## Two Big Friday Specials That You Will Want

This weather doesn't offer any incentive for the consideration of dainty Spring wearing apparel. We believe, however, that if you should come here and inspect our new models, you'd forget all about the weather outside and make a selection, which would enable us to give you the best service in our fitting and alteration departments, which will be overcrowded with work as soon as warmer weather appears.

Therefore, we offer for to-morrow only these two specials as an incentive to get you to come here. When you come, be sure to take a few minutes and study the new Spring apparel styles.
