Washington, March 28.—Debate on the repeal of the Panama tolls exemp tion continued to-day in the House and Senate. The House was proceeded on the Sims bill under twenty hours' debate as provided in the hard fought battle of yesterday. The Senate was debating the subject generally.

In the House, Representative Knowland, controlling the time for the Republicans, assailed the repeal in unmeasured terms, "as surrending to Great Britain without a struggle."

However, like all members of the human family he is apt to err. In this instance an apparent error of judgment in handling the Mexican situation has necessitated the latest move at least his message so hints. The most charitable thing to say is that he has been imposed upon."
