

Pimples Often the Source of Serious Blood Trouble

In thousands of instances blood troubles have been the result of coming in contact with disease germs in public places. And the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, in the famous S. S. S.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it has accomplished all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 304 Swift Bldg., Atlanta, Ga. It is mailed free, together with special information, to all who write describing their symptoms.

Get a bottle of S. S. S. to-day, but be careful not to have something palmed off on you falsely claimed to be "just as good."

The only reason why anyone will try to sell you something in place of S. S. S. is the extra profit.

Resinol stops scalp itching and promotes hair health

If you are troubled with dandruff, eczema or other scalp itching scalp affection, try shampoos with Resinol Soap and an occasional treatment with Resinol Ointment. You will be surprised how quickly the trouble disappears, and the health and beauty of the hair improves. Avoid imitations.

Resinol Soap and Ointment heal skin eruptions, clear away pimples and blackheads, and form a most valuable household treatment for sores, burns, boils, piles, etc. For trial size, free, write to Resinol, Dept. 22-S, Baltimore, Md. Sold by all druggists. Prescribed by doctors for 16 years.

SENATOR CUMMINS TO TALK

By Associated Press
Washington, D. C., March 27.—Senator Cummins to-day announced that next Thursday he would address the Senate on financial conditions of the railroads of the country and the result of governmental regulation of transportation.

That Awful Itchy Feeling!

Stop It Instantly By Using ZEMO, the Remarkable, Scientific Skin Remedy.

Get a 25c Bottle and See For Yourself.

There are few things worse than persistent itching—when you feel like you could "scratch yourself to pieces."

Don't scratch, though; it only makes conditions worse. Just rub on a little ZEMO and the itching and burning go away like magic, leaving a delightfully comfortable feeling.

No matter whether the itching is due to germs burrowing in the skin, to eczema, or to dry skin, ZEMO for instant relief draws blood cells in the skin, ZEMO will put a stop to it instantly, and will quickly remove or overcome the cause.

Prove this yourself! Get a 25c bottle today and you'll have absolute proof of its remarkable results. ZEMO, 25c a bottle, sold and guaranteed by druggists everywhere.

Sold in Harrisburg by Golden Seal Drug Store, E. Z. Gross, Kennedy's Medicine Store, Croft Keller, W. T. Thompson, C. M. Forney, J. Nelson Clark, T. Frowell, Steelton, Pa.

SUPERVISORS IN CONVENTION TODAY

Forty-eight Gather to Discuss the Problems Attending Road Maintenance

Joseph W. Hunter, first deputy State Highway Commissioner, to-day called attention of the supervisors of Dauphin county at their first annual convention, to the fact that by uniting in purchase of supplies they can obtain better prices for their districts and can also work out maintenance problems more advantageously and uniformly. The convention was the first to be held in this county and forty-eight of the men in charge of the roads gathered in court room No. 1 for the sessions. The meeting is held under the township road act of 1913 and the supervisors receive a per diem for attending. The greatest interest was manifested and many questions were asked, especially as to the way to obtain advice and plans from the Highway Department for the townships which the State is required to give without cost.

Mr. Hunter opened the convention by reading the road act and C. W. Erisman, engineer of the township road bureau, called for nominations. E. B. Messner, Upper Paxton, was elected chairman over S. H. Grove, Swatara, by 24 to 16. John Homler, Rush, and B. F. Strickler, Susquehanna, acted as tellers. Mr. Messner was named by Adam Palmer, Wiconisco. The vice-chairman, elected, who will also be vice-president of the association, are John K. Zoll, Derry, and C. F. Harman, Wayne. Isaac F. Bogner, Middle Paxton, was elected secretary, and George H. Aungst, Lower Paxton, treasurer.

District Attorney M. E. Stroup welcomed the supervisors on behalf of President Judge Kunkel, who is holding court to-day alone in the absence of Judge McCarrell, who is ill. Mr. Stroup discussed the law and urged the supervisors to give the best of care to their roads and avail themselves of the free advice and plans offered by the State Highway Department. He remarked that as district attorney he desired to co-operate with the supervisors in every way.

Adam Palmer, Wiconisco, spoke on the necessity of paying better attention to drainage and was assured that the State would give advice in every way. M. S. Brinner, of Londonderry, talked on the importance of road making and repairs and of holding it down and W. J. G. Roland, Reed, discussed the problems of the supervisors.

Mr. Hunter then suggested a question box and after a few remarks presented Willis Whited, the State highway bridge expert, who gave ideas on the best way to build bridges and to keep them in repair. He laid emphasis on the necessity of frequent inspection and of keeping in check little things which would cause bridges to deteriorate.

In addition to Mr. Hunter there were present Division Engineer C. W. Hardt and Superintendent C. P. Walter. The supervisors resumed the session at 2 o'clock.

MAN ON STILTS TO PACIFIC COAST

(Continued from First Page.)

March 27.—The King of the Walkers, a man who has been making a name for himself by walking on stilts, is expected to arrive in Harrisburg on Tuesday, March 31. The program for the start on Wednesday has not yet been completed, but will be announced in time for everybody to be on hand to give the stilt king a rousing send-off.

To Carry Gretings
Upon reaching the towns and cities through which he will stride Wilvert's first duty will be conveying the greetings of the Telegraph to the mayor or burgess. In each capital city the stilt artist will carry greetings to the governor. In a registry book carried will be recorded the names of the

governors, mayors and burgesses visited.

On the back of the sky-high traveler will be a banner with the following inscription:

The Harrisburg Telegraph Extends Its Greetings to the People of the United States.

In California

Wilvert on his arrival at California will first visit Governor Hiram W. Johnson at Sacramento and he will then go to San Francisco, where he is to meet the commissioners of the Panama Exposition. While at the exposition Wilvert will make his headquarters at the Pennsylvania building, remaining until December 20, the closing date of the big show.

While boosting the Harrisburg Telegraph will be Wilvert's principal duty, he will not be barred from earning money en route. He will have picture cards of himself and Harrisburg for sale and will offer souvenirs from Harrisburg. Among other things he will advertise Walk-Over shoes.

To Make Twelve Miles a Day

An average of twelve to fifteen miles each day will be covered by the man on stilts. While he will go it alone on his walks, the Wilvert family will also make the trip. Mrs. Wilvert and her children will be sent ahead and the wife will meet her husband in various cities and assist in carrying out the program.

Wilvert will report daily to F. E. Eyster, manager of the circulation department of the Telegraph, who is directing the trip.

The route mapped out will take the stilted Mercury through fourteen States. He will make no changes unless storms or prairie fires should make changes necessary. He has outlined the following route:

His Route

Pennsylvania—Leaving Harrisburg, passing through Marysville, Duncan, Port Royal, Millintown, Lewisburg, Huntingdon, Tyrone, Altoona, around the Horseshoe Curve, through Gallitzin, Cresson, South Fork, Johnstown, Blairsville, Derry, Latrobe, Greensburg, Jeannette, Irwin, Bradock, Wilkensburg, Pittsburgh, Allegheny, Beaver and New Castle, Ohio—Canton, Columbus (capital), Springfield, Dayton.

Indiana—Richmond, Muncie, Anderson, Indianapolis (capital), Terre Haute, Lafayette.

Illinois—Chicago, Joliet, Peoria, Springfield (capital).

Missouri—St. Louis, Jefferson City (capital), Sedalia.

Kansas—Kansas City, Lawrence, Topeka (capital), Hutchinson.

Colorado—Pueblo, Colorado Springs, Canon City, Cripple Creek; north to Denver (capital), Leadville, Grand Junction.

Utah—Payson, Provo, Salt Lake City (capital).

Nevada—Elko, Virginia City, Reno; south to Carson City (capital).

California—Sacramento (capital), Stockton, Oakland, San Jose; along the Pacific coast to San Francisco.

His Clothes

While on his journey to the West Wilvert naturally will not wear the drier in men's clothes. He will have real shoes on the base of his stilts, will wear water and mud proof trousers, a coat and vest in fair weather and a storm coat in rainy weather. His clothes were "made in Harrisburg" by the Standard Woolen Company, 19 North Third street. The one nobby thing Wilvert will effect will be a silk top hat when occasion required.

Incidentally while on the trip Wilvert will do all he can to boost Harrisburg, at the request of the Chamber of Commerce.

That the stilt king has good chances of making the trip is seen in the fact that he has long been an expert stilt walker.

His Experience

In 1905 he advertised the King Oscar cigar during Old Home Week in Harrisburg. In the centennial celebration at Middletown he won \$50 in the Darktown Fire Brigade exhibition. In 1908 Wilvert led the Penn Treaty Club in the mummery parade at Philadelphia, remaining on his stilts seven hours. He received \$125. The same year Wilvert walked over bridges and trestle work along the lines of the Erie and Lehigh Valley railroads on fifteen-foot stilts, several of the bridges being from sixty to seventy feet in height. He worked fourteen weeks during 1907 in advertising the Walk-Over shoes in eastern Pennsylvania and in 1909 he walked over the Guilford avenue trestle at Baltimore, ninety feet high, on fifteen-foot stilts.

To Make Daily Walks
Wilvert has many friends in Harrisburg who are anxious to have him make a successful trip and to see him before he departs for the West. In order to give everybody an opportunity to see him as he is to appear on the trip Wilvert will make daily walks in various parts of Harrisburg between now and April 1.

His final trip over the city will be on Tuesday, March 31. The program for the start on Wednesday has not yet been completed, but will be announced in time for everybody to be on hand to give the stilt king a rousing send-off.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.—Advertisement.

OUR LEASE Has Expired

This gives the Men of this district an unequalled chance to buy clothes built to order at ridiculously low prices.

Regular \$25.00 to \$40.00 Values NOW

WE MUST MOVE APRIL 10TH

Just the place and time to give your Easter or early Spring order for a suit made to your exact order.

Made To Your Exact Order

We have made up our minds not to take any stock with us to the new store, that's the reason you are offered such a low figure on garments worth two and three times the selling price. We want also to avoid handling these goods when moving.

Come now, place your order and get unheard of before suit values. All we ask is that you take them off our hands before we move; that's not unreasonable when you take into consideration the big saving we are making for you.

CHEAPER RENTS ARE NEEDED FOR POOR

(Continued from First Page.)

able houses that can be had for \$15 per month or less.

With relation to the municipal lodginghouse problem, Miss Clark said: At the police station sometimes as many as thirty tramps or other persons are kept in the basement room, in which there are no comforts. This is decidedly unsanitary and is inadequate in every way.

It encourages tramps to stop in the city and menaces the health and safety of its people. The number applying for care would be greatly decreased if Harrisburg maintained a municipal lodginghouse, where the applicants could work for their temporary care and have their clothes fumigated while they slept. It would also decrease the number loafing about the city, committing small offenses for the sake of being sent to jail to secure a warm place for the night.

The meeting last evening was the sixth annual gathering and the report of Miss Clark was a revelation to many of the charity workers as to just what had been accomplished during the last twelve months. Among other things the report showed that 871 local families and 144 transients had been treated.

Attention was called to the fact that desertion officers, whose duties should be similar to those of the probation officer, only insofar as the desertion and nonsupport offenders are concerned, had been appointed. The law providing this passed a year ago.

The problem of the county workhouse, the establishment of a workhouse for three-year terms, was discussed by the present secretary's report was to this effect:

Those under \$10 are especially scarce and are frequently not healthful nor sanitary. The destruction of so many small houses in the Eighth Ward for the extension of Capitol Park has increased the demand for them and will cause serious overcrowding in the other wards, as no provisions have been made to meet the demand.

Prior to the report of Miss Clark seven new governors were elected to serve for three-year terms, as follows: Dr. J. W. Ellenberger, Vance C. McCormick, George W. Kelly, E. Z. Gross, Mrs. William Henderson, Mrs. M. W. Fager and Morris R. Jacobson.

The new board will meet Tuesday, April 14, to organize.

Another interesting report was that of Donald McCormick and John Fox Weiss on Harrisburg's unusually big 1913 Red Cross Christmas seal sale last year. Just 249,000 seals were sold. A cash balance remains of \$2,611.12.

Dr. Little's talk was unusually interesting. "The Modern Charity Movement" was the subject of Mr. Little's talk. President W. B. McCaleb was in the chair.

"The trained worker," said Dr. Little in part, "may be compared to the physician. Just as they diagnose cases of illness, so do the social workers diagnose social ailments. The average trained worker must be 'keen enough not to be deceived. Visits to the home are not made in the spirit of the detective but to carefully study conditions and apply a remedy.'"

HAS CO-OPERATION OF DEPT. HEADS

(Continued from First Page.)

It was originally intended by the Treasury Department in remodeling the Harrisburg building to extend the working floor to the post office forty-five feet, the entire length of the building, and add a wing on each end as is now proposed, but the first appropriation was found to be inadequate. Under the circumstances the contract included foundations, walls and steel work of sufficient strength to carry these wings in the future. It was found when proposals for the work were received that the money available for the changes was not sufficient to do all of the proposed work as the bids received left only about \$13,600 surplus which would not have been sufficient to construct the two wings. The present contract provides only for the addition of the first story (all of which will be by the post office) and remodeling of the interior of the old building. The committee on buildings and grounds says in its report that when the building is remodeled as now proposed it will be inadequate for present requirements. First Assistant Postmaster General Roper reports that the space available when the extension shall have been completed will fall far short of the actual demands.

Postmaster Sites in his letter on the subject, re-enforcing the recommendations of his predecessor, says the designations of the Harrisburg office as a central distribution point for a large portion of the State makes necessary the further enlargement. He also states that he has been advised by the Fourth Assistant Postmaster General that the Harrisburg office will be made a distribution point and collection office of postal supplies.

To Transfer Executive Offices
It is proposed in the event of the further enlargement of the building under the Kreider bill to transfer the executive offices from the first to the second floor and the Weather Bureau from the second to the third floor, this bureau requiring more space. More

EAT NEW BREAD, CABBAGE, SAUSAGE AND DIGEST IT. "PAPE'S DIAPEPSIN"

No indigestion, no sour, gassy stomach or dyspepsia. Try it

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. No difference how badly your stomach is disordered, you get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat

your favorite foods without fear. Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Pape's Diapepsin comes in contact with stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Put an end to stomach trouble by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

space is also needed for the Deputy Collector of Internal Revenue, who now occupies quarters on the second floor. The income tax will greatly add to the business of this office and require one or two more clerks and additional floor space.

Under present conditions the second floor provides inadequate quarters for the railway mail service. There are two divisions located at Harrisburg with three chief clerks and about twenty other clerks, and also about 700 mail clerks reporting for supplies and instructions. Nearly 400 clerks are paid their annual salary semi-monthly by the postmaster at Harrisburg. None of the chief clerks under present conditions has a private office and there is no room where examinations can be conducted privately; all examinations must be held where the clerks are at work. All supplies must be stored in the work

room, no special place being provided or available.

Other Possible Moves
If the wings are built as contemplated under the Kreider bill, proper and sufficient quarters can be provided for this service of the department and in addition the executive officers of the postmaster can be located on the second floor. It would also be entirely practical to remove the register, money order and postal saving departments of the post office to the second floor. With the change as proposed there would also be additional space on the third floor for the Federal court, which now needs more room for the juries.

Congressman Kreider's bill is under the head of an "emergency measure" and is strongly urged by the House committee on buildings and grounds with a unanimous recommendation that it pass.

Dry Catarrh, Cold in Head, Sneezing, Stopped Up Nose

Coughing, Hacking, Nose Running, Dry Nose, Coryza, Ringing Ears, Deafness, Relieved in One Minute.

KONDON'S Original and Genuine Catarrhal Jelly does all this quick. We can prove it. We have thousands of unsolicited testimonials written up by grateful users in the past twenty-two years. Go to any drug store, get a small tube of Kondon's (don't take a substitute), you will receive more benefit than from any like remedy ever used—you to be the judge. Money refunded, if wanted, and no quibbling.

Kondon's mucus and penetrates when placed in the nostrils. It be-

gins to do good instantly. It touches the sore spots, heats the raw places, removes the scabs, makes life worth living.

Use Kondon's tonight at bedtime. You will breathe through your nose, rest well and feel fine in the morning. Get a 25-cent tube today or send us 10 cents for a generous size physician's sample and book on how to treat catarrh and colds.

Sixteen million tubes have been sold; not one hundred users have asked for money back. The proof is 99.99 per cent in our favor. Don't delay, write now to Kondon Manufacturing Company, Minneapolis, Minn.—Advertisement.
