

HARRISBURG TELEGRAPH

Published by THE TELEGRAPH PRINTING CO. E. J. STACKPOLE, President and Treasurer...

Published every evening (except Sunday), at the Telegraph Building, 314 Federal Square.

Entered at the Post Office in Harrisburg as second class matter.

Sworn daily average for the month of January, 1914 22,342

TELEPHONES: Bell Private Branch Exchange No. 3040.

THE McCORMICK PLATFORM

The platform of the personally selected candidate of President Wilson for Governor of Pennsylvania was announced today...

The most characteristic statement in the whole list of personal declarations is the following:

I shall make a determined effort to bring about a reform of rules of the Legislature, to give the people of Pennsylvania a chance to freely express their will through the representatives...

The candidates comes forward with a plea for the extension of civil service. A similar plan is a part of the Democratic platform...

The Democratic platform promised civil service reform and those elected under its provisions—and all of them were supported and are at this moment heartily endorsed by Candidate McCormick...

How, then, are we to take this promise of McCormick? Does it ring true, or does it sound like the Baltimore horn being tooted again to attract the votes of the unthinking?

What a political cataclysm would follow in the camps of these two parties should Senator Penrose suddenly conclude that he will not be a candidate?

PUBLIC DUTY TO THE LIBRARY

For the first time Harrisburg has a Public Library that meets with its requirements. The building, erected through the benefactions of a public-spirited woman...

The beautiful building was erected by a fund specifically set aside for the purpose, it being the desire of Mrs. Sara J. Haldeman-Haly and the expression of her executors...

DON'T PITY THEM

There is a mistaken inclination on the part of some citybred people to pity those who live beyond the glare of the arc lights and the clang of the trolley car...

Possibly Dodge has gone too far in his renunciation of city relaxations, but his view is the other side of the picture. There are thousands like him...

Monotony on the farm? In these days of the automobile, the telephone, good roads, farmers' institutes, parcel post and the rural free delivery...

The candidate comes forward with a plea for the extension of civil service. A similar plan is a part of the Democratic platform...

TEACHING HOUSEHOLD ECONOMY

Get a Dantel come to judgment! Here is the head of a well-known New York University who has announced that hereafter no girl graduate of that institution will be awarded her B. S. degree...

The terrors of Greek, the intricacies of mathematics, the mysteries of psychology, all pale before the laborious toils of the laundry course...

Evening Chat

Although the average citizen does not realize, Dauphin county may have two sources of income in 1914 for the first time...

DEMOCRATIC MILL IS BUSY

Sends Out McCormick's Platform -Stuart Now Said to Be Out of the Race

The Washington party's council of war will be reconvened here next Thursday to decide whether it will go before its voters with a "suggested" ticket or whether there shall be an open fight at the primaries.

Nothing is funnier than the other end of a telephone conversation, especially when the telephone is in a store and there are girls or fellows at the conversation business.

Father Penn is taking good care of his squirrels these days and the show-ers of the paths in Capitol Park make it their business to "pass" it...

WELL-KNOWN PEOPLE

W. P. Snyder, the Pittsburgh iron manufacturer, is at Palm Beach, Fla. E. Paul Lueschner, Pottsville city solicitor, will take part in the hard coal tax test.

POLITICAL SIDELIGHTS

Wonder how many legislators would like to go before the people with declaration that if elected they would permit the executive to make rules for them?
