American Bible Society Is Doing Large Work

From the Bible House in New York a thousand Bibles have just been sent on a voyage of fifteen thousand miles. They are part of the eighth edition in the Gilbert Islands language printed by the American Bible Society, and their destination is Sydney, Australia. There to be reshipped to Ocean Island and Apia in Micronesia. The preparation of the Gilbertese text was the loving labor of a lifetime to the famous missionary translator, the late Rev. Dr. Bingham.

In the bindery at the Bible House, poison was worked into the covers to discourage insect foes; the packing room was turned into a tinshop while the books in parcels of twenty were soldered up in tin to guard against wetting by waves or weather, and the shipping office supplied the tin cases with fifty stout boxes as armor against rough handling by stevedores of many races.

The cost to the American Bible Society of this consignment was \$1,367. It is a free grant to the American Board of Christian Missions. While the missionaries are free to give away the Bibles at their discretion, they will return to the Bible Society the net proceeds of sales among the people of the islands.

STOUGH REVIVAL IN FALL TO BE CITY-WIDE

Big 10,000 Capacity Tabernacle Will Be Erected by Volunteer Workmen

The projected Stough revival campaign, booked for the Fall and initiated by the Allison Hill churches and the Allison Hill Men's Christian Association, is to become city-wide in scope, according to action taken last night at a mass meeting in the Fourth Street Church of God. Several clergymen thought they couldn't take part because the call had already been extended by the Allison Hill churches, but this idea was dissipated by the Rev. Francis H. Laird, chairman of the meeting.

A tabernacle, planned to seat 10,000, will likely be erected in the central part of the city, possibly in the Capital Park extension area. Plans are, of course, as yet tentative, but it appears that a big revival is assured. Most churches will fall in line, it is believed, and at any rate there are enough now interested to make it a go.

The Rev. C. T. Cartwright represented the Stough evangelist corps at the meeting. He outlined preliminary plans. A probable method of setting aside a building for the purpose, when several hundred voluntary workers will raise it, and at this time a lunch will be served by women workers.
