Your Easter Hat

That is the important question. What style shall it be—what color—how shall it be trimmed?

Why worry about these perplexing things when our expert designers and trimmers can relieve you of such troubles?

There are thousands of trimmed and untrimmed hats ready for your inspection and selection. With such a wonderful assortment of ideas and effects it should be a comparatively easy matter to make a satisfactory selection.

Our showing of Easter millinery is noteworthy for many features that offer decided advantages to the woman in search of correct styles.

The showing of untrimmed hats embraces all the latest shapes in wateau, bandeau, coolie, plateau, turban, bustle back, poke and other modes of the hour. The showing includes all the finest grades of straws, notably the new lacquered black shapes.

New moire ribbons have just been unpacked, showing a full color line and black in this most popular of all ribbons. New fancies and new flowers have just joined the Easter stocks, too.

Hundreds of street and dress hats in newest shapes and such modish colors as eco, tango, fox glove and minaret correctly interpret the prevailing millinery modes of Paris and New York.

From \$6.50 and \$7.50 to \$15.00 and \$16.50 are pattern hats from such famous New York designers as Halsey, Jardine, Rawak, Burgess, Croft and others.

The Fashion Parade at Atlantic City last Sunday proved the popularity of the small hat and blue as the leading shade. Our line of blue hats is notable for its variation in this shade.

Wonderful preparations have been made to meet all fashion demands for Easter outfitting.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation. At any rate when a prospective grand-mother urges her daughter to do as she did to use "Mother's Friend," there is reason to believe it is the right advice.

RAILROAD NEWS

RETRENCHMENT HITS MAIN LINE CLERKS

Harrisburg May Escape a Serious Cut Because Present Forces Are Too Busy

Orders issued yesterday from the office of General Superintendent George W. Creighton, of the Eastern Division, of the Pennsylvania Railroad, call for the dismissal of every clerk not absolutely needed.

This order, it is said, will not hit Harrisburg very hard, as the Philadelphia Division hardly has sufficient clerks to take care of the present business, and many clerks are now working overtime to keep up with the daily business.

Joseph Caillaux May Be Charged as Accessory

Paris, April 7.—The question whether Joseph Caillaux, former minister of finance, may be charged as an accessory of his wife in the assassination of Gaston Calmette, editor of the Figaro, is the subject of general discussion in the newspapers to-day. The publication of the testimony of President Poincaré, indicating that M. Caillaux had at least influenced his wife's action, has given rise to the suggestion that he may be brought into the investigation as an accomplice. The magistrate in charge of the preliminary inquiry, Henri Boncard, called both M. Caillaux and Louis Barthou, former premier, for examination to-day and the two statesmen confronted each other in the presence of the magistrate.

POLICEWOMEN FOR TRAVELERS

Chicago, Ill., April 7.—Beginning to-day, women and girls who come to Chicago or who pass through the city to other destinations will have the protection and assistance of policewomen at the railroad station. Ten of the city's twelve policewomen, who were given a special course of instruction last week, were assigned to the station under an order issued yesterday.

881 VESSELS CONSTRUCTED

Washington, D. C., April 7.—During the nine months ending with March 31 last there were built in the United States 881 sailing, steam and unrigged vessels of 215,023 gross tons, a decrease of 233 vessels when compared with the corresponding period in 1913, according to the Department of Commerce to-day.

REFRIGERATOR CAUSES DEATH

New York, April 7.—The steamer El Cordobes arrived to-day from Buenos Ayres and Montevideo with a story of a death on board in the tropics, and, strangely enough, due to cold. The victim was J. G. Brockhill, engineer in charge of the big refrigerator, where the vessel carried 2,100 tons of provision beef.

Good Friday This Year Comes Exactly as it Did at Time of Crucifixion

Pittsburgh, April 7.—Local members of the International Bible Students' Association have discovered that this year marks an unusual coincidence in the Christian Good Friday and the Hebrew Feast of the Passover, both coming on the same day. On account of the calendar of Pope Gregory in place of the lunar calendar of the Hebrews, these holidays are sometimes a month apart, but this year Good Friday comes exactly as it did at the time of the crucifixion.

Counterfeit \$10 Bill Found in Circulation

Washington, D. C., April 7.—Discovery of a new \$10 counterfeit national bank note on the Crocker National Bank, of San Francisco, Cal., was announced by the secret service to-day. The counterfeit is of the series of 1902-1908 and is printed from photo-etched plates and the back of the note is very blotchy. It should not deceive experienced handlers of money, the secret service states. It is a second edition of the counterfeit \$10 note on the same bank, the first being issued on October 10, 1911.

MINERS MAY DEPART

BRYAN REPORTED BETTER

TREES FOR FOREST RESERVES

Waynesboro, Pa., April 7.—More than 3,500,000 seedling trees will be planted on the 1,000,000 acres of Pennsylvania's forest reserves this year, according to the statement of Robert S. Conklin, State Forestry Commissioner. Many of the seedlings will be obtained from the nurseries at Mont Alto.

UNDERWOOD BEATS HOBSON FOR SEAT IN U. S. SENATE

Progress in Counting Votes in Alabama Slow, Especially in Larger Cities

Birmingham, Ala., April 7.—Incomplete returns to-day from practically all of the 67 counties in the State apparently substantiated early predictions that Oscar W. Underwood had defeated Richmond Pearson Hobson for nomination to the Alabama long term in the United States Senate. Progress to-day in counting the vote was slow, especially in the larger cities.

L. B. Musgrove, campaign manager for Congressman Richmond Pearson Hobson, conceded Oscar W. Underwood's nomination to the United States Senate in a statement made at 11:30 o'clock this morning. Mr. Hobson left Birmingham to-day for Washington.

Only four city precincts had completed the count in Jefferson county early to-day. Thirty-nine out of fifty-two precincts in the county gave Underwood 2,601 votes and Hobson 1,506. State returns showed a close race between Ray Ushton, of Montgomery, and Frank S. White, of Birmingham, for the short term nomination to the United States Senate, which will expire March 3, 1915.

The gubernatorial contest apparently continued to be one of the closest in the list. Former Governor B. E. Comer maintained a slight plurality early in the day. R. F. Kolb, of Montgomery, and Charles Henderson, of Troy, were running a close race for second place. They have been credited with such a large number of votes at 9:30 that there seemed little probability of Comer receiving a majority.

If none of the candidates receives a majority a second primary between the two leading candidates will be held May 11, at which time similar contests between other State officers will be settled and a United States Senator

BIG FIRE IN CHARLESTON

VOTE ON SUNDAY BASEBALL

Lincoln, Neb., April 7.—Local option and Sunday baseball were voted on to-day in many small cities in Nebraska. The large cities did not hold elections to-day.
