HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have worked with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by parcel post.

Regular sizes for sale at all druggists—fifty cents and one dollar.—Advertisement.

Rode 60 Miles to Get Relief for Her Sick Child

Mrs. R. Holt, Canton, Ohio, thought it worth while to ride sixty miles to get a bottle of Goff's "No Dope" Cough Syrup.

"I am writing you just to tell you how much I think of your Cough Syrup. I was out of the city for two days and my two-year-old took a bad cold on her lungs. I tried two different kinds but neither helped her. As I could not get Goff's where I was, I had to come back to my home town to get Goff's and the result was she had relief at once.

"The next time I go I'll take some Goff's Cough Syrup along, Winter or Summer, whether she has a cold or not, then can stay to the end of my visit and not have to ride 60 miles for the best and only Cough Syrup—Goff's.

LIFE'S ROAD Smoothed by Change of Food

Worry is a big load to carry and an unnecessary one. When accompanied by indigestion it certainly is cause for the blues.

But the whole trouble may be easily thrown off and life's road be made easy and comfortable by proper eating and the cultivation of good cheer. Read what a Troy woman says:

"Two years ago I made the acquaintance of Grape-Nuts and have used the food once a day and sometimes twice, ever since.

"At the time I began to use it life was a burden. I was for years afflicted with bilious, sick headache, caused by indigestion, and nothing seemed to relieve me.

"The trouble became so severe I had to leave my work for days at a time.

"My nerves were in such a state I could not sleep and the doctor said I was on the verge of nervous prostration. I saw an adv. concerning Grape-Nuts and bought a package for trial.

"What Grape-Nuts has done for me is certainly marvelous. I can now sleep like a child, am entirely free from the old trouble and have not had a headache in over a year. I feel like a new person. I have recommended it to others. One man I knew ate principally Grape-Nuts, while working on the ice all winter, and said he never felt better in his life."

\$5,000 FOR BLIND BY WILL OF WIDOW

Mrs. Amanda Woomer Ignores Relatives and Gives to Overbrook Institution

Special to The Telegraph Lebanon, Pa., March 12.—The Pennsylvania Institution for the Instruction of the Blind at Overbrook will benefit to the extent of about \$5,000 through the beneficence of Mrs. Amanda Woomer, a Myerstown woman noted for her eccentricities, who died last week and whose will was filed for probate in the local court to-day.

Although Mrs. Woomer was repeatedly urged to make her home with relatives, she persisted even in her advanced age in living alone, and it was while shoveling snow that she burst a blood vessel, the effects of which injury caused her death. Relatives were not surprised to-day when her will revealed the fact that all of them have been ignored and her entire estate is left to the institution for the blind named.

Mrs. Woomer's eccentricities attracted attention a year ago when she had a grave constructed for herself to make sure that a brick wall would separate her in death from the remains of a second husband whom she blessedly treated her, but whose name is to appear on the monument which is provided for to mark their graves.

Mrs. Woomer was first married to John Ritzshaw, whom she followed to many battlefields in the Civil War, acting as a volunteer nurse for the wounded. She was well educated, but none of her relatives or most intimate friends is able to give any explanation as to why she favored the Overbrook home for the blind over those nearer her own home.
