I'd never been ruptured!"

Why should you continue to go through life with the awful handicap of a rupture? Why be awkward and embarrassed by awkward, uncomfortable and ineffective trusses that are only makeshifts at the best? Why be denied so many of the pleasures and joys of life because the slightest violent exertion may cause the truss to slip and the rupture to displace?

Do not put up with these things. Get Captain Collings' absorbingly interesting book and his free remedy that is so generously offered to those who suffer as he did for so long. Costs you not a penny—places you under no obligation whatever. Just clip and mail the coupon below and receive book and remedy free of all charge and prepaid.

Do not put off sending it. Every day you delay is a day of increased comfort and happiness lost. Send coupon today.

INDIAN GIRL'S LOVE KEYNOTE OF PLAY

Pale Face Rival in Robert Edeson's Piece, "Where the Trail Divides"

A beautiful love story in a picturesque setting and with the central figures an educated Sioux Indian and a rich young New Yorker as rivals for the love of a beautiful western girl, is told in "Where the Trail Divides," a new Indian play of which Robert Edeson is the author, and which will be presented at the Majestic Theater Thursday, Friday and Saturday.

Love stories, no matter in what setting, always make attractive plays. The audiences seem never to tire of seeing the hero clasp the beautiful heroine in his arms and whisper the oft-repeated "I love you" and love stories are all the more fascinating when the hero is a romantic and manly type of American.

Mr. Edeson, whose "Strongheart" will always be remembered as the greatest characterization of the American Indian, in writing "Where the Trail Divides" made How Lander, the educated Sioux Indian, a most fascinating figure. He received the suggestion for his play from Will Lillibridge's novel of the great western ranch country. He has transferred the characters from the book to the stage, taken a suggestion of the story and written a play that fairly breathes the spirit of the West.

There is no character on the American stage who is exactly like How Lander, yet it is a character that might have been taken from real life.—Advertisement.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or have Bladder trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.
