The Ideal Fireless Cook Stove Cooks the Most Delicious Meals You Ever Tasted

The Ideal Fireless Cooker will help you to solve the servant problem in your home. In the first place as soon as you take a Fireless cook stove into your kitchen it will relieve you at once of three-fourths of your daily work and, besides, it will save about half your fuel bills.

The Ideal is equipped with seamless pure aluminum cooking compartments. Once cooking has been thoroughly begun it will continue as long as the heat is retained. And your food will be cooked better than by the continuous process, which boils and steams away valuable food properties.

Fireless cooking is the simplest of all methods of cooking if you just follow your own favorite receipts.

We'll be glad to demonstrate the merits of the Ideal Cook Stove.

COMMITTEES BEGIN ROAD MEETINGS

This Section of the State Will Have a Series Within the Next Fortnight

Such rapid progress has been made by the Bureau of Township Highways of the State Department in forming county organizations of township supervisors that by the middle of April every county in the State will have its supervisors and commissioners united in a body in accordance with the provisions of the Legislative acts under which the Bureau of Township Highways is working.

These meetings for the organization of the supervisors are being called in accordance with the act of July 22, 1913, and also under the provisions of the act of May 8, 1913, which authorized the formation of such county organizations of officials in charge of the construction and maintenance of public roads. While in most of the counties thus far organized the supervisors have shown a desire to cooperate with the Bureau of Township Highways there have been some instances where the provisions of the law were not fully understood and where the supervisors resented the action of the Legislature in having placed their operations under the supervision of the State Highway Department. These instances have been in most cases the supervisors have been received without the advantages of the new law were made plain to them.

During the third week in March seven meetings have been called by the Bureau of Township Highways for county organization. On Wednesday, March 18, E. A. Jones, second deputy State highway commissioner, will attend the meeting to be held in the courthouse at Lewisburg at 9 o'clock in the morning when the Union county supervisors will elect officers to form a permanent organization. Mr. Jones will address the meeting and will outline the procedure necessary to perfect the formation of the boards of supervisors. On the same day the Cambria county organization will be formed at a meeting to be held at Ebersburg in the Happy Hour Theater at 10 o'clock in the morning. Joseph W. Hunter, first deputy State highway commissioner, in charge of the Bureau of Township Highways will address this meeting. On Tuesday, March 17, Mr. Hunter will address the meeting to be held in the courthouse at Somerset at 10 o'clock in the morning when the Somerset county supervisors will organize. On the same day the Snyder county organization will be formed at a meeting to be held at 11 o'clock in the morning in the courthouse at Middleburg. This meeting will be addressed by E. A. Jones. On the following day Mr. Hunter will go to Ebensburg where the Cambria county supervisors will hold their meeting in the Happy Hour Theater at 10 o'clock in the morning. On Thursday, March 19, Mr. Hunter will be in front of the courthouse where the county organization will be formed at a meeting to be held in the courthouse at 10 o'clock, while Mr. Jones on that day will be in Sunbury where Northumberland county organizes at a meeting to be held at 10 o'clock in the courthouse. On Friday, March 20, Mr. Hunter will attend the Clearfield county organization meeting which will be held in the courthouse at Clearfield at 10 o'clock in the morning.

Certain-teed Roofing

Quality Cert-ified **Roofing** **Durability Guaranteed**

The General says:
There is no true test of roofing but the proof on the roof. But

Certain-teed Roofing

is guaranteed for fifteen years—it will last longer. When you buy roofing—whether shingles or rolls—for any building of any type—remember this: Any test for toughness, pliability, tensile strength—is a false test. Roofs do not wear out—they dry out. We use no coal tar in this roofing—because coal tar is of gaseous origin and naturally returns to gas, thus drying out too quickly. Our properly blended asphalts are the result of a quarter century's experience and tests. They are not of gaseous origin and dry out very slowly.

The three biggest roofing mills in the world back up our guarantee of **Certain-teed Roofing**.

That's all the advance knowledge you need when you buy roofing—see the **Certain-teed** label on the roll or crate.

Certain-teed Roofing is sold by dealers everywhere, at a reasonable price. Ask your dealer.

Brave Young Man Saves Girls From Death in River

SAMUEL L. SHROY

Marietta, Pa., March 9.—The accompanying photo shows Samuel L. Shroy, son of John Shroy, who saved two girls from drowning in the King's dam, York county, Helen and Sarah Myers, residing at York. With Miss Sadie Williams, the Myers sisters were taking a walk along the dam when Sarah, who is 15 years old, was prompted to try the carrying strength of the ice. Obeying the impulse, she stepped onto the ice, which had been weakened by the weather on Saturday. The ice gave way and she was plunged into the water, which at this point was deep. Her cries for help attracted the attention of her sister Helen, who jumped into the icy water on going to her sister's rescue. Young Shroy, who was near by, pulled off his overcoat and went in. Helen was rescued easily with the aid of Miss Williams, but Sarah had gone down and was unconscious when brought to the surface. Dr. L. H. Faekler was hastily summoned and rendered medical aid and restoratives. Young Shroy has been highly praised for his brave act.

FUNERAL OF MRS. JULIA OWEN

Special to The Telegraph

Mechanicsburg, Pa., March 9.—The funeral of Mrs. Julia Terrill Owen will be held to-morrow morning at 10 o'clock, at her late residence, in East Main street. The Rev. H. D. Hagan, pastor of the Methodist Episcopal Church, will officiate, and burial will be made in Chestnut Hill Cemetery. Members of her Sunday school class will act as pallbearers. In addition to flowers from individuals, there will be beautiful floral tributes from the Sunday school, Ladies' Aid Society, Epworth League and her class in Sunday school. In all of which Mrs. Owen was an indefatigable and earnest worker. Her vacant chair in Sunday school is draped in black, in respect to her memory. The funeral arrangements were made after the arrival yesterday of Mr. and Mrs. A. Carson Stamm, of Harrisburg, who have been spending the past month in California, and for whose coming the body was held for burial.

LINEMAN INJURED BY FALL

Special to The Telegraph

Sunbury, Pa., March 9.—Falling from a telephone pole in Irish Valley, Edward Swenk, 28 years old, a telephone lineman, suffered a broken leg, sprains of both wrists and body bruises. A snow bank, in which he landed, fellow-workmen said, saved him from dying instantly, as the fall was more than thirty feet.

SUPERIOR AT NAZARETH ACADEMY PRAISES FATHER JOHN'S MEDICINE

In a recent letter the Mother Superior of Nazareth Academy says: "I have nothing except praise for Father John's Medicine. Several of the sisters have been taking it this winter, and all have been benefited by it." (Signed) Yours sincerely, Mother Antoinette, Nazareth Academy, Concordia, Kansas.

It is worth while knowing that Father John's Medicine is a safe medicine to take for colds and throat and lung troubles and as a tonic and body builder, because it does not contain any alcohol or dangerous drugs, but is composed entirely of pure and wholesome, nourishing food elements, which build new flesh and strength. Children as well as older people find renewed health and strength from its use.—Advertisement.

Coal Conditions Not Always the Same

It is a peculiar thing that the kind of coal your neighbor burns may not be the best for you.

What will give good satisfaction in one house may prove very troublesome in another.

This is the reason why we carry so many different varieties. We have two large coal yards, one on the Reading Railroad and the other on the Pennsylvania. This gives us a large selection.

If your coal is not giving you the very best results, let us send our expert to advise the best kind to use.

MRS. W. W. LAKE

Tells Others How to Get Strong and Well.

Mrs. W. W. Lake, of Aberdeen, Miss., says: "The gripe had left me in a weak, run-down condition, from which I suffered for some time. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood-making and strength-giving properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you. George A. Gorgas, Druggist, Harrisburg, Penna. Vinol is sold in Steelton by T. Prowell.
