The dispenser of federal patronage is Congressman A. Mitchell Palmer, Democratic candidate for United States Senator. The man with his O. K. is expected to receive the appointment at the hands of the President. As the district courts are being clogged because of the death of Judge Young, it was presumed the President would not allow any unnecessary delay and the Democrats thought he would not permit Palmer to play politics with the position. In Clearfield McCormick is credited with holding out assurances to the friends of Judge Smith. There are reports that Palmer is definitely decided in his opposition to Judge Smith because his friend, John F. Short, and one of the Democratic leaders of Clearfield, is a strong supporter of Michael J. Ryan. If the appointment can be held up until after the primaries the friends of all three candidates will naturally have to whoop things up for McCormick."

### IN HARRISBURG FIFTY YEARS AGO TO-DAY

[From the Telegraph of March 25, 1864]
To-day is Good Friday. The Catholic and Episcopal churches held their usual services suitable to the day, this forenoon.

We notice that the hall of the House of Representatives has been tendered to the Rev. John R. Warner for the delivery of his now famous lecture upon the incidents of the three days' battle around Gettysburg.

These injunctions are entirely untechnical, full of common sense and with no fads in evidence. Sir James lays down no laws difficult to follow, he prescribes no expensive regime, he outlines no time-consuming exercises. Anyone who really wishes to follow this advice need not be deterred from doing so by lack of time, opportunity or money. The author of these rules does not explain his commandments and few of them need any explanation.
