Dr. Maude L. Dunn

A Noted New York Physician

Will Give a Public Talk on the Third Floor at 3 O'clock To-morrow

Dr. Dunn is an authority on Corset Hygiene, has traveled extensively through America and Europe in the interest of the proper mode of corseting.

Recently Dr. Dunn gave a series of talks in London in one of which she made the statement that "during my practice as a physician and as the result of hundreds of lectures I have given in all parts of the States on this subject, I have come to know that most of the physical woes of women come from careless or pernicious corseting."

Dr. Dunn will be glad to meet you to-morrow afternoon.

BUDGET COMPARISON SHOWS NEW PLACES

[Continued from First Page.]

for consideration before the beginning of the new fiscal year, should council desire to postpone action until certain changes are made. The chances are that a little tilt may develop at the session next Tuesday.

The Assistant Health Officer

The one item that may cause debate is that for the assistant health officer. Commissioner H. F. Bowman, department of public safety, in offering the ordinance creating this office and changing the position of "assistant health officer" now on duty to "sanitary officer," Mr. Bowman said he intended the change from an economic standpoint. Dr. Allen T. Ritzman,

who will be the assistant health officer should the office be created, is serving as smallpox physician at \$10 per day for some months. To date in the last six weeks Harrisburg has paid Dr. Ritzman in the neighborhood of \$400, and from all indications \$910 will be paid out before the quarantine is lifted. When there are no smallpox matters to require the assistance of a physician's attention, Mr. Bowman figures that he may help Dr. Ritzman with other contagious diseases.

The New Positions

Councilman M. Harvey Taylor raised the question it is understood about the creation of the new office, and the \$900 item was accordingly snipped from the budget when Mayor Royal and Mr. Gorgas also opposed the movement.

It is probable, however, that the item will be put back in the budget. In this event, nine new offices will have been provided for. These include a captain of police and five new policemen, an assistant city assessor, and two food inspectors.

The former positions which need not

necessarily be provided for this year include the city controller, two assessors, the superintendent of parks and the highway commissioner, and the milk and meat inspector, and two clerks in the city treasury.

The police captain measure will likely be presented Tuesday of next week, although the meeting of March 31 will be ample time. His salary will be \$1,200 annually, although the five additional cops will get just what they do now.

And New Salaries

Of course the salary of \$2,000 for city controller is necessary this year. Superintendent of Finance Gorgas looking after the city's purse, and only one instead of three assessors need be provided for by the budget. The former will be paid \$75 monthly. The assistant who will be required to put in a full day, each day, will be paid at the rate of a thousand a year. The new food inspectors will get \$900 apiece, and an increase of \$300 is provided for the assistant superintendent

of parks. He will get \$1,500 a year instead of \$1,200.

With the exception of a few minor changes the various departmental provisions this year are the same as before. In the law department \$55,000 is provided to pay for paving in front of nonassessable properties. In the city treasury however, the salaries totaling \$2,200 for clerk hire, are stricken out and an appropriation of \$5,500 is set aside to cover Treasurer Copelin's commissions.

In the miscellaneous department \$1,000 is set aside for the Firemen's Beneficial Association, and the 1914 income on foreign insurance policies paid to the State will be turned back to the city. This will go to the Firemen's Relief Association. In the streets department Commissioner Lynch asks among other things for \$1,000 for a new sprinkler and street sweeper, \$47,000 for street sweeping and \$4,000 for inspectors. To this fund will be paid the city's share of the retail liquor license fees for 1914. In the department of public safety more than \$26,000 is set aside for col-

lection of garbage and ashes. In the bureau of lighting an appropriation of \$1,092 is set aside for sixteen additional standard cluster lights.

Following is a comparison of the principal departmental items asked for 1914 and appropriated for 1913:
