UNLIMITED POWER IN THE EVERS MIXUP

President of National League Can Go as Far as He Likes and Intends to Mete Out Justice

New York, Feb. 16.—Those who are of the opinion that Governor John K. Tener, president of the National League, is to be the "goat" in the Evers fight have another guess. He will be the leading actor in the transaction in the future. In all that he does the unanimous backing of the National League owners as well as the national commissioners is assured.

Not only was a vote of confidence given President Tener by the magnates, but they gave him unlimited powers to deal with Charles Murphy and any other who, it is claimed, want to lower the standard of the game and are playing into the hands of the Federal League.

Last week Governor Tener's election as president of the National League was confirmed when he signed a four-year ironclad contract, which also was signed by an authorized representative of each of the eight clubs.

It is known to be true that within the last forty-eight hours Governor Tener has received positive assurance of support in whatever action he may take in the case of the belligerent Murphy from H. N. Hempstead, of the New York club; C. H. Ebbets, of the Brooklyn club; J. E. Gaffney, of Boston; W. F. Baker, of Philadelphia; Barney Dreyfuss, of Pittsburgh; S. P. Britton, of St. Louis, and August Herrmann, of Cincinnati.

Murphy will be notified in a few days that he must pay a big cash bonus to Evers, it is said, in the shape of damages. If he refuses to abide by the decision of the directors, as he threatens to do, he will be placed on trial before the league by Governor Tener, it is reported, and drastic action will result.

The National League's resolution, adopted in November, 1912, to the effect that a representative of a club who fails to live up to the principles of sportsmanship or conducts its affairs to the detriment of the other club owners, will be excluded from the league's councils, will be the basis for Murphy's trial, so the story goes.

Gettysburg Winner Over Harrisburg; Brilliant Shooting

With "Bear Cat" Scheffer, a former Tech High star, putting up a great game as guard, and Mahaffie doing sensational stunts in tossing field goals, Gettysburg College went home with a Harrisburg scalp, winning Saturday's game at the Armory; score, 54 to 31. Harrisburg was without the regular line-up.

Gettysburg's all-around good work brought the victory and Harrisburg was kept moving. Mahaffie was the college star of the game, with Williams and Campbell brought results. The Harrisburg stars were McCord and Gaffney.

BASKETBALL SERIES FOR GIRL TOSSERS Plans were completed Saturday for a series of games between the Franciscans and Agathalatha girls. The first game will be played at Cathedral hall one week from to-morrow, February 23. The teams will line up as follows:

Agathalatha. Franciscans. R. Simonetti, F. ... E. Cashman Keenan, ... F. ... A. Devine Eckenrode, ... C. ... A. Zudrell Fogarty, ... G. ... McCarthy E. Joyce, ... G. ... R. Cashman

"SHORTY" MILLER ELECTED At a meeting of the baseball squad at Penn State College yesterday the resignation of Captain-elect Wardwell, who has left school, was accepted and Eugene ("Shorty") Miller, of Harrisburg, was elected to fill the vacancy. Miller will end his studies this year, but will be able to complete the baseball season with the team.

KEENER A. C. WILL MEET At the monthly meeting of the Keener A. C. at their headquarters, 2511 North Fourth street, Wednesday evening, the manager, Robert Squires, will announce a partial schedule. The Keener baseball team last season won much attention by their whirlwind finish, and they hope to start off this season with a strong line-up.

Will Start Tri-State Right; Magnates Want Good Season

Meeting At Philadelphia Wednesday Will Be Run on Business Principals; Banquet in Evening

Having seen the writing on the wall, the Tri-State magnates propose to start right this year, and when the representatives get together at Philadelphia on Wednesday, there will be a new man at the helm to direct the deliberations. Good results are anticipated. President George Graham has requested all representatives to be on hand by noon in order that business will be completed in time to permit the representatives to attend the annual dinner of the Philadelphia Sporting Writers' Association.

Plank Turns Down This Year's Contract

Philadelphia, Feb. 16.—Failure to land a minor league ownership, and due to his desire to become a benedict and settle down to farm life, Eddie Plank sent back his contract to Connie Mack on Saturday, unsigned. That an effort will be made to bring him out of this retirement is assured, as Manager Mack desires the services of the pitcher who helped him win five American League pennants and three world's championships for Philadelphia, to tutor the young twirlers of the team of world's champions. Just how successful Manager Mack will be in bringing the flinger who won the last world's title game of the series for the Athletics last year from his Gettysburg farm to again don a Mack uniform at Shibe park is a matter of much speculation.

There is no change in the Plank situation," said Connie Mack last night. "I think, however, Plank will be with us when we start for Jacksonville. If he decides to quit his place on the Athletics and go elsewhere, then I wish him the best luck in the world. I haven't a word to say against him."

New Shotput Record Made By Girl Athlete

Berkeley, Cal., Feb. 16.—In the first woman's field meet ever held at the University of California three records were established by representatives of the sophomore class on the Hearst Hall open court field. Miss Frances Jackling broke the former records for the 8-pound shotput and the basketball throw for distance. Her marks were, respectively, 34 feet 1 1/2 inches, 82 feet 8 inches. The previous shotput record was 31 feet 8 3/4 inches, made at Vassar. Her mark for the basketball throw of 32 feet 8 inches was 10 feet 8 inches greater than the former record, also made by a Vassar girl. Another Vassar record of 4 feet 2 inches for the high jump was surpassed by Miss Louisa Sheppa, who cleared the bar at 4 feet 2 2/5 inches.

AMUSEMENTS

MAJESTIC To-morrow, matinee and night, "The Alabama Minstrels." Wednesday, matinee and night, "Joshua Simpkins." Thursday evening, Mrs. Fiske, in "Mrs. Bumpstead-Leigh." Friday and Saturday, matinee Saturday, Lyman H. Howe Travel Festival, "How Uncle Sam Built the Panama Canal."

ALABAMA MINSTRELS For to-morrow the Majestic Theater is to present a real old-time colored minstrel show, the Alabama Minstrels, which contain several of the most prominent colored artists in the theatrical line to-day, Jones and More, who give a dancing number, supported by the entire strength of the company. It is conceded to be one of the prettiest ever given, while the singing in the first part by Charles Wallace, Seymore James and Will Kelly, is another feature, the comedy being furnished by William Smith and Washington Lincoln Brown, three of the funniest black face comedians that ever blacked up. Professor Willkins and his band of twenty dark knights head the parade at noon and give two concerts in front of the theater, at 1:30 and 3:00.—Advertisement.

JOSHUA SIMPKINS The sensational rural comedy drama, "Joshua Simpkins," will be produced at the Majestic Theater Wednesday, matinee and night. The play contains an interesting and intelligible plot, but it is not allowed to interfere with the fun, which is said to be in abundance. During the run of the play some startling scenes and situations are seen, the principal of which is said to be the sawmill, in the third act, shown in complete operation, cutting up real timber. The saw used is the genuine article, the

MRS. FISKE

In "Mrs. Bumpstead-Leigh," to which Mrs. Fiske returns whenever she longs for a period of artistic recreation, she disclosed the first work of a new playwright and made her first appearance in broad comedy since the early days of her stage career. The play was found to be most diverting and of a character not in the least associated with Mrs. Fiske's former accomplishments. In its comedy sweep it is as much of a milestone in Mrs. Fiske's career as her "Tess" or her "Becky Sharp," although, of course, of relatively less importance. It is in this laughter-provoking vehicle, one that has no other mission than to add its quota to the gaieties of life, that Mrs. Fiske is to come to the Majestic Theater on Thursday evening, February 19.—Advertisement.

VICTORIA THEATER

To-day starts another week of extraordinary features and high-class first run Mutual pictures. The Mutual pictures are considered the best on the market. "Frou Frou" a four-act Thalhouser picture, will be shown to-day and will include the well known and well liked "Thankyou Kidlet, Helen Bagley, the smallest motion picture actress on the stage, assisted by the Thalhouser twins, Madeline and Marian Fairbanks. "Calamity Ann in Society," a comedy drama of Western life and very comic, will also be shown to-day. "Mimi San," in two acts, is also on the program. Beginning to-day Mr. Harold Hummer, a professor of great note, will be at the piano and furnish music for all pictures as they are thrown on the famous mirror screen, the only one of its kind in the city.—Advertisement.

Earl's Six Diving Venuses just splashed and dived and cavorted about in their huge tank and beautiful stage setting at the Orpheum this afternoon,

in a manner that simply took the house by storm. Maybe some were there who feared that the girls wouldn't get enough good, fresh water to dive and swim in, after all the talk that was occasioned over the mammoth tank they required, but a catastrophe like that didn't happen. Wherever the water came from no one knows, and no one cared much, so long as it was there. Lovers of aquatic features can't afford to miss the engagement of Earl's Diving Venuses at the Orpheum this week. It's a great sight act, it's a mammoth vaudeville attraction and its engagement here is of more than passing interest. Admirers of Ethel Green, the sweetest girl in vaudeville, were there in goodly numbers, too. Miss Green only grasped a firmer hold on her admirers of old, and added many that she didn't have before. Beaumont and Arnold, pretty girl and nifty fellow, pleased in a breezy flirtation skit; John and Bae Burke, comedy eccentrics, kept the audience laughing every minute they were on view, while manual dexterity seldom seen here was exhibited by the Hasmans.—Advertisement.

AT THE COLONIAL

The Castilians, who rank with the foremost posing artists in vaudeville, are booked to appear at the Colonial as the leading attraction of the bill for the first half of the week. These posing are done in bronze effect and are patterned after some of the most famous groups of statuary. On the same offering we are to see George Smedley with a clever musical novelty, and the Adams Brothers, comedy singers and roller skaters. "Caught With the Goods," a splendid Vitaphone feature film, in two parts, will be a special attraction to-day.—Advertisement.

LODGE ANNIVERSARY

Special to The Telegraph. Annyville, Pa., Feb. 16.—Annyville Lodge, No. 403, Knights of Pythias, will observe the fifteenth anniversary of the order with a program and banquet on Friday evening, February 20. The anniversary exercises will be held in the lodge room and the banquet in the banquet rooms of the Odd Fellows. The address of the evening will be made by Aaron Barlett, of Ebanelon.

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo The Perfect Tobacco for Pipe and Cigarettes

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.
