Blood Eruptions WON'T Return When You Give Your Blood a Good Bath

No case of poisoned blood is ever cured until the last vestige of irritation has been eliminated from the system. And the only remedy that is safely assimilated in the tissues to stimulate cellular activity and overcome harmful germs is the famous S. S. S. A few doses of this wonderful blood purifier will start such pronounced activities in the cellular tissues of the body as to soon show decided changes in the skin. The skin is but a fine network of tiny blood vessels, and the action of S. S. S. is declared by eminent authorities to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time even the worst skin eruptions show a most remarkable change; it begins to dry up; the skin peels off in tiny flakes, and soon a layer of clear, healthy and firm tissue results. The reason for this is in the peculiar stimulation of S. S. S. which enables the cells in the skin to select from the blood the nutrient it requires for regeneration. Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence. This fact has been demonstrated in cases of severe skin eruption that had seemed to be incurable. You can obtain S. S. S. at any well stocked drug store, if you insist upon it, be sure you are not asked into something else claimed to be "just as good." S. S. S. is prepared by The Swift Specific Co., 208 Swift Bldg., Atlanta, Ga.

Lawyer "Butts in" and Averts Strike of 60,000

Chicago, Ill., Feb. 27.—It is not an easy task to prevent a strike of 60,000 who are bent on striking—especially workers of the Russian revolutionary type. Yet if the right man arrives with a definite plan and the determination and ability to put it through, the task is not impossible. W. O. Thompson, of Chicago, had such a plan, and after nine weeks of tireless working he has put it through. He has set in place the last cog in the new machinery of the "Protocol of Peace" in the cloak trade, by the introduction of J. E. Williams, of Illinois, as "Independent Chairman of the Committee of Immediate Action," which is to bring to quick adjustment of grievances in the trade. A month ago even the most optimistic friends of the protocol (which has prevented garment trade strikes for the last three years) had about given up hope that it could be saved. But Mr. Thompson came to the rescue. When asked why he bothered Mr. Thompson said: "Oh, I just butted in. It affects our Chicago protocol—it affects the entire national clothing industry."

Three Native Soldiers Put to Death by Posse

Pago Pago, American Samoa, Feb. 27.—(Via San Francisco, Cal., Feb. 27.)—Three native soldiers of German Samoa were killed and another badly wounded in an all-day fight waged with a posse sent to arrest them, according to steamer advices just received from Apia. One white man of the attacking party was fatally wounded, dying soon after the encounter, and others were more or less seriously hurt. The four Samoans had been sentenced to three years' imprisonment for raiding, without authority, a Chinese gambling-house and stealing the game stakes. They broke out of a guardhouse, entered the government armory and made off with rifles and ammunition.

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Brest Tea, or as the German folk call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink it full at any time. It is the most effective way to break up a cold and cure grip, as it opens the pores relieving congestion. Also loosens the "webs," thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

UPTOWN PEOPLE TO HEAR DR. McQUAIG

Purity Lecturer Will Speak in Fifth Street Methodist Church on Sunday

Uptown church people will have an opportunity to hear Dr. J. Aspinall McQuaig, the "purity lecturer," who has been instructing audiences of men and women in downtown churches for the last few weeks. Dr. McQuaig will give a number of talks at Fifth Street Methodist Episcopal Church, giving his first one to women on Sunday afternoon at 3.30 o'clock. He will talk at the evening service Sunday and during the first three days of the week will lecture at afternoon and evening meetings. He will not speak Wednesday evening, his last lecture being given Thursday afternoon.

ORGANIZE JEWISH SOCIETY

Efforts are being made by two prominent Rabbis, Rabbi Levenberg, of Jersey City, manager of the American Society, and Rabbi Gluck, of New York city, to establish a local branch of the "Aguah Israel," a wide world organization of Jews, whose object is to solve Jewish problems. Meetings for the purpose of forming a local branch of the organization will be held next Saturday afternoon at 3 o'clock and Sunday afternoon at 4 o'clock at the Keshet Israel Synagogue, Fourth and State streets.

To Give Farce—"Who is Who," a farce in one act, will be given by Class No. 9 of the Sunday school of the Church of the Redeemer to-night in the Flatiron building, Nineteenth and Derry streets.

Go-to-Church Day—"Go-to-Church Sunday" will be observed at the First United Brethren Church on Sunday. The Rev. J. Spangler, pastor of the church, will preach a special sermon and there will be special music. An effort is being made to have every member and friend of the church attend the services of the day.

Social at Derry St.—Comic songs by social committee, and the sale of a parody on "Old Black Joe," were the features of a social given by the Young Men's Bible class of Derry Street United Brethren church last night. More than 250 people were guests of the class. The first page of the program included a series of lantern slides showing Washington and incidents in his life. The audience sang America, and the Rev. J. A. Yeter, pastor of the church, offered prayer. O. P. Beckley made the address of welcome, and Roy Mathias sang a song which was illustrated with lantern slides. The ladies' quartet of the church sang a song. Miss Phoebe Miller sang. The class song given by the social committee in full uniform of white coats prepared the way for the entertainment. The church was decorated with pointed plants.

"The New South"—At the Covenant Presbyterian church, Fifth and Peffer streets, this evening at 7:45 o'clock the Rev. Harvey Klaier, pastor of the church, will lecture on the "New South." The lecture will be of special interest to boys and girls.

Lenten Service.—Special Lenten services will be held this evening at the Reformed Salem Church, Third and Chestnut streets. The Rev. Dr. Ellis N. Brunner, pastor, will preach a special sermon.

Hit Sawdust Trail.—When Mayor W. W. Shannon, of Berwick, appears before the "Pleasant Sunday Afternoon" meeting of the Allison Hill Men's Club, at 8 o'clock Sunday, in Lenny's Theater, he will probably relate a story of conversion somewhat out of the ordinary. Mayor Shannon reported the Stough t. bernacle campaign, in Berwick, last December, in his professional capacity as a newspaperman, and in the Mayor's own language, when Dr. Stough preached his "Sermon on the Mount" he "couldn't stand it any longer." He and another reporter "hit the sawdust trail," together with Mayor Shannon, intentions to live differently. With Mayor Shannon will be "Big Dick" Branston, of former notoriety, who was converted by Dr. Stough's evangelism. Branston is an Englishman, who was born in London many years ago and hasn't been back since.

Military Governor in China Assassinated by Poison, Is Belief

Tien Tsin, China, Feb. 27.—Assassination by poison is believed to have brought about the death here to-day of General Chao Ping-Chun, military governor of the province of Chi-Li, former premier under President Yuan Shi Kai. The Chinese statesman was ill only a few hours. He was stricken last night and died this morning. General Chao Ping-Chun was a native of Ho-Nan and was one of the President's supporters. He was police prefect of Tien Tsin when he attracted the attention of Yuan Shi Kai, then viceroy of Chi-Li. Shortly afterward he was given a post in the ministry of the interior. He served a period of unemployment in 1909 and 1910, he was appointed minister of the interior by Yuan Shi Kai in 1911 and this was confirmed by the national council after the abdication of the Emperor. He was acting finance minister and acting premier early in 1912, and in September of that year became premier by election and held the office till July, 1913.

FAIR HORIZONS OF RAILWAY STATIONS

[From Collier's.] Ten years ago it was possible to dash madly up to a railway waiting room—or a street car, though street cars decline to go mad for anyone—and, having reached the station, to jump through the door and out on to the platform with a few well-executed jumps. Today, with faster street cars and trolleys which make the traveler three times as mad as the old kind and get him to places five times faster, we are farther away from our trains than ever, because when we get to the modern station door we are only half through our train. Rich or poor, athletic or bungled, young or old and feeble and propped up with canes, we must all take the same pilgrimage on foot through the great million-dollar entrance arcade across the waiting room, so large that it has a horizon instead of walls, across the grand concourse or north forty, as it used to be called before it was roofed over, down the elevator, and on to the place where the train would have been had it been a patient and reasonable train.

Important Revolutionary Movement in Progress in Portugal Says Dispatch Madrid, Spain, Feb. 27.—The Spanish government has received information that an important revolutionary movement is in progress in Portugal. According to an announcement made to-day by the Spanish under secretary of state for the interior, a condition of anarchy exists throughout Portugal. Every effort is being made by the authorities here to obtain full particulars of the occurrences in Portugal, but hitherto it has been impossible to learn definitely what is taking place, as all communication, including even wireless telegraphy, is interrupted. MY LITTLE BOY (Translated by H. W. Eitelson, from the Yiddish of Morris Rosenfeld.) I have a boy, a little boy, He is a younger fine! Whenever I catch sight of him, I think the world is mine! But of him, precious one, awake, I've seldom, seldom sight, Most times I find him fast asleep, Just see him in the night. The workshop calls me early out, And late I leave the place; Ah, strange to me my flesh and blood, Ah, strange my own child's face. I come through pall of darkness home, Fagged out and in a daze, And my pale wife to cheer me, tells Of baby's cunning ways. How sweet he talks how cute he begs; I see and mamma, tell me, do, When is dear daddy going to come And bring me penny, too? And hearing this, I dart away, For so it needs must be, The father-love flames passionate: "My child must, shall see me." I stand beside his tiny crib, I see and ah, I hear, The little lips ask in a dream: "Where is my daddy dear?" I kiss his eyelids tenderly They open wide—sweet sight! They see me now, they see me now, But soon again shut tight: "Here's father now, my one, my own. A penny for you, there!" The little lips ask in a dream: "O where is Papa, where?" I stand there stricken, deep-distressed, And speak in accents sore: "Sometime you'll wake my child, alas, And find me here no more!" —From the Survey SOUR, UPSET STOMACHS FIXED IN FIVE MINUTES—PAPE'S DIAPEPSIN Best For Indigestion, Gas, Heartburn and Dyspepsia—It's Great! FLORIDA CITRUS EXCHANGE In the orange and grapefruit grove owned by members of the Florida Citrus Exchange the pickers wear white gloves to protect the fruit from bruises and contaminations. They clip—not pull—the fruit from the trees and carefully lay it in canvas lined baskets. The wagons in which the fruit is conveyed to the packing houses have springs that prevent bruises on the way from the groves. At the packing houses the oranges and grapefruit are washed by machinery and assorted for size, wrapped in tissue paper and carefully packed in boxes—all by white-gloved workers. No child labor is employed in any packing house of the Exchange. No human hand touches the fruit from tree to the grocery or home in which the box is unpacked. This insures the consumer fruit handled in the most sanitary manner and the care taken with it means that it will keep well. You can safely buy it by the box. Florida Oranges and Grapefruit Untouched by any Human Hands From the Tree To the Consumer The Florida Citrus Exchange is a co-operative, non-profit making association of orange and grapefruit growers formed for the mutual protection of consumers, dealers and producers. The mark of the Exchange in red on boxes and wrappers means tree-ripened, sweet, juicy, well-flavored fruit. No matter what grade you lay you will get more for your money if you insist on Exchange fruit. Up-to-date grocers and fruit dealers in practically every city and town have for sale Florida Citrus Exchange oranges and grapefruit. Your dealer probably will have the fruit in stock. Tell him firmly that you want Exchange fruit—that while other oranges and grapefruit may be good; those with the red mark of the Exchange on the boxes and wrappers are sure to be.
