An Unusual Exhibition of The New Nemo Kopservice Corsets With Instructive Demonstrations

The realization of fashion hopes has come at last in the nature figure as it is exemplified in the new Nemo Kopservice Corsets—the idealized type of corset that can be worn by all women who seek the much sought natural figure lines of to-day.

A Nemo exhibit of unusual interest is now in progress in the store, and it is under the direct supervision of a woman who is splendidly equipped in hygienic corset service.

Special fittings of Nemo Corsets, with valuable instructions in the proper corsetting of each type of figure, will be given daily this week and throughout next week.

Nemo Kopservice Corsets give natural lines without causing the figure to become slouchy. The new styles are low above the waist line, extending almost to the knees

All models of these famous corsets are on sale during this Easter exhibition.

Demonstration on Living Models

Miss Kraus, of the Kopservice Institute, will give public demonstrations on living models to-morrow and Thursday afternoons at 3 o'clock. The practicability of Kopservice and smart set corsets to all figures will be shown in these talks.

New Trimmed Hats Unpacked For Easter Week

\$3.95, \$4.95, \$5.95, \$6.50 to \$15.00

More than 100 new trimmed hats were unpacked this morning and added to the Easter Millinery Display, bringing the stocks up to a splendid state of preparedness for this, the busiest week of the whole year in millinery.

These models show the latest style tendencies, notably the new black waxen effect in quills and foliage, evidently inspired by the "stove polish" ribbon and the black lacquered hats.

The leading shapes are Watteau, Coolie, Bustle Back, Side Bandeau and Turban styles trimmed with flowers, fruit and black satin and moire ribbon.

The new colors are represented—fox glove, eco, minaret and every other hat seemingly a black model—the greatest season ever known for black hats.

Included, too, are a dozen choice models from Rawak at **\$6.50 and \$7.50.**

Shown for the first time to-morrow--

3 Minutes Will Dress Your Baby in Vanta Vestments: No Pins, No Buttons

Vanta Vestments are being introduced in our Infants' Department this week, and to every mother who visits the showing a pattern for making the Vanta diaper will be given free.

Vanta garments are just the kind doctors and nurses have long advocated for infants. There are no pins and no buttons to scratch or irritate the body, the fastenings being made by twistless tape. For baby's sake you are invited to attend this initial showing.

20-TON VAULT PET OF MECHANICS BANK

New Quarters Opened This Morning Are Among Best Equipped in the State

With a bunch of red roses on his desk from Mrs. Kunkel and a broad smile on his physiognomy, C. A. Kunkel to-day escorted visitors through the new quarters of the Mechanics' Bank, which will become a trust company May 1. The bank is one of the finest equipped in the State, finished throughout in white and gold, with frescoes of Roman design, and the very latest accessories in beaten brass, and with a tessellated floor and tall ceiling, the interior of the bank carries an air of luxury and completeness hard to duplicate.

from the Commonwealth Trust and Dauphin Deposit banks, which have been taking care of the funds of the Mechanics' Bank while it was occupying its temporary and insecure quarters down the block. But there is no insecurity about the present structure, and one of the pets of the institution is a twenty-ton circular door vault, constructed by the York Safe and Lock Company, with 225 safe deposit boxes within its capacious depths and plenty of room for more. Also there are three coupon rooms for the accommodation of patrons. The whole interior is fitted up luxuriously.

A MEDICINE OF MERIT

A proprietary medicine, like everything else that comes before the public, has to prove its merits. The key to the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that to-day thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.—Advertisement.
