

Horrid Pimples Kill Dimples

But Stuart's Calcium Wafers Will Remove the Unsightly Blemishes in So Short a Time as to Seem Almost Impossible of Belief.

The crowning beauty of a woman is her skin. She may possess only the finest features or even a coarse, heavy contour of face, but if she is the possessor of a fine, colorful skin, showing vigorous health and a pure blood, she will grow attractive to every eye.

The Girl: "Betty has a pretty face and cute dimples, but the pimples are horrid."

The Man: "Stuart's Calcium Wafers would remove them in a day." The great trouble with the majority of women is that they try to remove pimples by outside treatment, such as grease, massage, cosmetics, electricity, etc. These methods will not cure nor even temporarily remove pimples and facial disorders.

The difficulty is generally impure blood. The blood is a stream of waste matter filled with poisons. Its color is black or blue or brownish cast, instead of ruby red as it should be.

Stuart's Calcium Wafers go into the stomach with the food you eat. They become a part of the blood and they go wherever the blood goes. You can thus see that these pleasant little wafers filled with cleansing power seek out the very impurities in the blood and quickly remove them from your system.

They open the pores and the tiny canals leading to the pores. This act at once permits the blood to cast off its load of dead matter and in doing so there is no stagnation and consequently no discoloring of the skin.

The best color always comes in youth of course, but all the cosmetics in the world will not bring back the color if your blood is diseased or filled with impurities which it cannot remove or throw off.

Go to your druggist whoever he may be and he will give you a box of Stuart's Calcium Wafers, price 50c.—Advertisement.

The building at Nineteenth and Manada streets erected for the Model Typewriter Works is now in possession of the Morton Truck and Tractor Company. A great deal of the machinery and a new elevator shaft is being constructed and some minor alterations made. One of Harrisburg's infant industries, only two years old, gives promise of becoming one of its leading establishments.

Senator Smith Charges Democrats Have Failed on Platform Pledges

By Associated Press
Washington, D. C., March 5.—The presidential primary bill will be considered by the Senate elections committee Saturday.

The provision in your bill regarding party platforms," asked Senator William Alden Smith, Republican, of Michigan, of Senator Cummins, its author. "We have just returned from listening to such a complete abandonment of the solemn promise of the Democratic party, in its last declaration of principles, that it occurred to me, party pledges being so lightly observed, that they might be prohibited by law altogether."

He was referring to President Wilson advocating repeal of the Panama tolls exemption.

WOMAN TOOK EIGHT BICHLORIDE TABLETS

Mrs. Charles Sweitzer Had Kidney Trouble; Not Expected to Recover

Little hope is entertained for the recovery of Mrs. Charles Sweitzer, of 2110 Turner avenue who last night took eight bichloride of mercury tablets containing sixty-eight and a half grains of the poison.

Although Mrs. Sweitzer will not die, it is believed that she was despondent because of illness. She was a patient at the Harrisburg hospital, where she is now lying at the point of death, for a week in December. It is believed that she worried about her health. She said she had troubles at home, but her husband denied this. Charles Sweitzer found his wife in convulsions lying across the bed in her room when he went home last night. Nearby stood a bottle marked "Bichloride of Mercury." She was taken at once to the Harrisburg hospital and because of the unusually large dose taken, physicians at the hospital entertained some hope for her recovery.

This morning, however, her condition was not improved, and it is thought that more of the poison was absorbed than was at first believed.

Mrs. Sweitzer was the daughter of Dr. George Jacobs, a physician of this city who has been dead for some years. She was at the hospital from December 16 to 21. She had kidney trouble.

HOT from the WIRES

By Associated Press
London.—The Home Rule bill for Ireland was introduced again into the House of Commons to-day by Augustine Birrell, Chief Secretary for Ireland, and was given its first reading amid prolonged cheering.

Washington, D. C.—Madeline W. L. Corbin was arrested here to-day by detectives from Wilmington, Del., on an indictment charging that she took from a safe deposit box in Boston \$12,000,000 worth of securities belonging to Edward L. Rippe, formerly of Boston, but now of Wilmington.

Chicago, Ill.—The case of William Cheney Ellis, of Cincinnati, who is on trial here charged with having murdered Emma Denton and Miss Matzenauer, at Cambridge, W. Va., was given to the jury shortly before noon to-day.

Boston, Mass.—Mrs. Lois Burnett Rantoul, a granddaughter of James Russell Lowell, was denied a divorce by Judge J. J. Rantoul by Judge Hardy, at Cambridge, W. Va.

Washington, D. C.—The Department of Labor, the baby among the executive branches of the Government, to-day entered upon the second year of its activities. Yesterday was celebrated last night by officials and employees of that department.

New York.—Four grand opera prima donnas, Mme. Melba, Mary Garden, and two others, were on the sick list as a result of the stormy entrance of March.

PETTY POLICIES OF WILSON AND BRYAN

[Continued From First Page]

arrangements of his duties in the State Department.

While it was admitted that Mr. Moore's views in the recognition of the Huerta government and the administration's course in other foreign affairs differed from those of his chiefs, all officials took pains to say that the counsel had carried out administration policies when once agreed upon. One phase of the resignation being widely discussed was that Mr. Moore at the end of his administration found himself performing duties usually assigned to officials far below the rank of counselor, and at times learned much regarding the administration's policies from news dispatches. One of such instances being referred to to-day was when Mr. Moore first heard of the sending of John Lind to Mexico, through the newspapers.

Discussion of possible successors continued without any announcement of a selection. Hanna Taylor, ex-Minister to Spain; John Lind, now the President's personal representative in Mexico, and Henry White, ex-Ambassador to France, were being mentioned.

The office of solicitor of the department also is vacant, no successor having been chosen to Joseph W. Folk, who resigned to become chief counsel to the Interstate Commerce Commission.

TANNENBAUM AND 200 FOLLOWERS

[Continued From First Page]

The World stormed New York churches last night, the police interfered, was brought into Jefferson Market Police Court to-day for arraignment on a charge of inciting riot. Two hundred of his followers, held during the night in three separate prisons, were sent to the Tombs this morning. Tannenbaum was represented by Justus Sheffield, a lawyer retained by the Industrial Workers of the World. "The I. W. W. is behind every man arrested. If necessary we will bring 500 agitators into the city within the next few days. The reason so many men are unemployed is that the factories are working only a day. We are going to send men into these factories and demand that the working hours be reduced to eight. This will solve the whole problem."

Tannenbaum had a cell by himself during the night but his followers did not fare so well. Their numbers made it imperative that five or six be placed in each cell and under these conditions sleep was out of the question. Throughout the night yells and protests kept the other prisoners awake.

Woman Would Give Bail

Jane Roulston, secretary of the mild local of the I. W. W., said she was ready to furnish \$1,000 bail for Tannenbaum if the authorities would reduce his bond to that amount. Mrs. Roulston came here several years ago from San Francisco.

The most well-known of the prisoners was Hyman Finkelstein who when arrested in the church last night had \$750 in his possession. Finkelstein said he had no idea of the nature of the demonstration in which he was participating. "I was watching the meeting in Rutgers Square," he said, "when somebody said 'come on; we're all going to eat.' So I followed the crowd. Finkelstein refused to give his address for fear, he said, that he would be robbed after he returned home.

TO INVESTIGATE CONDITION

By Associated Press
Naples, Italy, March 5.—The mental conditions of Porter Charlton, the young American charged with murdering his wife at Lake Como, is to be investigated by two of the leading Italian alienists, Dr. Leonardo Bianchi, former Minister of Instruction, and Professor Enrico Morselli, of the University of Genoa.

MAY HAVE SPINAL MENINGITIS

Raymond Cohn, 20 years old, of 228 North Sixth street, is in a serious condition at the Harrisburg hospital, where he was taken yesterday in a semi-conscious condition. It is believed that he has spinal meningitis.

CATARRH VICTIMS

[Continued From First Page]

Use Hyomei—You Breathe It

It's the right-to-the-point remedy not only for catarrh, but for head colds, sniffles, bronchitis, laryngitis or croup of children. You breathe it—no stomach dosing.

You will like Hyomei. It not only gives instant and lasting relief, but is entirely harmless, pleasant to use, and economical. Money refunded by H. C. Kennedy if you are not benefited.

Hyomei is a combination of antiseptic oils that mixes with the air and quickly reaches the irritated and inflamed membrane of the nose. It's sure and safe healing begins immediately—you feel better at once.

If suffering from watery eyes, husky voice, discharge from the nose, or that choked-up feeling, try Hyomei now—to-day. All druggists sell it. Ask for the complete outfit—\$1.00 size.—Advertisement.

REVOLUTION REPORTED TO HAVE BROKEN OUT

[Continued From First Page]

assure legations and consular officers in this country "not to feel any uneasiness because of rumors." There were no advices to supplement it, the demonstration in which he was participating. "I was watching the meeting in Rutgers Square," he said, "when somebody said 'come on; we're all going to eat.' So I followed the crowd. Finkelstein refused to give his address for fear, he said, that he would be robbed after he returned home.

NEW YORK NOT NOTIFIED

New York, March 5.—No members of the New York Coffee Exchange had received any direct information this forenoon regarding the reported outbreak at Rio Janeiro. Coffee receipts were normal and the business of the exchange was not affected.

Ten minutes' conversation with a man who knows the most interesting side of Philadelphia life, and who uses words not to conceal but to reveal interesting facts and fancies about people and things, is one of the pleasures of reading Girard's column in the Public Ledger every morning.

Flag to Enfold Body of Henry Cordes; Had Frequently Requested It

When the body of Henry Cordes is lowered into the grave in the cemetery at Lenkerville Saturday afternoon it will be wrapped in the folds of the flag he followed through the bitterest battles of the Civil War. Mr. Cordes went through most of his life with but one arm; he lost the other in the service of the flag. And one of his oft-repeated requests had been that he be wrapped in the Stars and Stripes when buried.

At to-day's meeting of the Dauphin county prison board resolutions upon Mr. Cordes' death were adopted. He had been secretary and member of the board for nearly twelve years. The resolutions were spread upon the minutes and copies were sent to the dead man's family. The resolutions follow: "Whereas a wise Providence has removed from among us one of our number, Henry Cordes, therefore be it resolved, that while we realize that he was favored above most men in that his life was full of years of honor, we none the less feel the loss of one who with unswerving fidelity all ways performed each duty diligently and well. We pay this tribute to his worth as a good citizen, a loyal, generous friend, the highest praise for a man who has left behind him a good name and the memory of a lifetime of generous deeds."

County's Job Printing May Be Awarded by Bid

Printing of dockets, bill heads and other stationery, books and so on, for Dauphin county will be done by bidding from schedule upon the same plan suggested for the county's legal advertising, if the plan of County Controller H. W. Gough is carried out.

At noon to-morrow the County Commissioners and Mr. Gough will open proposals for printing county advertising and the three daily newspapers have been asked to submit bids. The schedule of ten cents per line for first and eight cents per line for subsequent insertions, will be the figures of which the bids will be made. This is similar to the system that has been followed by the city for years.

Controller Gough said to-day that the suggestion for advertising is an opening wedge and that if the same plan can be followed for the job printing, the system will be extended. The question of whether or not the reports of the prison board, poor directors, etc., will be included, is yet to be decided.

Blizzard Keeps Nephew of Dr. Hartman From Funeral

Captain Joseph A. Baer, a nephew of Dr. Paul A. Hartman, who was buried yesterday, was unable to come here from West Point where he is stationed because of the blizzard. He was a favorite nephew of Dr. Hartman.

Captain Baer has seen much service in the army since he was graduated from West Point in 1907. He was at Fekin and in the Philippines and has been twice stationed at West Point as an instructor. He has visited here a number of times.

During the battle of Patian Island, July 4, 1909, which he entered as a volunteer, Captain Baer went into the cave where Jikiri, the chief of the sandits was hiding and with a pump gun killed the bandit and several other Moros. He saved the life of Captain Kennedy.

ROSELLA CLARK DIES

Rosella Clark, eight months old, of 1346 South Thirtieth street, died yesterday at the Harrisburg Hospital from cerebro meningitis.

D. D. D. In Hospitals; Standard Skin Remedy

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing wash in the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institution on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. It soothes, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away thatch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the full size bottle if it fails to reach your case. You alone are to judge.

G. A. GORGAS, 16 North Third St.
