Ultra-Violent Rays Fire Torpedos Two Miles Away

By Associated Press

Florence, Italy, Feb. 12.—A successful experiment of exploding torpedos from a long distance by means of the ultra-violent rays discovered by Gluilo Ulivi, was carried out here to-day. Signor Ulivi has handed over his secret to the Italian government. Although to-day's experiment was secret, it became known that Admiral Pietro Fernari ahd placed in the River Arno two torpedos charged with smokeless gunpowder and two others with black gunpowder.

The ultra-violent ray apparatus was posted on the tower of the Palazzo Capponi two miles away. When the signal was given, the apparatus was put into operation and in less than three minutes all four torpedoes exploded.

New York, Feb. 13.—The suspension was announced to-day of the Italian banking firm of A. Bolognesi and Company, one of the oldest corerns of its kind in the city. It did a large business in foreign exchange and represented Italian steamship lines.

NEWS OF THE RAILROADS FARMERS' EXHIBIT PENNSY ORDERS CARS FOR ELECTRIC LINES

Must Be Ready by Spring; Steel Equipment Will Have to Wait Until Later

Altoona, Pa., Feb. 12. — That the Pennsylvania Railroad contemplates more activity toward the electrification of its system, came with the announcement to-day that recent orders for steel cars were side-tracked in order that work might be taken up on electrical

cars were side-tracked in order that work might be taken up on electrical equipment.

The order calls for fifty MPB-54 class coaches to be used on the electric lines. They will be assigned to the Paoli Division, now almost completed, and running from Paoli to Broad Street Station, and on the Schuylkill Division. On these lines a large number of coaches for suburban traffic will be needed early in the Spring and the company wants the coaches delivered as early as possible.

Material ordered for the steel carshop and plant, which has not yet arrived, thus throwing a force of ninety-one night men out of employment, is now expected daily, when the plant will be put on full time as well as extra hours. Much work is being delayed owing to the nonarrival of the steel from the manufacturers. At present the car shops are working on old orders and when the actual work begins on the 1,000 cars about April 1, enough work will be had to keep the shops busy for months to come.

Should Observe Rules. — That it is

Ing. will be addressed by the Rev. Andrew L. Fraser. a missionary from China. His subject will be, "What Is Faith?"

Freight Men Held. — Three members of a Pennsylvania Railroad freight crew were sentenced yesterday at Washington, Pa., to ninety days in the county jail after admitting that they had robbed cars in their charge. The men whe entered pleas of guilty were J. C. McKenna, conductor, of Pittsburgh: F. S. Humberson, brakeman, of West Brownsville, and J. P. R. Dillon, flagman, of Duquesne.

Successful Airbrake Tests.—Trainmen of the Pennsylvania Railroad system are manifesting much interest in the improved airbrake contests conducted jointly by the Pennsy and the Westinghouse Airbrake Company. The recent contribution to airbraking is of particular interest because of proposed legislation to enforce the general use of steel cars. A train comprising twelve cars running at 60 miles an hour stores up 234,000,000 feet. The new brake show along with the mergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows that a train operated at the same speed could be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows that a train operated at the same speed could be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows that a train operated at the same speed could be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows that a train operated at the same speed could be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows that a train operated at the same speed could be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake show along with the proper should be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake show along with the proper should be stopped with emergency brakes in a distance of 1,600 to 2,000 feet. The new brake shows along with the proper should be supplying the brake.

Rockefeller Earns Over \$40,000,000 a Year; His Income Tax, \$2,250,000

By Associated Press Cleveland, Ohio, Feb. 13.—Harry Weiss, internal revenue collector for

Northern Ohio, to-day mailed to John D. Rockefeller at Tarrytown, N. Y., tax blanks for the listing of the oil king's income for federal taxation un der the income tax law. Weiss said he would proceed to collect about \$2,250,000 income tax from Rockefeller unless he pays the money to the revenue collector in the Tarrytown revenue collector in the Tarrytown district. "It hasn't been decided whether Rockefeller's legal home is Ohio or New York, so I've sent him blanks to be on the safe side," said Weiss to-day. "He will be kept on my list until I am officially informed that he is not a resident of Ohio."

It is understood that Rockefeller already has received blanks from the

It is understood that Rockefeller already has received blanks from the collector in New York State. "I have been informed," said Weiss, "that Rockefeller earns over \$40,000,000 a year on his stocks. Every man who earns more than \$500,000 a year must pay 6 per cent. on such surplus."
