Army-Navy Game Goes to New York

By Associated Press

New York, April 1. — Peaceful adjustment is expected in the Army-Navy discussion of a place for holding the next annual football game, and the Polo Grounds is tentatively agreed upon as the scene. Objections by the midshipmen to the trip from Annapolis and the entraining for home without a chance for sightseeing were partially overcome by an announcement to-day that arrangement had practically been completed by which the entire student body at Annapolis, or all midshipmen permitted to do so, may be brought to this city and given permission to enjoy themselves until 12 o'clock on the night of the game. Under this arrangement a special train with sleeping cars would convey the party to Annapolis.
