## Dives, Pomeroy & Stewart

## Mme. Lyra Corsets Reflect "le dernier cri" of Fashion's Modes Materials and Trimmings Have a Touch of Paris

Mme. Lyra Corsets are presented in the Dives, Pomeroy & Stewart corset section in designs for every type of figure. The materials and trimmings are rich and dainty, and they clearly reflect the choice of an artist. The designs are incomparable so it is with great pleasure that we present Mme. Lyra Corsets as one of the most perfect corsets we have ever shown.

Model 4514 pictured here, is designed for medium figures. It carries no stays over the hip bone, which mode of boning does not break its snug hip lines, but it does give freedom and comfort. The skirt of this model in front is cut in a V-shape to allow perfect ease and freedom. Made of broadened Cubist cloth.

The same design of stripe batiste is No. 3909. Both models will appeal to the well dressed woman.

Dives, Pomeroy & Stewart—Corset Section, Second Floor.

## 117 New Styles in Our Showing of Cotton Ratines

Ratine is a leader in Spring dress cottons, and our plans to show a variety of color and styles that would at once satisfy the most critical taste have met with success. The showing of these popular weaves is incomparable and particular shoppers will appreciate the display we have prepared for their Spring dress-making needs.

Ratine in two-toned checks of black and white, light blue and black, cadet and black, wistaria and black, rose and black, tango and black and mixtures and solid colors, 36 inches wide, yard ..... \$1.25  
Fancy Weave Ratine in navy and tan, green and tan, light blue and tan, helio and tan, 42 inches wide, yard ..... \$1.25

Nub Crepe, yard, \$1.00, \$1.50 to \$2.00  
Dives, Pomeroy & Stewart, Street Floor, Rear.

## PENROSE NEEDED BY PENNSYLVANIA

(Continued from First Page)

Since October 3, none of the benefits promised as a result of it has materialized. It has disorganized the markets of the manufacturer and has exposed the farmer to virtually unrestricted world competition, lowering the prices of his products by the prices paid by the consumer; afflicting agriculture and all other forms of industry with the uncertainty and doubt and the unwillingness to attempt any line of development which are the first symptoms of general business paralysis.

"Believing that a law which does no good must inevitably do harm, we submit to the voters of Pennsylvania a vast majority of whom have been for more than half a century firm in their adherence to the principles of protection—that it is high time we were rallying to the support of a cause so much and too long obscured by minor issues.

"Therefore, the undersigned representatives of manufacturers and businessmen in this Commonwealth, associated together under the name of the Pennsylvania Protective Union, have determined to use our best efforts for the correction of a serious economic mistake before it is too late, and to adjure the voters to weigh well the services and worth of our senior Senator, the Honorable Boies Penrose, with a view of making an intelligent and vigorous effort to secure his re-election.

"Mr. Penrose, although still a comparatively young man, has been a representative of the people for thirty years. He is the son of a distinguished family which has been prominent in the affairs of Philadelphia and Pennsylvania since the days of William Penn. By his education, his temperament, environment and practical training, he is pre-eminently the best fitted man in the Commonwealth for the post he now occupies.

"An honor graduate of Harvard, he rose instantly in the practice of law and later in the councils of the State Legislature at Harrisburg. His election to the United States Senate at the age of 38 years of a recognized political ability and natural leadership which seldom comes to men of that age.

"During his novitiate as the junior member from this State in the upper branch of Congress, his intelligence, his indomitable energy and his remarkable grasp of big national problems, coupled with his still more remarkable understanding of the multitudinous details which enter into these problems, made him the most useful and influential junior member in the Senate.

"Entering the halls of Congress on the same day that William McKinley took possession of the White House, Mr. Penrose was impressed at the very outset of his senatorial career by the necessity of making an industrial protection real and effective.

"In the drafting of the Dingley tariff bill which transformed the United States from a commercial slough of despond into the busiest and most prosperous nation on the globe, it was Senator Penrose who looked after the industries of the Keystone State. To his patient investigation and indefatigable energy were largely due the favorable conditions which doubled the industries of Pennsylvania in a single decade, increasing wages and the number of wage-earners in like proportion and greatly augmenting our population.

"His record is a stirring story of achievement for the people of his State and nation. He has been a most valuable service to his vast constituency through his masterly direction of the committee on post offices and post roads and of the still more important committee on commerce, of which he was chairman and is now the ranking Republican member.

"Too much cannot be said of the importance of this committee membership. Tariffs are the lifeblood of the nation. The Senator who is in charge of the committee on commerce, of which he was chairman and is now the ranking Republican member, is in a position to influence in every economic question to be submitted to Congress.

"Such influence is now exercised by Senators from comparatively unimportant Southern States which early recognized the advantage of retaining in the upper branch able men who might augment ability with the tremendous power of seniority.

"It has been announced as a settled fact, Senator Oliver should retire at the expiration of his present term and if that retirement were to be accompanied by the withdrawal of the senior Senator, Pennsylvania's voice in the Senate would be hushed for years to come. No new Republican, however able, could fight our battles, and no new Democrat, regardless of intellectual qualifications, could break through the barriers of precedent behind which the veteran Democrats of the South are entrenched, even though he were sufficiently sympathetic with Pennsylvania's long-established and oft-reiterated policies to wish to do so.

"There is a special fitness in the announcement of Senator Penrose as an inviolable candidate before the voters of his party under the provisions of the new popular primary act. This law, revolutionizing our method of choosing United States Senators as well as State candidates, was cheerfully acquiesced in by him and is one of many proofs of his undiminished aggressiveness in behalf of good government and of his desire to safeguard the supremacy of the electorate.

"His is a record not of words but of deeds; an honest record; a brilliant record; a faithful record; a record for industry; a record for courage; attention to all those who have needed assistance in Washington, whether high or low, rich or poor; a record for constant and easy accessibility to his constituents; a record for safety; a record for patriotism; a record for the broadest and best statesmanship which has been exemplified by any representative of the Commonwealth in half a century.

On behalf of stifled enterprise, throttled industry, halting business and an apprehensive public, we pledge ourselves to the support of Senator Penrose, believing his re-election to be the best possible method of underwriting the continued industrial preeminence of Pennsylvania and the future prosperity of her 3,000,000 inhabitants. (Signed)

## POISONS THAT IRRITATE

"When the delicate machinery of the body is not working harmoniously, poisons are retained that should be expelled. These may accumulate in the tissues and cause irritation. Should this irritation affect joints or muscles you have rheumatism; if a nerve becomes inflamed you have neuralgia.

But if the system is kept toned up with Dr. Williams' Pink Pills and no body poisons are retained, foods that once distressed you will be harmless, exposure will bring no rheumatism and neuralgia and other germ diseases need hardly be dreaded.

The lowering of the tone of the system which results from thin blood is easy to recognize. Weakness is always present, a tendency to perspire and fatigue easily, ringing in the ears, dark spots passing before the eyes, weak back, dizziness, wakefulness and unrefreshing sleep. These conditions Dr. Williams' Pink Pills will correct.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the heart which is impoverished, the appetite increases, and the new ambition and energy is developed.

These pills are sold by all druggists. Send to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free book, "Building Up the Blood."—Advertisement.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.—Advertisement.

DEMONSTRATION IN DIABETES

In proof of the fact that Hepatic degeneration can be successfully opposed and sugar eliminated in many cases of diabetes in people aged fifty and upwards in 40 days without the use of insulin, we published in San Francisco a daily one to the effect that if any four physicians in good standing in this city would send us a Diabetic between fifty and seventy years of age, strong enough, call at our office showing high specific gravity, thirst and a large quantity of sugar, we would attempt to return the patient in 40 days with half the sugar eliminated and thirst and symptoms largely reduced and on the road to recovery.

Later we published the name and address of a Diabetic patient with an invitation to physicians to take samples and make their own tests, and thus see the sugar declining week by week.

The ability of Fulton's Diabetic Compound to reduce sugar in many cases of Diabetes in people of fifty and upwards is not a matter of opinion but a FACT IN PHYSICS and we will send formula for sugar test that will show the percentage of sugar from week to week. As the sugar disappears improvement commonly follows, recovery having been reported in many cases. Formula and literature mailed on request. J. H. Fulton Co., San Francisco, Cal., 1000 Market Street, is local agent. Ask for pamphlet.—Advertisement.

is Guaranteed to be unequalled in the treatment of CALICULUS and BUNION. Relieves instantly.—25c.

## Rheumatism—SUCCESS-fully Overcome in the Tissues by a Searching Remedy

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimply and irritated with rash, eczema, or any other blood disorder, just remember that all the ills of life come from impure blood. And you can easily give your blood a good thorough cleansing, a bath by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to scientific medicine than ever before and S. S. S. is the highest achievement in this line. For many years people relied upon Mercury, Iodide of Potash, Arsenic, "Physics," Cathartics and "Dope" as remedies for blood sickness, but now the pure vegetable S. S. S. is their safeguard.

You can get S. S. S. in any drug store, but insist upon having it. And you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address Medical Dept., The Swift Specific Co., 501 Swift Bldg., Atlanta, Ga.

## Have Color in Your Cheeks

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood again, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 15c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O. At all druggists.—Advertisement.

## MORTALITY HEAVY AMONG MINISTERS

(Continued from First Page)

every congregation. Revivals have been more numerous and conversions and additions to church membership have been the greatest in the history of the conference.

Reports will show that the mortality among the ministers has been very heavy this year, ten having died since the last conference. Five of these deaths were of men doing regular work in their charges; the others were ministers on the retired list.

Three pastors will retire at the conference. They are the Rev. Frank C. Buyer, of the Lock Haven circuit; Wm. Williamsport district; the Rev. T. S. Faus, of Jeannette, Danville district; the Rev. Isaac Heckman, of Petersburg, Juniata district. The Rev. Mr. Heckman will take supernumerary relation.

Among those who will come up for admission on trial are Ariel B. Turner and John H. Greenwalt. George Martin will come by transfer from the Evangelical Association.

Examining Board to Meet

The conference examining board will meet this evening at 7:30 in the Ridge Avenue Methodist Episcopal Church for the purpose of examining applicants for the ministry. The examinations will continue to-morrow and Wednesday. The majority of the 300 clergymen who will attend the conference will arrive here to-morrow afternoon. Some will come here today, but these will be those who have to attend the examinations. A squad of Boy Scouts from Stevens Memorial Methodist Episcopal Church will be at the station to direct the clergymen to homes of Harrisburg Methodists where they will be cared for during the week.

The first business session will be open at 8:30 o'clock Wednesday morning by Bishop Earl Cranston, of Washington, D. C., who will preside. Each evening anniversary meetings of various conference bodies will be held.

Of special interest during the conference will be the lecture to be given by the Rev. Dr. S. Parkes Cadman, of Brooklyn, on Saturday evening in Grace Methodist Church. Dr. Cadman, who is one of the best known preachers in greater New York, will talk on "Three Great Oxford Leaders, Wycliff, Wesley and Newman."

DEATH OF INFANT

Special to The Telegraph.  
Dillsburg, Pa., March 16.—Harold Balsh, the year-old son of Mr. and Mrs. Harry Balsh, of South Baltimore street, died on Sunday morning after an illness of three weeks from brain fever. The funeral will be held on Tuesday afternoon.

## CANAL BUILDER HO NORED IN NEW YORK

Colonel George W. Goethals (at right), builder of the Panama Canal, receiving the Civic Forum gold medal from Tr. John H. Finely, president of the City College of New York, at a meeting of the Forum at Carnegie Hall in New York.

## Lykens Woman Burned When Dress Catches Fire

Special to The Telegraph

Lykens, Pa., March 16.—While burning some old rags and papers in the garden on Saturday Mrs. Emma Howell, formerly Miss Emma Fiend, daughter of Henry Fiend, ex-postmaster of Lykens, was very seriously burned about the body. While Mrs. Howell was burning the papers her dress caught fire and every bit of clothing was burned from her body before help could reach her. Mr. and Mrs. Fiend are both invalids and could not go to their daughter's rescue, although they were no more than twenty steps away. Mrs. Howell was unconscious part of Saturday and is suffering great pain, but physicians hope for her recovery. Harry Howell, the husband, who is a fireman on the railroad here, is recovering from a crushed foot, an injury sustained several weeks ago.

## Fall May Be Fatal to Mechanicsburg Woman

Special to The Telegraph

Mechanicsburg, Pa., March 16.—In a fall in her room yesterday morning Mrs. J. C. Wingert sustained serious injuries when she broke her left arm in two places, at the wrist and forearm, dislocated her left shoulderblade and left hip and cut a large gash above her right eye. Mrs. Wingert is 81 years old and is an inmate of the Old People's Home of the United Brethren Church in West Marble Street. She has been an invalid for some time and owing to this fact and her advanced age her chances for recovery are slight.

## DEATH OF MRS. GANTT

Special to The Telegraph

New Bloomfield, Pa., March 16.—Mrs. Margaret A. Gantt, widow of Isaiah Gantt, died at the home of her son, John M. Gantt, in Centre township, Saturday morning about 3 o'clock. She had been in failing health for some time and had pneumonia, from which she never wholly recovered. She was the mother of seven children, the following of whom survive: Frank H. of Newport; Harry L. of Chicago, Ill.; John M. of Centre township; Charles M. of Downingtown, Pa.; and Bertie E. Mrs. James Nickerson, of Chicago, also the following brothers and sisters: Mrs. James Reckord, Harrisburg; Dr. John L. McKeehan, of Carlisle; Mrs. Joseph B. Hawley, Duncannon; Mrs. H. G. Swartz and Charles N. McKeehan, of New Bloomfield. Mrs. Gantt was a member of Trinity Reformed Church. Funeral to-morrow morning at 10 o'clock at the home of her son, John M. Gantt, of Centre township.
