Your Boy

First, ask your doctor about Ayer's Sarsaparilla as a tonic for the young. Then use it or not, as he says.

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

RAILROADS ELECTRICAL POWER FOR PENNSY SHOPS

Plans Are Being Considered For Elimination of Steam Driven Machinery

Electrication on the Pennsylvania railroad, planned for this year, will include Harrisburg.

Within the next few months the thousand and one wheels in the Pennsylvania Railroad shops in Harrisburg will be driven by electricity instead of steam and work now performed by small "dinky" shifting engines will be looked after by engines driven by electricity, if the present plans under consideration are carried out.

The Pennsy's plan is to eliminate steam power wherever it can be done. For several months the changes have been going ahead and the electrical current is fast superseding steam. The installation of the electrical power for steam has to be proceeded with in such a way as not to interfere with the operation of the great plant and in order to do this the new machinery necessary to provide for the change is being put in gradually.

RAILROAD NOTES

Ross Siler, 566 Calder street, employed at Enginehouse No. 2 of the Pennsylvania Railroad, was taken suddenly ill last night. He is threatened with typhoid fever.

Harry Elbert, assistant baggageman for the Pennsylvania Railroad at Middletown, is ill at his home in Brown street, Middletown.

Passenger train No. 27, Iron City Express, leaving Harrisburg at 4 a. m., yesterday struck and instantly killed Samuk, J. S. Siler, a laborer, who has been ill for the past two weeks and has been under treatment at the Mercy Hospital, Baltimore, is reported as improving.

That Jar of MUSTEROLE
On the Bath-Room Shelf

It's relieved pain for nearly everyone in the family. When little Susie had the croup, when Johnny got his feet wet and caught cold, when father sprained his knee, when Granny's rheumatism bothered her.

That Jar of MUSTEROLE was right there to give relief and comfort. MUSTEROLE is a clean, white ointment, made with oil of mustard. It will not blister like mustard plaster. Quick relief for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches, Cuts, Burns, Scalds, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds on the Chest (it prevents Pneumonia). Nothing like MUSTEROLE for croupy children.

In 25c and 50c jars, and a special large hospital size for \$2.50. Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid. (60) S. J. BUCHANAN, Lovellville, Ohio, says: "We have been using Musterole for two or three years past and find it very good. It is always in our medicine cupboard."

MOTHERS' PENSION SYSTEM IS MADE

Arrangements Outlined by Auditor General For Payment of the Warrants

The first day of each month has been fixed by Auditor General Powell as that on which the mothers' pension act. The State's check will represent half of the monthly payment in each instance, the remaining half to be paid by the treasurer of the proper county. Only one actual payment to a pensioner has been made as yet, the recipient being Bridget McKenna, of Philadelphia.

The counties have accepted the provisions of the act and complied fully with its requirements, these being Allegheny, Philadelphia, Beaver, Schuylkill, and Luzerne. The last named county's trustees have just obtained approval of an allowance of \$500 for preliminary expenses. Westmoreland county has signed acceptance of the act and is now completing its organization of a board of trustees.

Joins in Test.—The borough of Lehigh, by its council, has notified Auditor General Powell of its readiness to assist his department in its defense of the act placing upon two and a half per cent. on anthracite coal. The act provides that half of the tax collected in each county shall be distributed among its municipalities, and for this reason the boroughs and boroughs of the hard coal region are taking a lively interest in the suit recently instituted for the making of a test.

Getting Results.—The Pennsylvania Department of Fisheries finding that notices to persons allowing pollution to run into the stream in many cases brought no results, determined upon the more drastic plan of bringing prosecutions. Among those prosecuted were a number of manufacturers at Easton and along the banks of the Delaware river. The various defendants brought the various defendants got busy. The department, through its counsel, has notified all the persons prosecuted that these suits were brought, not for the purpose of harassing the manufacturers, but simply as a last resort, and that there was to be no more acceptance of promises that are not performed, but that the suits were strictly observed. Through his counsel it agreed that where the defendants agreed to take care of the pollution and took immediate steps to do something, the prosecutions would be halted for a definite time, and if at the end of the time the violators had made good, the suits would be withdrawn. In one of the cases at Easton the defendants have absolutely complied with the demands of the department and the employment of the law, and will no longer allow any refuse whatever to escape into the Lehigh river.

May Lose Money.—Delay in reporting to the Auditor General and paying capital stock tax bids fair to cost Pennsylvania banks and trust companies large sums of money this year. Certain valuable exemptions, especially from the State taxation, are allowed institutions reporting and paying on or before the first of March, and Auditor General Powell will apply the law to those who fail to do so.

Philadelphia Pays.—The city of Philadelphia to-day sent the State Treasury \$254,797.60 as State taxes on loans. The payment is on \$67,000,000 of bonds.

Bump Reformatories.—The session of the State Industrial Board yesterday developed into a discussion of reformatories and their effect on boys.

Colonel Trexler Here.—Colonel H. C. Trexler, quartermaster-general of the National Guard, was here for a short time to-day on his way to Elizabethtown.

Won't Affect Law.—The decision of the Supreme Court in the bleached flour case will not affect the enforcement of the pure food laws in this State.

No Decision Yet.—No decision has been reached as yet regarding the proceedings in the controversy over the payment of the income from automobile licenses. Auditor General Powell has the matter under consideration.

Demand for Petitions.—Demands for non-payment of taxes received made at a prodigious rate at the Capitol and very few can be filled. The Democratic State organization has thousands of petitions in circulation for Palmer and McCormick.

Justice and Notary.—Jacob C. Brower was to-day appointed justice for Upper Providence township, Montgomery county, and H. G. Winer, notary for Franklin township, Snyder county.

Big Payments Made.—The State Treasury to-day received \$23,000 as State insurance tax from the Prudential Insurance Company. It is the largest insurance tax to be paid.

Tractor Men Meet.—Representatives of tractor engine manufacturers had a conference with Highway Commissioner E. M. Bigelow regarding the enforcement of the tractor engine law, in which it was brought out that of 224 persons granted licenses only three had made complaints.

STEELTON (MIDDLETOWN) HIGHSPIRE & ROYALTON OBERLIN ENHAUT

TO RAISE \$2,000 TO HELP NEEDY FAMILIES

Associated Charities Has Committee of Twenty Working to Collect Funds

A committee of twenty members of the Steelton Associated Charities Board has begun a thorough canvass of the borough in an effort to raise a charity fund of \$2,000.

The entire borough has been distributed, and each member of the committee has been assigned to a certain district to solicit subscriptions. Members of this committee will report the results of their work at a meeting to be held in the board's headquarters in the Steelton Trust Company Building, North Bond street.

The new association has settled down to active work and is giving a great deal of relief to needy folks. The cold weather of the past few weeks and the slack conditions at the plant of the Pennsylvania Steel Company have caused a great deal of suffering in the poorer sections of the borough.

At no time since the panic of 1907 has there been the need for help that there is at the present time. During the winter of 1907, it was necessary to establish what was to all intents a "soup-house." This was followed by the organization of the Steelton charity committee, which has been succeeded by the more efficient Associated Charities Board. Were it not for the excellent work of this new association there would be much more suffering than in 1907, in the opinion of men acquainted with the conditions.

The new organization is headed by Mrs. F. D. Carney as president. Miss Agnes Wilcox is the association's trained investigator in charge of the relief work. The association is also Miriam Pynch, who is in charge of the stenographical and clerical work.

"500" PARTY
Miss Beale Hagy entertained at a "party" at her home last evening. The guests enjoyed a "500" must and dancing until a late hour when refreshments were served. The guests were Misses Betha Dickey, Eastern Leigan, Mary Jones, Jennie McGuire, Mary Henderson and Lora Hagy, of Harrisburg; Iona Bond, of Lemoyne; Sadie Staines, Ethel Zimmerman, Ruth Hagy, Jennie Hagy, Beale Hagy, Alice Hagy, Jennie Hagy, and others.

RAIL PLANT TO REOPEN
The Pennsylvania Steel Company yesterday announced that the rail plant of its chief subsidiary, the Maryland and Steel Company, at Sparrow's point, Md., would reopen the second week in March. It will give employment to 1,500 men, who have been idle since the mill closed, about the middle of December. The plant will resume operations on new orders for steel rails which have recently been received. The plant usually closes over the year-end, but only for about three weeks or a month. The marine department of the Maryland Steel Company, also situated at Sparrow's Point, has been in operation all winter.

CHARGED WITH HOLD-UP
Charged with having held up at the point of a knife and robbed Mica Dea, a foreigner, at the time he was being given a hearing before Squire Gardner this evening. The prosecutor, as stated, said that he had been told by him and that he accused the prosecutor of the theft. Not only that, but he had been forced to hand over \$2 of his own hard earned cash to replace the twenty that had been stolen from him. Constable Gibb made the arrest.

LEAGUE ENTERTAINED
Members of the Junior League of the First Methodist Church were entertained last evening by Professor N. A. Yeaney, Miss Green and Miss Lillie Knicker. The program included a variety of songs, recitations and other entertainment. Refreshments were served. The entertainment will be given the evening of March 8.

HOLD REVIVAL
Successful revival services are being conducted in the Middletown Church of God by the pastor, the Rev. Dr. H. F. Hoover. Since the revival opened forty-five conversions have been made and thirty-eight new members have been received into the church. The Rev. Dr. Hoover last evening preached on "The Price of a Soul."

PLUNGE INTO SNOWBANK
SAVES JAMES BEST'S LIFE
With his clothes covered with blazing oil, last evening, James Best, of North Union street, fell into the yard in the rear of his home and leaped into a deep snowbank, probably saving his life.

Best's 3-year-old son had upset an oil stove. The oil exploded as Best threw the stove to the basement. He attempted to throw it from the basement to the backyard when his clothes were ignited. The Union Hose Company was called but was not needed.

MISS SCHAEDT ENTERTAINS
Miss Lena Schadt entertained a number of friends at a euchre party at her home in North Wood street last evening. Refreshments were served to Marion Hughes, Mary Schadt, Lola Winters, Anna Fisher, Mr. and Mrs. Dix, of Steelton; Mr. and Mrs. Brandt, Harrisburg; William Metter, Albert Hammond, Homer Painter, Roy Beck, Earl Espenshade, Mr. and Mrs. Schadt.
