## WILLIAMSBURG MAN ACCEPTS CALL HERE

### The Rev. Charles A. Huyette Will Come to First Reformed Church May 10

THE REV. CHARLES A. HUYETTE

The Rev. Charles A. Huyette, of Williamsburg, pastor of the Hollidaysburg charge of the Reformed Church, has accepted a society to become pastor of the First Reformed Church. He will come here in time to assume his new duties.

Although still a young man, the Rev. Mr. Huyette comes to Steelton with an enviable record. He was born in Hartsville, Huntingdon county. After teaching a country school several years he entered Mercersburg Academy and the Reformed Theological Seminary at Lancaster. Graduating from this school in May, 1908, he accepted a call to become pastor of the Hollidaysburg charge, which consists of Trinity Reformed Church, Williamsburg, and St. John's Reformed Church, Hollidaysburg.

During the five years and ten months that he has been at the head of these two congregations, the membership of both has grown from twenty-three to more than ninety at each place. In 1910 new stone church buildings were erected at both places; the one at Hollidaysburg costing \$12,000, and the one at Williamsburg, \$8,000.

The debt on the Hollidaysburg Church has been reduced to \$2,500, and the debt on the Williamsburg congregation has been reduced to \$1,750. Pledges, which are yet to be paid, will reduce the debt of the latter congregation to \$1,200.

The Rev. Mr. Huyette is said to have a pleasing personality and is an eloquent speaker. He has already preached two sermons in the local church and has created a favorable impression upon the congregation.

## Robbers Break Panes to Enter Two Stores

Robbers entered two Steelton stores last night and made away with enough clothing to supply a dozen families for a year. Enough bed clothing was taken to "set up" as many families in housekeeping.

The first store to be entered was that of B. Sobel, 602 South Third street. Here articles of wearing apparel were taken. The money drawer was opened but it contained no money.

At the store of Samuel Lehrman, Front and Chambers streets, a number of blankets and other bedclothing were taken. No money was stolen here. At both places entrance was gained to the stores by breaking out a window.

The borough authorities have several clues and expect to arrest the robber before evening.

**Do you know why cows' milk will not do for your baby?**  
Many mothers who cannot nurse their babies think that cows' milk is a safe substitute. But it is not. You can't depend on getting cows' milk fresh and pure. Nearly all milk is 30 hours old when you get it. There are but 8 clean dairies in every 100, and so many cows infected with tuberculosis, you can't be sure that the milk you get is free from these dangers.  
Even were you sure of getting absolutely pure milk, still it would not do for your baby. Cows' milk is intended for strong milk calves, and nature has provided a calf with four stomachs to digest it. Your baby's tender little stomach cannot digest the heavy curds in cows' milk. It struggles under such an unfair load and finally becomes weak and ill. Give your baby the food nearest to mother's milk—  
**Nestlé's Food**  
The best of cows' milk from our own guarded Dairies, purified and modified with just enough wheat, sugar and other strength-building elements added—this is Nestlé's Food. Even the feeblest baby can digest it. Cold water and one minute's boiling prepares it. No fuss, no bother, no risk. Your baby will thrive on it as the babies of three generations have done.  
Send the Coupon for a sample box of Nestlé's and our "Better Babies" Chart—FREE. This chart shows you how to judge your baby according to modern health standards. See whether your baby weighs as much as he should, and whether his measurements are up to the standard of a baby his age.
