We must have your HELP to sell Patent Medicines at these low prices. Everything else seems to be going up in price. But KENNEDY'S are doing everything in t eir power to HELP you to buy Patent Medicine cheaper than elsewhere, even in the larger cities.

Are you giving us your HELP? Are you patronizing the store that cut the price of Patent Medicine to save you money? Kennedy's are fighting and doing their best to keep the prices down.

We are between you and high prices---if it wasn't for us you would be paying full prices to-day for all your medicine. But we are in business to save you money. And all we ask in return, is your HELP to fight this ba tle for low prices. Don't think your purchase is too small to bring to us, for always remember, every purchase, no matter how small, will HELP and be appreciated by us.

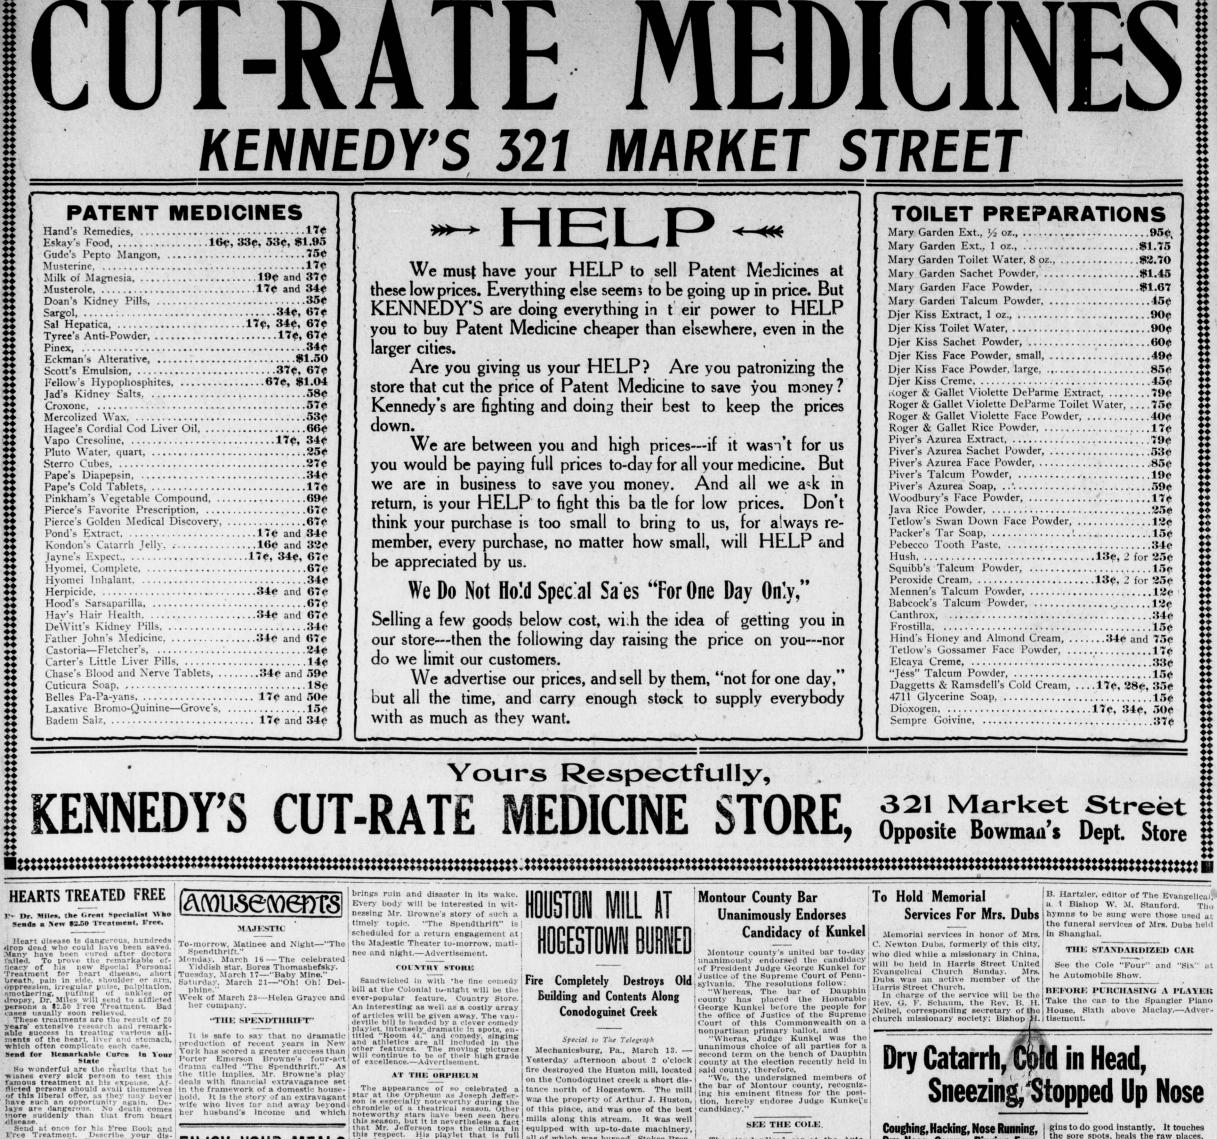

We Do Not Hold Special Sales "For One Day Only,"

Selling a few goods below cost, with the idea of getting you in our store---then the following day raising the price on you---nor do we limit our customers.

We advertise our prices, and sell by them, "not for one day," but all the time, and carry enough stock to supply everybody with as much as they want.
