THREE SENTENCED FOR KILLING GEO. SPAID

Man Convicted of Manslaughter in Selinsgrove Riot Go to Prison

Special to The Telegraph
 Sunbury, Pa., March 2.—Judge Johnson, of the Snyder county court, at Middleburg on Saturday, after Harvey Willow, Martin Luther Kratzer, his father-in-law, and the latter's son, Ralph, of Jackson township, Snyder county, were found guilty of manslaughter, the result of a riot striking George Spaid, 70 years old, on the head, at Selinsgrove on New Year's day, the latter dying from the effects of the blow, sentenced the men as follows: Martin Luther Kratzer, \$100 fine, the costs and two years in the Eastern Penitentiary; Willow and Ralph Kratzer, each \$25 fine, the costs and one year in the Snyder county jail. The elder Kratzer, nearly 50 years old, had a pugnacious disposition and his fighting proclivities prompted him to go to Selinsgrove on New Year's day and get drunk, starting a riot. Willow accompanied him because Kratzer threatened to beat him up if he didn't. Willow struck Spaid when the latter had pushed Kratzer out of the crowd, the testimony showed. "The elder Kratzer, according to the testimony, boasted that he had never been licked by any man and offered a dollar to his son every time he would come home and say that he had beaten another man."

He comes from a family long known and prominently connected in that section and he is known as a substantial and progressive citizen.

The borough of Mountville is one of the newest in the county, having been incorporated May 15, 1906. It is a wide-awake and prosperous town and is rapidly forging to a place among the big boroughs in Lancaster county. Burgess Stehman was elected by a big majority, being popular with all parties.

SUPERVISORS WILL TAKE UP ROAD PLANS

Taxpayers in Upper End of East Pennsboro Township Want Half-mile Stretch Built

Special to The Telegraph
 Enola, Pa., March 2.—When the supervisors of East Pennsboro township meet in the Midway Fire Company building here this evening, a big delegation of township taxpayers is expected to be present. The supervisors will take up the question of building a new road from Pyne's corner of the borough limits of West-Fairview, to Mann's Woods, a stretch of about one-half mile. A representative of the State Highway Department will be present and sign the necessary papers giving State aid if the supervisors will agree to pay for their portion of the road. The question has been pending for some time, the supervisors fearing to build the road because of the debt which may be incurred if the case pending in the Cumberland county courts, which grew out of the building of the road between the river and Camp Hill, should be decided against the township. The supervisors would then have to pay several thousand dollars for the construction of that thoroughfare. Many of the taxpayers in the upper end of the county, however, are dissatisfied with this arrangement and are demanding that the supervisors draw up the papers for the building of the road between Pyne's corner and Mann's Woods. If this stretch were built there will be a new road from the Northern Central bridge in West-Fairview to Mann's Woods, the borough council in West-Fairview deciding with State aid, to build a road from the bridge to Pyne's corner.

GATELY & FITZGERALD

Firm Has Remarkable Growth Under Able Direction of Frank R. Downey

Back in 1888 the Gately & Fitzgerald Supply Company began business, in a small way in Harrisburg. The progressive management back of the store was responsible for the rapid gratifying growth in business and in the year 1896, Frank B. Downey, was made manager of the store. Mr. Downey's enterprise and able direction of the business have been responsible for a constantly increasing patronage which has made necessary from time to time the addition of floor space to accommodate growing departments and others which have been added at various times.

In this manner space was acquired in properties Nos. 29, 31 and 33 South Second street and it now becomes necessary to take the entire third floor of the building at Second and Chestnut streets, known to many as the Bell estate. This will give the Gately & Fitzgerald Supply Company 600 square feet additional floor space or a total of 20,000 square feet floor space in buildings Nos. 29, 31, 33 and 35 South Second street.

Since 1896 Mr. Downey has been in charge of the local store and several years ago he was taken into the firm, and aggressive business ideas. He has rounded himself with an efficient sales organization to which he gives high credit for the rapid strides made in business.

The property just acquired is now undergoing extensive remodeling and when completed will permit of enlargement of several important departments. The business is devoted to sale of clothing and house furnishing goods of all descriptions.

LEO McDONALD HAS WRITTEN ELK PLAY

Musician Shows Talent That May Lead Him Into Big Things in Theatrical World

It is to the ingenuity and remarkable artistic ability of Leo McDonald, a Carlisle lawyer and member of the Elks of that city, that a large amount of credit should go for the manner in which the Carlisle Elks have put over an amateur show that is the equal of many professional musical comedies.

Mr. McDonald is a musician of considerable ability, but in addition to this, he has the gift of writing plots and arranging numbers that few musicians possess. Harrisburgers who will witness "George Brady's Dream" at the Majestic Theatre tomorrow or Wednesday, when this piece will be given under the auspices of the Harrisburg Elks, will be quick to predict a future for Mr. McDonald in the theatrical line.

While Mr. McDonald has had a hand in arranging several of the pieces that have been given annually by the Carlisle Elks in their home town, this year's production is more pretentious than any of its predecessors, and may prove to be the stepping stone upon which Mr. McDonald will rise to higher things in the theatrical world.

The sale of tickets for "George Brady's Dream" at the Majestic Theatre has been very encouraging, although there are plenty of good seats for each performance. Governor Tener has been invited to attend the play as a guest of honor.

Soutter Now Owns the 1 to 25 Cent Store

Beginning to-day John C. Soutter will assume full ownership of the 1c to 25c department store, which up to this time has been a corporation chartered under the laws of Delaware. Mr. Soutter, under whose active supervision, the store has been conducted ever since it was opened in Harrisburg, has from time to time been acquiring the outstanding stock of the corporation, and with the consent of stockholders and officers takes over the business after March 1, 1914, under his sole ownership, thus doing away with the many legal requirements, expenses and taxes incident to the maintenance of corporations. The business will hereafter be conducted under the name of "Soutter's 1c to 25c Department Store," at the same location, 215 Market street. Mr. Soutter, prior to coming to Harrisburg, was connected with the firm of Soutter, Buchanan and Young, who operated a large department store in Lancaster. He has put into his local enterprise all the knowledge gained by his many years of experience in merchandising, and it is to his careful management and effort that the gratifying growth of the business which he now owns, must be credited.

A Tonic For the Nerv

Nervous people who have not yet developed a disease that can be recognized and treated by the medical profession have the greatest trouble in finding relief. Irritation, headache, sleeplessness, nervous dyspepsia, all these discomforts make life miserable, but are endured rather than run a doctor's bill without definite hope of recovery.

Every such sufferer should know the danger of such a condition of the nervous system. Nervous debility and even paralysis may easily result if the tone of the nerves is not restored. The one big fact that brings hope and relief is that the nerves can be restored by building up the blood. It cannot be too often repeated that only through the blood can nourishment and medicine reach the nerves. Dr. Williams' Pink Pills make the blood rich and red and quickly restore vitality and energy to a weak nervous system. A nervous person who gives these pills a trial is almost certain to see good results and, what is more, the benefit will be lasting because the trouble is attacked at its root. Thin blood is the cause of nervous debility. The blood restores the nerve force.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or neck, headache, giddiness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before or after each meal for a few days, and your kidneys will then not sulk. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Beware of Boils—THEIR Very Appearance Denotes a Blood Condition That Requires Prompt Action

At the first appearance of pimples and boils the blood should be given a good searching internal bath with S. S. S., the greatest blood purifier known to man.

This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood from impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of casting out every atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, removes them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all this remarkable remedy is welcome to the weakest stomach. In a very brief time S. S. S. has the reconstructive process under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches disappear, and from head to foot there is a conscious sensation of renewed health. That strange moody, morbid feeling of depression is lifted and the entire system responds with surprising energy.

You can get S. S. S. at any drug store. Beware of any effort to sell you something cheaply as "just as good." If yours is a peculiar case and you desire expert advice, write The Swift Specific Co., 309 Swift Bldg., Atlanta, Ga.
