## FEW MOMENTS! NO INDIGESTION OR SICK STOMACH--PAPE'S DIAPEPSIN

Digests all food, absorbs  
gases and stops fermentation at once.

Wonder what upset your stomach--which portion of the food did the damage--do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated--just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food is a danger instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful--it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary--Advertisement.

## MILITANT FEDERATION AGAINST LIQUOR

[Continued from First Page.]

Organized Men's Bible Classes, No-license Leagues, Young Men's Christian Association, Young Women's Christian Association, Young Men's Hebrew Association, Total Abstinence Societies.

All other societies, directly or indirectly interested in the abolition of the liquor traffic will be asked to join. The purpose of the federation, as outlined by the convention committee of the No-license League, is to unite all organizations fighting against the liquor traffic into an effective fighting machine. Efforts will be made to put in the State Legislature men who are in sympathy with the strength of rum by concentrating the strength of all these organizations into a State-wide federation.

The Ridge Avenue Methodist Episcopal Church will be the headquarters of the convention. Three business sessions will be held. The first will be opened on the afternoon of April 2. The other two during the morning and afternoon of the second day. In the evening there will be mass meetings, and on the final night a monster parade will be held in which several thousand temperance workers will join.

Gigantic Mass Meetings  
Following this parade a monster mass meeting will be held in Chestnut Street Hall where prominent speakers and leaders in temperance work will tell of the plan to fight the booze interests to the finish. On Thursday evening, the first night of the convention, two mass meetings will be held, one in Ridge Avenue Methodist Episcopal Church, the other a church on Allison Hill.

At the business sessions to be held during the day the delegates from the No-license Leagues and other organizations joining in the convention will discuss the work under three heads: "The Purpose of the Convention"; "The Organization and Operation of County and Suborganizations"; "Unification of the Associations Operating Against the Liquor Business."

It is expected that the federation will be formed during the first session of the convention on Friday afternoon, April 3. The details of the organization have not been worked out, but it is probable that an efficient executive committee will direct the campaign to be waged, directing the efforts of every temperance worker in the State toward the election of men favoring local option to the 1915 Legislature.

The plan for this convention was worked out at a meeting in Coatesville on Monday. Last night the local convention committee of the No-license League, consisting of J. Gilbert Aldinger, the Rev. J. E. Daugherty and Wilmer Crow, met and planned for the entertainment of the delegates while here.

On the general convention committee are such men as Dr. J. Woodfin, of Delaware county; Dr. J. Eisenberg, of West Chester Normal School; J. Houston, of Coatesville, and the Rev. J. H. Cole, of West Chester. These men have arranged the program for the convention.

Captain Harvey was connected with Market Square Church from the time he came to Harrisburg, having been a teacher in the Sunday school for forty years. ## To Grow Hair on A Bald Head

BY A SPECIALIST  
Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair-tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple hair prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavone de Compose, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.--Advertisement.
