THE REV. B. C. CONER of Williamsport, president of the Dickinson Seminary, who will read the annual report of that institution at the conference.

declaration was met with resounding applause. The vision of co-operation in religious circles was emphasized; representatives of the institutions and societies of the church delivered addresses and Bishop Oldham who spent practically all of his life in India, brought a stirring message from the needs of that land and people.

**Morning Session**  
Promptly at 9 o'clock this morning Bishop Cranston stepped to the platform, called the conference to order and started to sing a verse of "My Faith Looks Up to Thee" which was lead in prayer. After singing "Come Thou Fount of Every Blessing," the Bishop called for the reading of the Journal of yesterday, which, being read, was approved.

The Rev. W. Guth, D. D., president of Goucher College, was introduced and addressed the conference in behalf of that institution, complimenting it on its magnificent contribution to the million dollar fund a year ago and urging the conference to see to it that it is paid, as the failure to do so would be a serious matter for the college. In this connection R. E. Gilbert, who was elected a year ago to represent Goucher College in this conference, read his report, including a series of resolutions expressive of our confidence in the work of the college and our conviction that our pledge of \$50,000 should and can be paid. The report was adopted and the proposed resolutions were referred to the committee on education.

The Bishop called to the front the Rev. Dr. Birney, dean of the School of Theology of Boston University, and introduced him. In a brief speech he made it plain that that institution is not heretic, as it is sometimes supposed. He said that he would not be deemed of any school except that of the Holy Spirit, and that he was not scripturally sound in the core, as John and Paul and Wesley conceived the teachings of Jesus Christ. His school sought to send out into this country young men who had a passion for souls.

The Rev. Dr. Waygood being next introduced, spoke in behalf of the American Bible Society in a most entertaining and impressive address, which was followed by the Rev. Clarence True Wilson, D. D., who represented the Church Temperance Society of the Methodist Episcopal Church, who gave a most encouraging array of facts and figures showing the constant and rapid growth of this work. This society is heartily co-operating with the Anti-Saloon League and other similar organizations that are working for the overthrow of the saloon.

W. S. Bovard, representing the board of education, was the next speaker introduced. He is secretary of the Methodist Brotherhood, but was present in the place of Dr. Thomas Nicholson, in the interest of the afore-said board of education.

Four things are mentioned: (1) To connectivize educational institutions; (2) to standardize these institutions; (3) to financialize (not in the dictionary) them; (4) to evangelize them. "We stand," he said, for christian education.

Dr. Ward Platt spoke of the great work done by the Board of Home Missions and Church Extension, who said with reference to the question of whether the Church Extension Society's work would suffer from its amalgamation with the Home Missionary Society, that the net increase of its income at the end of the first quadrennium was \$184,000. This conference has given to church extension alone \$57,000 in the last seven years, and received in return assistance to the amount of \$34,000. In the same period our local work has benefited to the extent of \$50,000 in aid given by the Home Missionary Society.

The work of the Foreign Missionary Board was skillfully handled by Bishop Oldham who presided at the conference concerning the efficiency of the work done by our own Bishop

# EX-POSTMASTER OF STEELTON IS DEAD

[Continued from First Page.]

activities of Steelton. During the last four years of President Cleveland's administration and for two years under President McKinley, from 1895 until 1898, he held the office of postmaster of Steelton.

Born in York County

Ellsworth McClellan Daron was born April 24, 1842, in York county, Pa. He was the son of the Rev. and Mrs. E. Daron, a prominent Lutheran minister, who for many years lived in Steelton.

Mr. Daron personally conducted a large printing and publishing business at this place until forced to retire from active business on account of ill health about a year ago. Since that time his health has failed rapidly and he was taken to the Shupe hospital Wednesday.

While never holding any office with the exception of that of postmaster, Mr. Daron was active in politics. He was known throughout the borough for his philanthropy and made many

large contributions to charity work. The body was taken to his Steelton home this morning. The funeral arrangements will be announced later.

class, and no man who sincerely desires the advance of Pennsylvania could vote for him. At any rate, it is absolutely certain that the workingmen of Pennsylvania will resent his candidacy.

"A man who has so low an opinion of labor is not, to my mind, fit to be Governor of Pennsylvania. No party could elect such a man as Governor. He is in receipt of a princely income, and it is said that from the McCormick estate alone he receives as trustee \$50,000 per year, which would be at the rate of \$150 a day for each working day in the year. Notwithstanding this, he refused to let the laborers of his own city receive \$1.50 a day, saying that to grant such a rate would be unfair and adding, 'the wages now paid seem to be entirely satisfactory'."

"The workingmen of Pennsylvania do not want favors and do not want a man to be antagonistic to any interest or business, but they do want a square deal. Michael J. Ryan measures up to every standard, no matter how exacting; and I believe he is the one man to whom the people of Pennsylvania will rally and make Governor, for he appeals to every citizen, regardless of former party affiliation."

# Conference Jottings

That was a great audience that greeted the speakers last evening in the Grace Church.

Frank W. Wilson of Tyrone, captivated the big crowd in the conference church with his splendid rendition of unique and inspiring temperance songs.

The Rev. C. C. McLean, formerly of the Stevens Memorial Church, this city, who was recently transferred to the Baltimore conference, exchanging with Dr. C. A. Smuckler, is visiting here and attending this session.

Laymen from all over the conference are coming to attend the laymen's meeting to-morrow and look after the interests of their charges. Dr. S. M. Brock had 513 accessions and baptized 118 during the year at Waynesboro.

The Rev. W. A. Houck, of Carlisle, is attending conference and appears in his usual vigor and health.

F. W. Vanderloot, of Williamsport, is here attending to his duties as secretary and treasurer of the conference board of stewards. Mr. Vanderloot is the publisher of many sacred selections which have become favorites among the music-loving people of this and contiguous conferences.

H. A. Hutchison, of Altoona, who was a delegate to the last general conference, has been in attendance from the first, keeping in touch with the various activities of the church from the laymen's point of view. With 185 accessions, Skillington has had a great year. 160 conversions, with 185 accessions, Skillington has had a great year. 160 conversions, with 185 accessions, Skillington has had a great year.

W. H. Allen, of Mercersburg is ill and his physician advises him to suspend all work for two years. He will ask for a superannuation relation.

Dr. W. Hipple, of Lock Haven, who is in his eighty-first year, is attending conference.

C. V. Hartzell, of Harrisburg, will ask for a change of relation from superannuation to that of effective.

Grace Church, the seat of the conference, presents an appearance of durability and everlastingness, and is well fitted and planned for the entertainment, convenience and comfort of a great religious gathering. Every effort is being made to make it pleasant and home-like for both ministers and visitors.

Dr. Guth stated authoritatively in representing the interests of Goucher College that said college ranks No. 1 of the six great educational institutions for women in this country.

That versatile and fertile secretary of the Epworth League Dr. W. F. Sheridan, made one of the most stirring addresses of the conference. Our league is safe in the hands of such a leader.

The Rev. J. P. Anderson, the efficient secretary, who is serving his eleventh year, is temporarily on leave on account of severe hoarseness, the first time he has been off duty since his incumbency.

Bishop Cranston suggested that if some layman would endorse a chair in the college for \$25,000, it would be a most creditable act in behalf of the Central Pennsylvania conference.

# FEDERAL LEAGUE MEN FIRE FIRST SHOT

[Continued from First Page]

by Charles Weeshman, president of the Chicago Federal League Baseball Club, told of the signing of the contract by Killifer, who agreed to play for three years for the Chicago Federals for a total of \$17,500, or \$5,833.33 a year. The contract, a copy of which was attached to the petition for an enforcing order, expressly stipulated the court was informed that Killifer agreed to devote his entire time and attention to the service of the Chicago Federals.

\$500 Was Advanced  
The court was informed that \$500 was advanced to Killifer on account and was accepted by him and is still retained by him to report for practice, in accordance with his contract, was alleged against Killifer.

The bill set forth "that one of the principal positions on a baseball team is that of catcher; that on account of its importance and of the extraordinary skill, adaptability and training necessary for the expert playing of this position, it is more difficult to secure an expert catcher than any of the other players."

A paragraph informed the court "that the defendant is a baseball player, to wit: a catcher, of unique and extraordinary skill and experience, and of such personal and intellectual character that his loss cannot be substantially compensated for by the services of some other baseball catcher."

Judge Out of City  
The bill set forth that the Chicago Federals would suffer irreparable injury unless a restraining order issue, enjoining Killifer from playing with clubs other than the Chicago Federals and more particularly with the Philadelphia Nationals, with whom the complainant believed Killifer was now in active practice in preparation for the opening of the baseball season.

Because of the absence of United States Judge Sessions from the city, it was impossible to secure a temporary restraining order as originally planned. The prayer for this was stricken from the bill and, instead, April 3 was fixed as the date for the hearing on the question of a temporary injunction.

# GIRL CLIMBS 165 FEET TO UNFURL AMERICAN FLAG

By Associated Press

San Francisco, Cal., March 20.—Miss Ruth Agnes Bergstrom, 17 years old, climbed 165 feet yesterday to the top of the dome on the pavilion of transportation on Exposition Grounds and unfurled a five foot American flag. This unique manner of unfurling the flag was devised by the structural ironworkers to indicate the completion of the highest point of their work on the fair grounds. Miss Bergstrom was clad in a gymnasium suit.
