COMB SAGE TEA IN LIFELESS, GRAY HAIR
Look Young! Common Garden Sage and Sulphur Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks lustrous, soft and abundant.—Adv.

DEMOCRATIC ROW FORCED A CHANGE

Pittsburgh Story Is That Clearfield County Is Ripped Up by Appointments

The Pittsburgh Dispatch says, in the course of an article on the McCormick tour of Clearfield county, which is now in progress with much beating of tom-toms:
They had arranged a trip through here some weeks ago, but owing to a serious division in the Democratic ranks over patronage recommendations made by Mr. McCormick, this territory was passed up until an opportunity was given the Palmer-Mc-Cormick leaders to patch up a lot of the factional differences.
The brief time intervening since the original campaigning tour was cancelled has scarcely been sufficient for the healing of the serious factional wounds. Mr. McCormick is credited with the selection of the new Dubois postmaster. Personally this postmaster is regarded as a splendid fellow, but the Democrats in this neighborhood resent the fact that a man who has held but a two years' residence here should be chosen.
McCormick's endorsement of the new postmaster at Curwensville has cost him hundreds of votes in that locality and the followers of the late James Kerr seem quite as solidly arrayed against him in the county seat as the natural anti-Palmerites. In his campaigning tour of this county Mr. McCormick is scheduled to make all of the towns in which there is undisputed Democratic disaffection.
In many of the towns in which Mr. McCormick is billed to speak he will probably have the blunt suggestion made to him that he should withdraw as a candidate for the Democratic gubernatorial nomination and that Michael J. Ryan should withdraw, and the two of them get behind a Democratic candidate who could win in November. In this country many of the men with the party interest at heart believe that the bitter primary fight now going on will so seriously divide the Democracy that neither candidate, when nominated, can have a possible chance of election.

Senator Penrose Writes Letter on Suffrage, Pledging His Support

Senator Penrose wrote the following letter for use in the special Suffrage edition of a State newspaper:
"Miss Katharine S. Reed, Publicity Manager, Pennsylvania Woman Suffrage Association, Harrisburg, Pa.
"Dear Madam: I have yours of 18th ultimo making inquiry regarding my position on the question of woman suffrage. My position on this question is well known. I did everything in my power at the last session of the Legislature to secure the passage of an amendment providing for the submission of this question to the people of Pennsylvania. It will be admitted generally that for a time it looked extremely doubtful whether this amendment could be passed through the State Senate, and in an interview with a committee interested in the question of woman suffrage I went over the situation carefully and did what I could to help them secure the necessary majority to pass the amendment. My position still continues the same. I believe the next Legislature should pass the amendment and that the question should then be submitted to the people of the State. I shall do everything possible at the next session of the Legislature to secure the passage of the amendment as I did in the preceding session. My delay replying to your communication has been due to the fact that I have been absent much of the time during the past few weeks filling engagements in Pennsylvania. Yours truly,
"BOISE PENROSE."
LECTURE AT ACADEMY
James Hoover, of Chambersburg, a missionary, delivered a lecture yesterday afternoon to the students at the Harrisburg Academy. Mr. Hoover spoke about the wildmen of Borneo and about the jungle industries of that country.

TO REMOVE SPOTS

Spots of paint, pitch, oil or grease may be removed from silk or linen by rubbing with purified benzine applied with a cloth or sponge. To destroy the unpleasant odor of benzine, add a little oil of lemon.
Fruit stains may be removed from clothing by pouring boiling water through them.
Remove ink spots from clothing with sour milk and afterwards rub a piece of lemon, on which some salt has been sprinkled, upon the spot.
Printer's ink may be taken from clothing by soaking it with turpentine for two or three hours and then rubbing and brushing it thoroughly.
Remove rat spots by putting butter upon them, and then wash out the grease spot with soap and water.
To take ink out of white linen, dip the spotted parts immediately in pure melted tallow, then wash out the tallow and the ink will have disappeared.—Home Department, in National Magazine for February, 1914.
